You scored 74.07%

Opportunities for Growth

Congratulations! Your school scored **74.07%** on the School Health Index. This score was determined based on your responses to specific School Health Index questions that measure key nutrition and physical activity best practices. Questions where your school scored a 0 or 1 are identified below. Focus your school health efforts on these areas to ensure your school provides a school environment where students are healthy, active and ready to learn.
