

PAW PRINTS

Arcata Elementary School provides a rich and stimulating academic program, which encourages individuality, cultural diversity, and critical thinking. In our safe and secure environment, students build excellent character and maximize their potential. As educators we value the partnership between families, school, and community.

LOVELL AT 822-1915**

Raising Funds to Eradicate Polio

At our monthly assembly three members of the Arcata High School Interact Club (Rotary) spoke to the students about Polio. They did a fabulous job of explaining the importance of the program.

Arcata High School Interact Club has made Rotary Polio Buttons to help raise money for polio eradication efforts. For each Rotary Polio Button that is sold for 50¢, the Bill and Melinda Gates Foundation will donate an additional 50¢ to Rotary efforts to eradicate polio.

With this \$1.00, ten doses of the polio vaccines can be administered. With the help of your donations, we can get one step closer to eradicating polio.

Rotary International has been working to eradicate Polio for more than 30 years, and has helped to reduce polio cases by 99.9%. They have helped to immunize more than 2.5 billion children in 122 countries. Although polio is not nearly as prominent as it once was, it still remains endemic to three countries: Nigeria, Afghanistan, and Pakistan.

Blue Notes

If your child has plans after school that are different from the regular routine, for example, taking the bus rather than being picked up, the student needs to have a Blue Note.

A Blue Note is written permission that is issued by the office. The purpose of the Blue Note is make sure all the adults (families and school) know where student is going after school and who is responsible for the student.

Requirements for a Blue Note:

- A parent or guardian can call the office and let the office staff know the plan.
- A written note can be given to the office.
- If students are going home with each other we will need to have permission from **BOTH** parents or guardians.
- In order to get the note to the student please contact the office before 1:30 pm.

Thank you for helping us ensure the safety of the students.
