

EXPLORE ENGINEERING

Presented by the Engineering Club at College of DuPage

Friday, Nov. 9, 2018 • 6 to 9 p.m., Student Resource Center (SRC), Room 2000

The Engineering Club at College of DuPage presents an evening for high school juniors and seniors, along with college freshmen, to explore the many engineering career opportunities. Attendees will learn how an engineer thinks when designing a product and appreciate the physics behind the world they live in every day.

Topics will include:

Bioengineering	Industrial Engineering
Civil/Structural Engineering	Mechanical Engineering and others
Electrical Engineering	

Past participants include:

Illinois Institute of Technology
Northern Illinois University
Northwestern University
Southern Illinois University-Carbondale
University of Illinois at Chicago
University of Illinois at Urbana-Champaign

Schedule:

6 to 6:30 p.m. Meet with university representatives at tables
6:30 to 7 p.m. *What is Engineering?*, SRC 2000
7 to 7:45 p.m. *Thinking Like an Engineer*, SRC 2000
7:45 to 8 p.m. Break, move to rooms for university presentations
8 to 9 p.m. University presentations in various rooms
Meet with university representatives at tables

For more information, visit cod.edu/engineering, or contact the Engineering Department at codengineering@cod.edu. Although it is not required, an R.S.V.P. is appreciated: email morriss2149@cod.edu, or call (630) 942-3059 by Nov. 5.
