2018-2019 School Year

Dear Parents of Middle School Students,

We would like to take the opportunity to provide information regarding mental health services provided through the MESH (Mobile Expanded School Health) unit as part of the Wilkes County Health Department. This is a *free* service to all middle school students, however if your child is a Medicaid recipient, Jodi Province Counseling Services, PLLC will bill Medicaid only for these services. If you desire your child to be seen for counseling in the school setting, please complete the back page/consent form and return it to your student's school. However, if your child wishes not to receive services, we will not provide services but do make every effort to present our services in a helpful and supportive nature to the students referred.

There is no need to complete this form if you do not want services.
We will be providing mental health services to address the following issues:

- Anger/aggressive behavior
- Depression
- Anxiety
- Disruptive behavior in the classroom
- Grief
- Family
- School performance (grades)
- Substance Abuse
- Other issues as they arise

We also provide services in our offices located in Wilkesboro, Elkin, Jefferson, and Statesville. We are available to provide services outside of the school setting as necessary. Should you feel that we could meet any needs of your students, please do not hesitate to reach out to us with any questions.

Respectfully,

Jodi
