

January 26, 2018

Greetings Fellow U-Hi Class of '70 Classmates/Titan Alumni:

This letter has been sent out to the last known mailing addresses for all of our classmates in hopes of gathering, updating and confirming your contact information in advance of and in preparation for our 50th year class reunion that will be held sometime during the summer of 2020 in the Spokane Valley. The contact information we have on hand for you is either from prior class reunion mailing lists or from our exhaustive internet searches over the last several months.

We have been able to find the contact information on well over 200 of our 265 total class of '70 classmates and are hoping that we have fairly accurate information on those 200 plus folks. On a few (18), we have hit a wall in not being able to locate or find any current contact information on them. Lastly and most unfortunately, at least 25 of our classmates have passed away since we graduated nearly 47 years ago.

We would greatly appreciate if you could take the time and complete the requested contact information update on yourself for us to update the Class of '70 reunion files and records. That way when we do start mailing out reunion information in early 2020, we will have accurate contact information for you. Please return it in the enclosed stamped self-addressed envelope. If you know the whereabouts of any of our missing classmates (see backside of this page), please provide us any information or leads that you may have so that we can do our best to track them down.

For those of you not aware, we have set up a group Facebook page at <https://www.facebook.com/groups/298814663812519/> titled *U-Hi Class of '70 – 50th Class Reunion (2020) FB Page* that has close to 100 classmates that have joined and are reconnecting with each other, sharing stories, old memories, and catching up on life's adventures since last seeing each other. It is really a great social medium for our classmates to reconnect and get ready for the reunion that many are already planning to attend. We have also posted on the group Facebook page our listing of classmates that shows city/state where we have all ended up since high school. It is quite a story in itself. If you don't have a Facebook account, we encourage you to visit the group page address shown above and request to join. If you don't do Facebook but have thought about opening an account (it's free), this is a great way and time to see another part of the internet world and be as "connected" with friends, family, classmates, and acquaintances as you wish.

We are also suggesting that classmates go to Classmates.com on the internet at <http://www.classmates.com/places/school/University-High-School/6699?startYear=1966&endYear=1970&type=registration&miscj=CMHeader> and register/update your account with an email address so we can use that medium to disseminate reunion info as we get closer as well.

Even if you don't think you will be attending or will not even be remotely interested in attending our 50th class reunion in 2020, we would sincerely appreciate at least hearing back from you with your updated contact information for the class records. Please take a few moments to finish the job on your end.

We look forward to hearing back from you and hopefully seeing you at the reunion.

From the people doing this part of the reunion preparations,

Dave Chandler
Walla Walla, WA

Georgina Olsen
Spokane Valley, WA

PS: If you change addresses before 2020, please let us know at chandler111@msn.com or txt 509-435-3252.

University High School, Class of 1970 Classmate Contact Information

(Please, please print legibly)
