Coding Carnival

The only place to learn coding in Kingsport

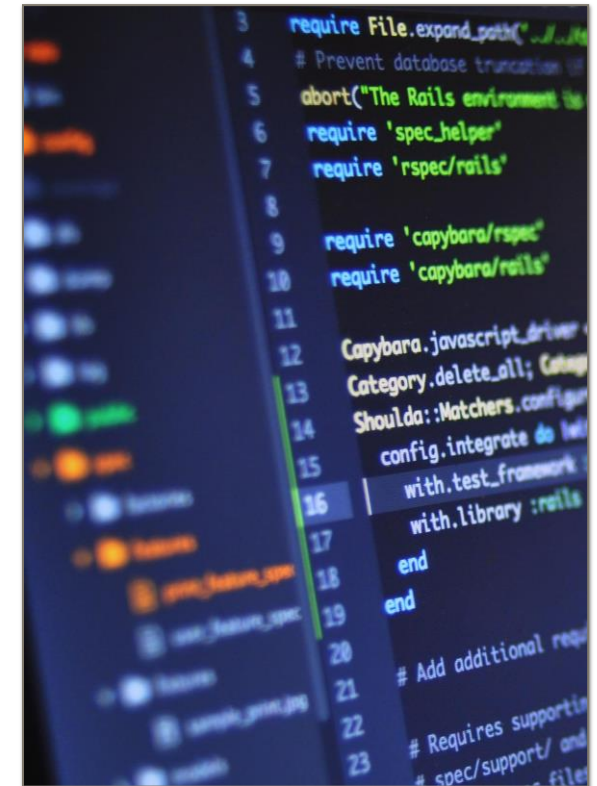

Hosted By The Dobyns-Bennett Coding Club

July 16th - 20th

9:00am - 12:00pm

Robinson Middle School

\$40

Children ages 10 - 18 years
are welcome

Why You Should Join Us

- So you can learn how to build your very own website
- So you can learn how to build your very own app
- Because your technology classes do not teach professional programming skills
- Because you don't want to be bored this summer
- Because you want to challenge yourself and your mind
- Because you want to support the Dobyns-Bennett coding club (all profits are going into the club funds to support future activities)

What is Coding Carnival

The first annual coding carnival is a summer seminar, hosted by the Dobyns-Bennett Coding Club, where children can learn how to make their own website or mobile application.

Have you ever wanted to build your own website from scratch or make your own app but you didn't know how?

It is difficult to learn this all on your own, but we have it all figured out. We want to help you!

This fun and engaging week-long course is designed to help you understand the process of coding. Bring your creativity and come prepared to learn!
