

TRANSPORTATION DEPARTMENT

**8408 Watt Avenue Antelope, CA. 95845
(916) 338-6418 - Fax: (916) 338-6349**

To: Parent(s) and/or Guardian(s)
From: Cyndy Mitchell, Transportation Supervisor
Date: August 8, 2018

Welcome to Center Joint Unified School District for the 2018-2019 school year.

It is our pleasure to provide transportation for your school/students. We have an information packet that will explain our policies, procedures and bus rules to help ensure the safest and most efficient form of student transportation. Communication is the key to a successful school year and an essential part of the education process. Many school districts in California charge for transportation but Center Joint Unified School District is a free service and a privilege and is not mandated by the State of California for regular education students.

We encourage parents to refer any questions regarding bus stops/ schedules to the Transportation Department. The Transportation Department telephones will be extremely busy with phone calls the first few days of school and it may take some time for you to receive the information you need. In an effort to better serve your community the following phone numbers will be helpful in obtaining information for your student's transportation:

Dispatch: 916-338-6418

Students with Special Needs Information Line: 916-338-6303

*All regular ed. students needing Transportation must fill out a **RIDERSHIP APPLICATION**. Applications are available on our Website, in the Transportation Department or with the School Bus Driver. After completion of the Ridership Application, please return it to the School Bus Driver. You may elect to mail the completed application to the address located at the top of this page.*

**If you have questions/concerns regarding your child's Transportation please call and speak to the Supervisor at:
(916) 338-6305**

The primary mission of the CJUSD Transportation Department is to provide the community with a well- staffed, knowledgeable team that takes pride in providing students and their families home to school transportation; in a safe, professional, and friendly environment, ensuring that our students are consistently getting to school with smiling faces and ready to learn. Safety is our top priority.....
