

# News Items

- The on-line reporting system is up and running! Teachers now have easy access to a handy snapshot of the progress of all the students in their classes.
- 14 “rooms” are completed, of the 15 rooms that will eventually constitute the full program. The 15<sup>th</sup> room, which is on the highest level, will be available this spring.
- Jody Imbimbo, our grant independent evaluator, visited many partner school classrooms last spring. She gathered data on the use of iCountBetter and students’ and teachers’ experiences with the app. She incorporated that information in her 2<sup>nd</sup> Year Grant Evaluation Report, which is available through the Findings and Reports drop-down link.
- Our second 3<sup>rd</sup> Year training session has been conducted at both PS 111 and CS 112, during which teachers set up their on-line accounts to monitor student progress.
- Shetal Shah, our expert consultant on the use of technology in schools, remains available to meet with our partner school teachers individually or in small groups. She also can visit classes in either school. If you work at our partner schools and want to meet with Shetal or ask her a question, email her at: [shetalw1e@gmail.com](mailto:shetalw1e@gmail.com)
