***"Scout Parents are engaged with their children - not just cheering from the sidelines."***

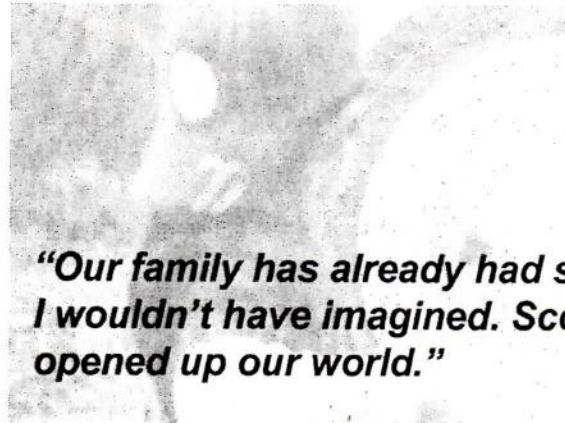

- Cindy B., Scout Mom

## *Scouting is Family Time*

Time flies when kids are growing up and Scouting helps parents make the most of the time they have with their children. Scouting offers families the opportunity to actively share in the development from childhood into a successful adult.

## *Scouting is Adventure*

Cub Scout activities include team building games, sports, hands-on projects, education S.T.E.M. activities, and camping adventures. These activities help kids learn valuable life lessons as they mature.

***"Our family has already had so many experiences I wouldn't have imagined. Scouting really has opened up our world."***

- Jerry M., Den Leader

***"I like having fun with my friends and the activities we do together."***

- Morgan T., Cub Scout

## *Scouting is Fun with Friends*

Kids join Scouting because it is fun. Parents love it because of how it benefits their children. Scouting teaches leadership and character. It builds confidence and social skills. It teaches the value of service and citizenship. And it brings families closer together.
