May 10, 2019

Dear Parents,

Each year, students entering 6th-12th grades are asked to complete summer assignments for math and language arts. These assignments are designed by DCS teachers to help students refresh skills they learned in the past year. Students should complete assignments for the math and language arts classes they have registered to take for the 2019/2020 school year.

Please note, students enrolled to take Algebra 1 will have a different assignment depending on whether they are entering 8th grade or 9th grade. Please be sure to complete the correct assignment.

The summer assignments can be found online at the following link:

<https://tinyurl.com/DecaturSummerAssignments2019>

Please feel free to contact your child's school if you need more information.
