Happy New Year! 2019

Parents, as the year begins, please take a moment to chat with your child about his/her goals for the New Year. When students set goals for themselves, both personal and academic, students are more likely to achieve those "self-set goals", assisted by your guidance and encouragement! Make a vision board, so that you and your child(ren) can see it daily to make sure your child(ren) are staying in line with the goals that was set for the year.

Parking

Parents, please be reminded that parents are not to park, in the staff parking lot. Please do not enter school by walking through the parking lot, as it is not a walkway and cars may not see you, placing you and your child in danger. Student safety is our top priority and we ask that you assist us in keeping all students safe, by following all parking regulations. We also want to remind you to keep your child safe by driving at the speed limit (25MPH in a school zone) and crossing the street at the crosswalk.

Attendance

Getting your child to school on-time, every day, unless he/she is sick, is something that you can do to ensure your child is academic success. Please help us promote good attendance

Best attendance for the Month of November:

Congratulations!!!

Teacher	Grade Span	Percentage
Ms. Mark	TK-2nd	97%
Ms. Lee	3-5	98
Mrs. tran	6-8	98

Tardy? Don't Be Late!

- Arriving late causes students to fall behind in their lessons and may bring negative feelings and attention to themselves.
- Tardiness creates a disruption for the learning of other students.
- Frequent tardiness without a valid excuse is considered truancy under state law.
- If a student is late, he/she should bring an excuse from home to the school office.

SBAC Practice Test

Students will be taking the SBAC test this spring. To help students to prepare they can take the SBAC Practice Test online. Visit the AUSD website <http://www.ausd.us> and look for the SBAC link on the right side of the page. Students can select their grade level and choose either English Language Arts or Mathematics. Taking this online practice test will help to prepare students for the SBAC test this spring.
