March 20, 2020

Dear Greyhounds,

This letter is to inform you that through a public avenue of communication we were made aware of Upper Elementary, OSMS and OSHS students that have been exposed to, but not diagnosed with, COVID-19 within the last two weeks.

Please continue to monitor your child's temperature and symptoms of illness like the flu, including fever, cough, and difficulty breathing. If you or your child experience these symptoms, please contact your healthcare provider and let them know that your child may have been exposed to COVID-19.

Sincerely,

Bonita R. Coleman, Ph. D.
Superintendent of Schools
