However, for ranking purposes only, MHS will award .02 points per one core dual enrollment course a semester starting during the junior year for students. Core DE courses include any math, science, history, or English course only. Therefore, students participating in a core Dual Enrollment course during their junior and senior year may earn up to a total of .08 extra points towards their Ranking GPA. This can affect valedictorian status if a student has taken a Dual Enrollment course and another student has not. The student with the DE course could be ranked higher than the student without the DE course.

Dual Enrollment, Middle College, and Early College Opportunities

Dual Enrollment allows students to take courses at Roane State Community College to earn college and high school credit. Students must meet the following benchmarks on the ACT to be eligible: 18 English, 19 Reading and Math and maintain a minimum 3.0 G.P.A. There is grant money to help pay for this and the counselor will meet with students who qualify concerning this.

Middle College is an opportunity for students to attend Roane State Community College half a day and Midway High School the other half of the day. The goal is to earn credits during Junior and Senior years towards an associate's degree as well

as finish and earn a high school diploma. Students who are planning to attend graduate school after earning a bachelor's degree after high school are the prime candidates for this program. Requirements for Middle College include the following by the end of sophomore year: 3.25 G.P.A, 24 ACT composite score, taking Geometry, Algebra II, and Chemistry during the sophomore year of high school and maintaining a minimum of a B average in those courses. Any student who begins Middle College and makes an F in any course will automatically be dismissed from the program and return to the high school full time.

Students who do not participate in Middle College as a Junior may have another opportunity to participate in Early College their Senior year. All the requirements are still the same including GPA, courses taken, and ACT requirements. However, students may participate in RSCC courses and high school courses for their senior year, earning up to as many as 30 college credits. This would allow these students to get a head start on college and enroll as a sophomore after graduating high school.
