South Butler County School District Families,

At the conclusion of the school day today, School Police were informed of a Snapchat post which was determined to be a potential threat. School Police have identified the author of the message, informed the parents and reported the incident to the Pennsylvania State Police and the Butler County District Attorney. The investigation of this matter has determined that the post did not pose a credible threat to the health, safety and welfare of the students and staff of the South Butler County School District. However, the District will follow its discipline procedures in addressing the inappropriate post. As is always the case, the District is committed to a safe learning environment and will continue to be attentive to any issues that compromise safety and disrupt the learning process.

Respectfully,

A handwritten signature in blue ink, appearing to read 'D. Foley', is positioned above the printed name of the Superintendent.

David Foley, Ed.D.
Superintendent
