

Greenbrier Middle Football

2019 TRYOUT SCHEDULE

IMPORTANT: Each athlete trying out for football will be required to complete (5) acclimation/conditioning sessions before being allowed to tryout with football gear. You are required to have a current sports physical before participating in any conditioning/tryout activity. Please plan to attend all scheduled acclimation sessions prior to actual football tryouts in order to maximize your tryout opportunity. Those athletes unable to attend acclimation sessions will make up these sessions before being allowed to tryout (limiting their tryout opportunity).

**All paperwork MUST BE turned in to participate in conditioning and tryouts (entire physical packet). Additionally, student-athletes must be academically eligible. These forms can be found on our website.*

**Tryouts will not be extended. Student-athletes must be present on these dates.*

**7th graders deciding between recreation and school football:*

*-The rec. department asks that you sign up for rec. and will provide your money back if you make the school team.
-We encourage you all to tryout for the school team. Many 7th graders find their primary role on the 5th quarter team, although several athletes usually break through and have significant roles as 7th graders. We do not select positions based on age. If you are good enough, you will play. Even if you do not play often, you will have the benefit of playing in the system for a year, which would give you an advantage as an 8th grader.*

**Please join our remind account for summer updates by texting @gmsfball to the number 81010*

**please see the school website to download forms and for more information*
