

Hi Parents!

Part of our plan for providing enrichment and review during our temporary closure is to encourage access to our iReady online platform. This is a program our students are already familiar with using, and it will provide some continuity during this time of turmoil and uncertainty.

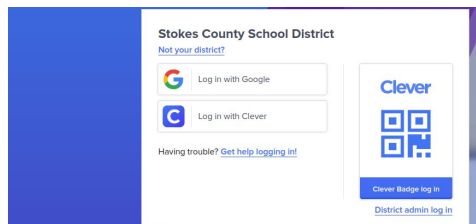

Here are directions for logging in:

On the King Elementary Website (<https://www.king.stokes.k12.nc.us/>) hover over the Resources link.

Click on the I-READY LOGIN option. This will open a new tab for Clever. This is our logon platform for the program.

Here, your child can log in with his or her Google account information.

Click the Log in with Google option.

They will need to login as follows:

Google Account:
studentfirstname.lastname@student.stokes.k12.nc.us
Password: Stokes_____ (lunch number)

Teachers will be sharing this information for your individual child.

After logging into Clever, click the iReady icon.

This will take them to their personal dashboard for their learning pathway. Teachers can also assign lessons based on students' specific needs, or lessons that reflect classwork to this point.

The district is working with local agencies to provide internet options for households without service. We will continue to reach out as we know more. Thank you for your patience, flexibility, and support.

Sincerely,

Your King Elementary Team
