OVERVIEW OF STATUTORY REQUIREMENTS

Districts and charter schools must review, update, and post an annual Continuous Improvement Plan to the district or charter school website no later than October 1 each year.

Please note: your Continuous Improvement Plan (CIP) must include the minimum requirements as outlined in the law. It may include additional information or be combined with a broader strategic planning process.

Section 33-320, Idaho Code, in part states:

“CONTINUOUS IMPROVEMENT PLANS AND TRAINING. (1) Each school district and public charter school in Idaho shall develop an annual plan that is part of a continuous focus on improving the student performance of the district or public charter school.

(2) (a) The board of trustees and the superintendent shall collaborate on the plan and engage students, parents, educators and the community as appropriate. The board of directors and the administrator of a public charter school shall collaborate on the plan and engage students, parents, educators and the community as appropriate.

(b) The annual continuous improvement plan shall:

(i) Be data driven, specifically in student outcomes, and shall include, but not be limited to, analyses of demographic data, student achievement and growth data, graduation rates, and college and career readiness;

(ii) Set clear and measurable targets based on student outcomes;

(iii) Include a clearly developed and articulated vision and mission;

(iv) Include key indicators for monitoring performance;

(v) Include, at a minimum, the statewide student readiness and student improvement metrics; and

(vi) Include a report of progress toward the previous year's improvement goals...”

The statewide student readiness and student improvement metrics are specified in IDAPA 08.02.01.801, subsection 04.

In addition to the Continuous Improvement Plan requirements outlined above, Section 33-320, Idaho Code requires the board of trustees of each school district or the board of directors for each public charter school to continuously monitor progress toward the goals identified in the plan by utilizing relevant data to measure growth and to include consideration of the progress in evaluations of the district superintendent or administrator of a public charter school.

GENERAL GUIDANCE FOR USING THE CONTINUOUS IMPROVEMENT PLAN TEMPLATES

Templates for the 2018-19 Continuous Improvement Plan

1) Districts and charter schools (or Local Education Agencies – LEAs) are not required to submit your Continuous Improvement Plan in one of our provided templates. You may provide your plan in any format you choose. If you are submitting your plan in a locally-developed format, we encourage you to use our template(s) to identify the required plan elements and data that should be included in your plan.

2) This template is designed to allow you create and submit a stand-alone Continuous Improvement Plan. If you are interested in providing your Continuous Improvement Plan as a
CONTINUOUS IMPROVEMENT PLAN (2018-2019)

NARRATIVE - TEMPLATE PART 1 - OPTION A

part of a Combined District Plan (that includes the Continuous Improvement Plan, College and Career Advising and Mentoring Plan, and Literacy Intervention Plan), we recommend you use the 2018-19 Combined District Plan Template (or review it to understand the requirements and then provide a plan in another format).

The Continuous Improvement Plan Template is split into two (2) pieces. To complete your plan using our format, you need to complete both pieces:

- 2018-19 Continuous Improvement Plan Narrative – Template Part 1 (Option A or B)
- 2018-19 Continuous Improvement Plan Metrics – Template Part 2 (Option A or B)

You may post / submit your Continuous Improvement Plan as two separate documents (Word and Excel) or combine them into a single PDF.

Posting / Submitting Your Plan

➢ If your Continuous Improvement Plan is a stand-alone document (and does not include the Advising Plan or Literacy Plan), you must post it to your website by October 1. To aid the Office of the State Board of Education in our review process and to allow us to confirm that your CIP was posted by the deadline, please send an e-mail to plans@osbe.idaho.gov by October 1st including a hyperlink to the section of your website where the plan is posted. You are welcome to include the plan as an attachment on the e-mail, but please also send us a link.

➢ If your Continuous Improvement Plan is a Combined District Plan (including the Advising Plan and Literacy Plan), you must submit it to the Office of the State Board of Education via e-mail (in PDF or Word and Excel) by October 1 (IDAPA 08.02.01.801) to plans@osbe.idaho.gov. Please also provide a hyperlink to the section of your website where the plan is posted.

Substantial Revisions vs. Plan Update

The district plans (Continuous Improvement Plan, College and Career Mentoring and Advising Plan, and Literacy Intervention Program Plan) are ongoing plans that need to be updated annually. If a school district or charter school (local education agency or LEA) has not made any substantial changes to the program information included in the plan narrative(s), it is possible for the LEA to submit an annual plan that reflects no changes to the narrative. However, it is important to note that the Metrics spreadsheet (Template Part 2) is considered the Progress Report (required by law), and it must be updated with new data and submitted annually. Additionally, the Proposed Literacy Plan Budget must be submitted annually.

In all previous years, the metrics have been included in the same document as the narrative. In an effort to minimize the work that LEAs must do to complete the plans each year, we are encouraging all LEAs to submit the narrative and metrics as separate documents beginning in 2018-19. If you do so, in future years, you will only need to re-submit your narrative if you are making substantial changes to your programs. If you continue to submit one document that includes both the narrative and metrics, the metrics will need to be updated and the full document will need to be re-submitted every year.

Instructions: Per statute, your Continuous Improvement Plan must include an analysis of demographic data. Please provide data using the table below. We encourage you to specify when the data is from and to use data from similar times of year so that it can be compared across years (most districts provide demographics data based on fall enrollment information, but this is not required). You are welcome to revise the table to provide demographics data for additional years if you would like. If there is additional contextual information about your demographics that you believe will help readers understand the students you serve (or that represent substantial changes in your demographics), we encourage you to provide that below the table.

Instructions: Per statute, Please describe how your school district or charter school considered input from the community in developing or revising your Continuous Improvement Plan.

Community Involvement in Plan Development - REQUIRED

The continuous improvement plan of the Nampa School District was collaboratively developed. The newest revision was initially reviewed and drafted at an open meeting of the board in May of 2018. We had several community members join the board in their discussion. At this meeting the district moved from 6 strategic areas to 7.

The plan was reviewed by district personnel in June – this included directors, administrators, deans and teachers. The strategic goals were edited for clarity and initial objectives were considered.

The district leadership team met in August to continue to work on the specific objective areas. The work continued in the Teaching and Learning Team and the Operations team of the district. These teams include directors and teachers..

The Board of Trustees reviewed the revisions and offered input in their August Board meeting.

Parent volunteers were recruited to review the plan and offer input in September.

The final revision of the plan was approved at the September 25th board meeting.
