March 24, 2020

Dear Parents/Guardians,

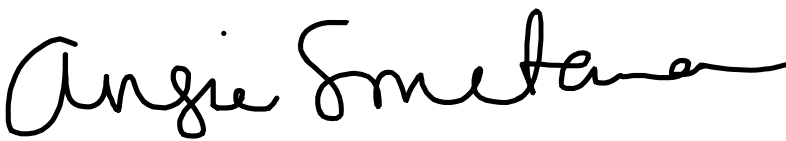

Online instruction and instructional packets offered to GCISD students amidst the Coronavirus (COVID-19) is a required element for determining the promotion/retention and successful completion of academic progress for students in determining their grade placement for the 2020-2021 school year. The completion of instruction, whether in paper form or online, is required of all students, and is not optional. Although the STAAR/EOC (End of Course) requirements are waived for this year, the instructional packets and online instruction will be utilized for promotion criteria and course credit. It is important that your child's teacher receives all instructional packets/online lessons as requested.

We understand how difficult this situation is for everyone, however, our students must continue progressing in the curriculum. We have offered and continue to offer delivery services for students to receive and return hard-copy instructional packets. Our staff is using many methods for communicating with their students and parent/guardians.

If you need assistance or have questions, please contact your child's teacher, campus counselor or campus principals. Contact information is attached to this letter.

Thank you so much for your cooperation, understanding, and patience.

Sincerely,

Angie Smetana  
Superintendent  
Grape Creek ISD
