# School Accountability Report Card Reported Using Data from the 2018—19 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2019—20)

Fortune School is located in the city of Sacramento and serves 1235 students. We are a charter school that operates countywide, proudly serving students within the Sacramento County and now, students from neighboring counties such as El Dorado County, Yolo County and Yuba County.

Our **Mission** is to graduate high achieving students of good character prepared for college and citizenship in a democratic society.

The foudation of our school system is to increase the availability of a rigorous college prep, TK-12 program for African American students. Authorized by the Sacramento County Board of Education, our school system was established and designed to address the severe and persistent African American achievement gap in the region. Fortune School's model is to expand a grade level a year with its students up to grade 12. Our school is open to all students and offers a college preparatory education to students according to an educational model known as the Five Pillars.

#### Fortune School Five Pillars

- **1. High Expectations** – We have high expectations for academic achievement and conduct that are clearly designed, measurable and make no excuses based on the on the background of the students. Students, parents, teachers and staff create and reinforce a culture of achievement and support.
- **2. Choice and Commitment** – Students, their parents and staff choose to participate in the program. Everyone must make and uphold a commitment to the school and to each other to put in the time and effort required for success.
- **3. More Time** – We know that there are no shortcuts when it comes to success in academics and life. With an extended school day, week and year; students, teachers, school leaders, parents and staff dedicate more time. This ensures that students acquire the knowledge and skills that prepare them for competitive colleges, as well as opportunities to engage in diverse extracurricular activities.
- **4. Focus on Results** – We focus relentlessly on high student performance through standardized tests and other objective measures. Just as there are no shortcuts, there are no exceptions. Students are expected to achieve a level of academic performance that will enable them to succeed in the nation's best colleges and the world beyond.
- **5. Citizenship** - We strongly believe that the measure of a person's success is in what he or she gives to others. Through community service, students develop a strong sense of civic responsibility and establish the foundation for a lifetime of meaningful community involvement. Students also deepen and demonstrate their learning and are empowered to become productive citizens in the community in which they live.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students  
Grades Three through Eight and Grade Eleven  
Percentage of Students Meeting or Exceeding the State Standard**

Subject	School 2017–18	School 2018–19	District 2017–18	District 2018–19	State 2017–18	State 2018–19
English Language Arts / Literacy (grades 3-8 and 11)	39.0%	45.0%	30.0%	34.0%	50.0%	50.0%
Mathematics (grades 3-8 and 11)	37.0%	46.0%	28.0%	32.0%	38.0%	39.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### Opportunities for Parental Involvement (School Year 2019—20)

Fortune School parents can become involved in school activities by reaching out to their school site. Throughout the school year parents are encouraged to attend meetings and school activities.

Programs and activities are developed for families as well as school staff to join together for annual meetings such as the School Site Council, LCAP meetings and Title I discussion groups. Parents are furthermore extended invitations throughout the year to participate in school held activities such as Moms and Muffins, Dads and Donuts, school BBQ's and more.

Platforms used to communicate organized opportunities to parents include Parent Square, Class Dojo and flyers that are both sent home and displayed on school grounds. Fortune School continues to annually survey parents to understand their needs and how best to communicate with them.

## School Safety Plan (School Year 2019—20)

Campus Safety is a top priority. All schools have safety plans that are customized for their facility. All staff members receive training on safety and emergency procedures from a certified emergency preparedness contractor each year, and are provided a comprehensive resource flip chart detailing the safety and first aid procedures to be followed in case of an emergency, as well as emergency contact telephone numbers for local agencies. Evacuation maps are posted in all rooms. Students participate in staff-led safety drills throughout the school year. In addition to emergency preparedness, safety plans include non-emergency safety policies and procedures as a resource to ensure workplace safety.

Fortune School's comprehensive safety plan for the following school was reviewed, updated, and discussed with school faculty between June and November of 2019. All fire safety equipment is in good condition and hazardous materials are properly labeled, stored and/or disposed of. Facility walkthroughs have been completed and maintained on a regular basis to ensure cleanliness and safety are in good condition.
