

2019-20 CYBER School Program Students

Parents & Guardians,

An email went out to your child today to make you aware that an important letter is coming in the U.S. mail over the next few days. This letter will include *a time and date for your child's Scranton Cyber Program intake appointment.*

It is expected that on the date and time listed in that letter that **you and your child** come to West Scranton High School Library to fill out the appropriate paperwork, do the intake video (if applicable) and receive a computer.

If you receive a letter for an intake appointment then your child is registered for our Cyber School Program. If you believe it is a mistake and you think he/she should be scheduled at his/her home school, then you both need to go to your home school on Tuesday, August 27th to see your guidance counselor.

Keep checking your mail and once you receive your appointment letter bring it to West Scranton HS on the date & time you are scheduled.

****PLEASE BRING THE LETTER TO YOUR INTAKE APPOINTMENT.**

Have a Great Day.

Rob Butka

SSD Cyber School Principal
