

FREE SAT PREP

"There is no such thing as a free lunch." The expression that nothing in life is free is often true. Sometimes, however, you do come across something that is beneficial, but yet free.

Phillipsburg High School has initiated a new SAT Test Prep course. The course will be offered at specific designated times generally in the evening.

The literature clearly demonstrates that preparation for the Scholastic Aptitude Test increases the likelihood of gaining positive results. As a comprehensive high school, we desire to afford students the excellent opportunity to further develop their skills for tests such as the SAT.

Practice Is Important

The best thing athletes can do is practice. But, in order to practice effectively, you need skills. The Stateliner SAT Test Prep Course is designed to enhance previously learned skills and practice others which will open the door to being successful.

Stateliner SAT Test Prep Course

This SAT Prep Course is sponsored by the Phillipsburg High School Guidance Department. It is designed for those students who are planning to take the **June 1, 2019** SAT Test.

The course will be comprised of a total of four sessions. These sessions will cover Math and Language Arts.

All sessions will be held in the School Based Room. (SBYS)

** Please note that dates & times are subject to change, per the teacher's discretion.

Schedule of Sessions:

****Math - 6:00-7:30 pm**

The course is free. There will be a cost of \$23 for Barron's Book, **"How to Prep for the New SAT."**

Tips to Help Prepare for Tests

- *The best way to prepare for tests is to study, know the work, and take the right courses.
- * If your child gets nervous at test time, ask the teacher or counselor for tips to help relax.
- * Remember to keep well-informed about your child's tests. Know how test results are used.
- * If there are major differences between standard scores and school grades, find out why.
- * Encourage your child to study and review over a period of time rather than "cram" the night before.
- * Encourage your child to listen carefully to all test-taking directions and to ask questions about unclear directions.
- * Encourage your child to do his/her **best**.
