Smiles for a Lifetime Clinic will open in Hampton School District One

Hampton One students without a dental home will be able to receive services within the school district next school year. With a generous grant from the Charlotte, N.C.-based **Duke Endowment**, the nonprofit health care network, **Welvista**, will establish a **Smiles for a Lifetime Dental Clinic**. The clinic will be housed on the campus of **Varnville Elementary School**. Students from all Hampton One schools will have the opportunity to receive cleaning, sealants, and / or restorative treatments. In addition to services provided by the new **Smiles for a Lifetime Clinic**, Hampton One will continue to work with and coordinate dental and health services with the **Beaufort Jasper Hampton Comprehensive Health Services** van for a number of Hampton One schools. Critical dental care needed beyond cleaning and restorative procedures will be referred to a local dental provider.

The primary purpose of this service is to provide support to Hampton One children who do not have a dental home or can not afford dental care. A parent or guardian must sign a consent form before a student will be able to receive services.

The district is seeking a used car or van so that transportation can be provided from the schools to the dental clinic. If anyone is interested in making a donation of a reliable vehicle for this purpose, an appropriate tax deductible letter can be provided to the donor.

Important Announcement

• School Transfer Sign Up

Those parents who desire an alternate school placement for their child / children for the upcoming school year due to hardship or other circumstance should come by the district office to fill out a school transfer application. School transfers will be granted only if the requests do not cause classroom sizes at the receiving schools to become too large.
