

## ELEMENTARY SEQUENTIAL DISCIPLINE STANDARD 2019-2020

A positive, consistent, school-wide climate can eliminate many of the discipline problems which occur in schools. Some critical elements of a positive and safe school climate are developing school wide and district-wide rules and expectations, actively teaching all students these rules and expectations, ensuring adequate teacher supervision, recognizing when students follow the rules and correcting and re-teaching the rules.

The Sequential Discipline Standard was developed for all schools within the Moreno Valley Unified School District and outlines the consequences for inappropriate student actions that have been referred to the Principal or Assistant Principal. Infractions, possible consequences, or interventions may not be limited to those found in the Sequential Discipline Standard. It should be noted that although the Sequential Discipline Standard affords a framework for dealing with inappropriate student behavior in a comprehensive and consistent manner, each disciplinary issue will be reviewed within the context of its unique circumstances and the educational needs of the student. Each administrator must use his/her judgment in applying its provisions, within the limits stated. Situations not specifically addressed in this plan or unusual or extreme cases will be dealt with in accordance with District policy and the California Education Code. Any exception to the consequences stated in the Sequential Discipline Standard will be documented by the school site and a copy sent to Child Welfare and Attendance. Some schools may use other site-based consequences and the appropriate intervention.

All unauthorized items brought to school may be confiscated by staff. Items not held in evidence may be recovered by the parent(s)/guardian at the school's discretion in a reasonable period of time, as defined by the school site. The school will not be responsible for any item not recovered in a reasonable period of time, as defined by the school. The Moreno Valley Unified School District or any individual employee is not liable for damage or loss to confiscated items or those items damaged accidentally by other students if it is deemed the item should not have been on campus. The primary objective of requiring students not to bring restricted materials to school is to prevent the loss or damage of private property, to ensure a focus on education, and to promote a safe and secure school environment.
