

Wesley hosts annual breakfast for seniors

Wesley School opened its doors on Wednesday, April 17 and welcomed area seniors to the annual Spring Senior Breakfast. Musical entertainment was provided by the Indian Trail Junior High School Jazz Ensemble, which played during the meal and then returned later in the morning to perform some crowd favorites. Wesley School 4th and 5th graders performed show tunes, sing-

ing some popular tunes from Rent, Newsies, Beauty and the Beast, and Hamilton.

The students at Wesley visited with the guests, demonstrating the use of Ozobots, the miniature robots that are used to teach coding. The students showed their visitors how the Ozobots could perform different functions by following a color-coded pathway.

Wesley students teach the seniors who attended the annual breakfast held April 17 about the Ozobots at the school that help with color-coding.

A senior who came to the breakfast at Wesley School on April 17 gets a lesson in color-coding from a student, using the Ozobots.

On Wednesday, April 17, Wesley School hosted its annual breakfast for area seniors. The 4th and 5th graders, pictured here, sang show tunes for the audience.
