November 15, 2018

Dear Parent/Guardian:

I am requesting your assistance in identifying federally connected students attending public school in Isle of Wight County. The federal government provides Impact Aid to localities based on the number of students whose parents are connected with the federal government.

Impact Aid is a federal grant program designed to help pay for the education of federally connected children. To determine if our school system is eligible for funding, each school will need to conduct a survey. The information from these surveys will be used to support our request for Impact Aid funds.

Isle of Wight County Schools has previously qualified for Impact Aid from the federal government, but the amount awarded each year is dependent upon the number of federally connected students. It is extremely important that you complete and return the survey on the reverse side, especially if you are in a branch of the uniformed services.

Per federal government guidelines, you must complete a separate survey form for each of your children enrolled in Isle of Wight County Schools as of **November 15, 2018**. An interactive version of the form can be found on the division's web page at www.iwcs.k12.va.us. Please return the signed form to your child's school by **November 30, 2018**. All information that you provide on the Impact Aid Program Survey Form will be treated confidentially.

If you need additional information, please direct your questions to Kimberly Hytinen, Student Data Technician, at khytinen@iwcs.k12.va.us or 757-357-4393.

Sincerely,

Dr. Jim Thornton
Division Superintendent

Office of the Superintendent – Dr. James Thornton
