**We're using a new tool called Thoughtexchange to gather your input. You'll be asked to answer one open-ended question with as many responses as you like and then move on to the next step which is Star.**

**In Star, you'll see your thoughts and the thoughts of others and assign stars to each thought (from 1-5) depending on how strongly you agree or support that idea.**

# “Will my comments be anonymous?”

## — PLEASE SHARE OPENLY.

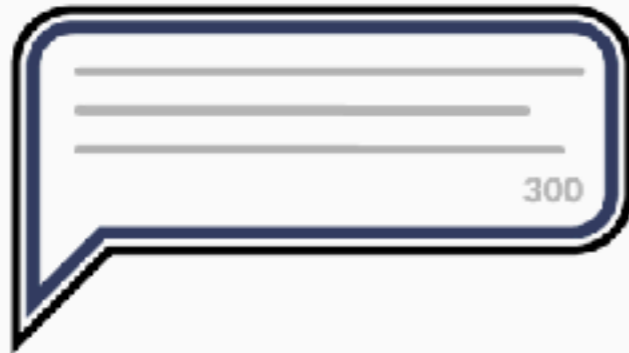

Your name will never be publicly linked to your thoughts or ratings. The way an exchange works is that other people will see your thoughts and ratings and you will see others' thoughts and ratings.

Your identity (your name and email address) is kept confidential.

If you have signed up and logged in, the leader can see that you visited the exchange but they can't see which thoughts are yours or how you rated thoughts.

**Share your thoughts in 300 characters or less.**

A character limit keeps thoughts on point and the train running on time.

**Star the thoughts of others.**

Thoughts are rated in an order unique to each person, keeping special interest groups from derailing the conversation.

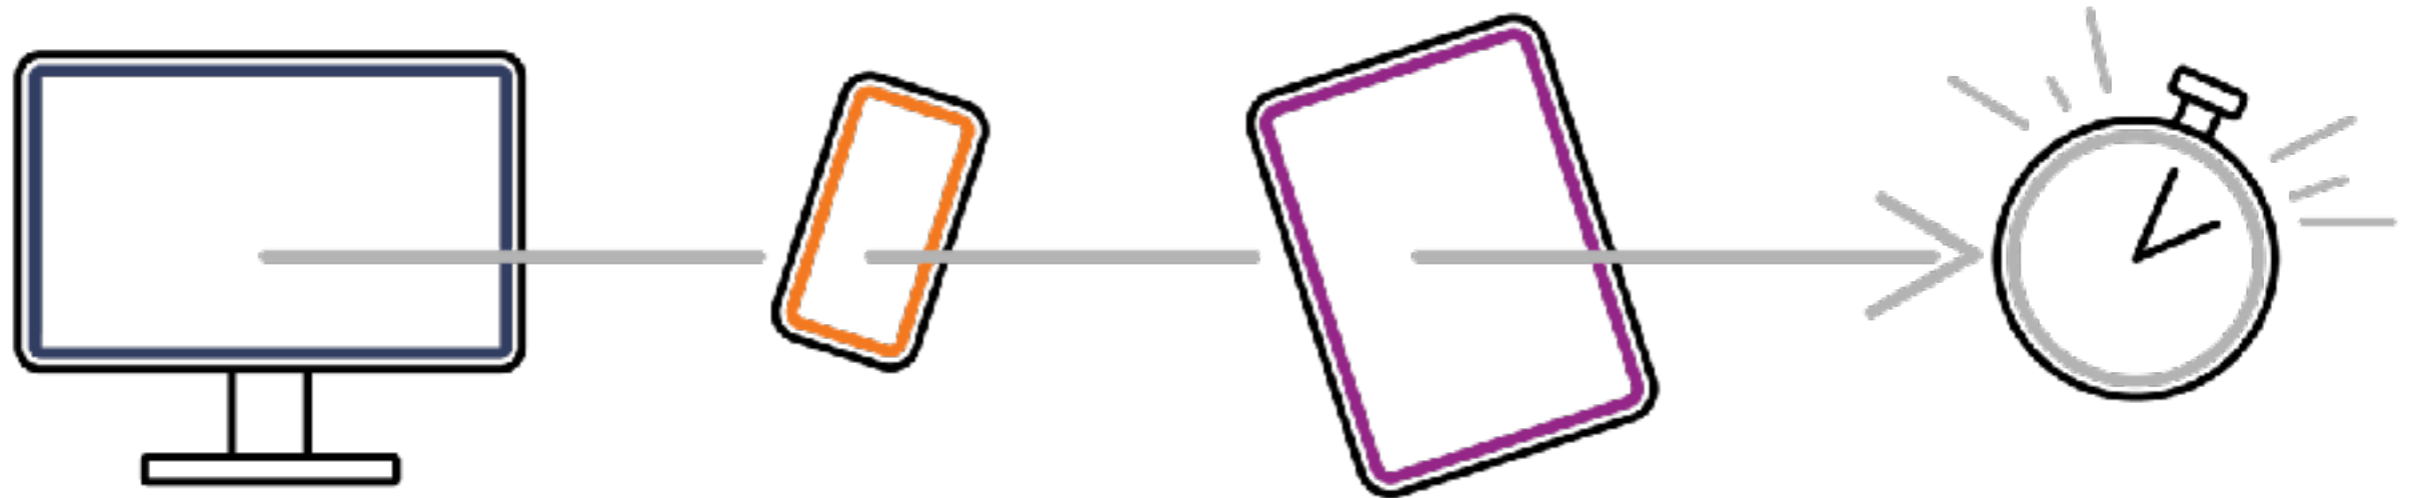

**Discover what's important to everyone.**

A list of all thoughts and their ranked score is available to everyone. No hidden agendas.

All of our voices matter, so your participation is crucial and valued.

**Participation will be open until APRIL 28, 2019.**

You can log on with any device at your convenience!
