Lakeview Public Schools
District Handbook for Students and Parents/Guardians
2020-21

Lakeview Administration Building
27575 Harper Avenue
St. Clair Shores, Michigan 48081
(586) 445-4000
lakeviewpublicschools.org

*Adopted by the Board of Education on August 4, 2020
Welcome to Lakeview Public Schools. Our hope is each student comes to school ready to be challenged, learn and have fun. Graduates from Lakeview Public Schools have an unlimited potential. Your child’s school years can be the best of their life if they take full advantage of all that’s available. Lakeview operates seven (7) school buildings, with a variety of academic, athletic, fine arts, and other offerings. This handbook is designed to assist all parents in understanding our high expectations for your child.

Lakeview provides a comprehensive curriculum aligned with the State of Michigan Grade Level Content Standards and High School Content Expectations. Students are assessed several times throughout their career and their academic information is collected through a variety of means such as report cards, on-line testing, standardized test data, etc. Of particular note is our comprehensive high school, offering many opportunities in rigorous academics, clubs and activities, athletics and service to the community. We hope your child spends their whole academic career with us. Staying with us from Kindergarten through the High School provides a solid foundation in rigorous academics that prepares them for any kind of after high school experience. Some students leave us and attend four-year universities, while others begin work and continue their education part time. The important thing to remember is that education is the “great equalizer”; and Lakeview students consistently perform at the top in Macomb County on required standardized tests. Our high school students earn college credits through dual enrollment and advanced placement classes at rates higher than any other high school in Michigan. Students need to learn early that the most successful individuals in the future will be those who can continuously learn new things, particularly on their own.

It is our hope that this handbook will help you make better decisions about your child’s education with Lakeview. Our handbook is designed in three main categories, including, general information, school related services, and student activities and athletics. Please take time to read and review this Handbook carefully with your child so each of you is aware of its content and our expectations for academics and behavior.

I have great confidence in the education and skills of our principals, teachers, and support staff and look forward to having you at Lakeview in the coming year. Lakeview today… Leaders tomorrow… Good luck!

Sincerely,

Karl D. Paulson
Superintendent of Schools

Nondiscrimination and Access to Equal Education Opportunity

It is the policy of the Board that no student in this District shall, on the basis of race, color, religion, national origin or ancestry, age, gender, marital status, sexual orientation, disability, height, weight, and/or any other legally protected characteristic, be discriminated against, excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination in its programs and/or activities. Any person believing they have been discriminated against may bring a complaint to the local civil rights coordinator: Assistant Superintendent, 27575 Harper, St. Clair Shores, MI 48081, 586-445-4000 X 2503.

Appendix A
Annual Notices 93
This student handbook was developed to answer many of the commonly asked questions that students and parents may have during the school year and to provide specific information about certain Board policies and procedures. This handbook contains important information that you should know. Become familiar with the following information and keep the handbook available for frequent reference. If you have any questions that are not addressed in this handbook, you are encouraged to talk to your teachers or the building principal(s).

This handbook summarizes many of the official policies and administrative guidelines of the Board of Education and the District. To the extent that the handbook is ambiguous or conflicts with these policies and guidelines, the policies and guidelines shall control. This handbook is effective immediately and supersedes any prior handbook and other written material on the same subjects.

This handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the Board’s policies and the School’s rules as of August 4, 2020. If any of the policies or administrative guidelines referenced herein are revised after August 4, 2020, the language in the most current policy or administrative guideline prevails.

MISSION OF THE DISTRICT

Lakeview Public Schools partners with our community to empower students to achieve personal and academic success. Lakeview today…Leaders tomorrow!
### Student Achievement

- “Increase student achievement through shared efforts.”
  - All students will demonstrate annual growth in key core content areas:
    - Mathematics
    - English Language Arts
    - Science
    - Social Studies
  - All students will explore elective areas and demonstrate growth in learning.
  - All students will have the opportunity to demonstrate their learning through multiple means, including: performance tasks, presentations, creative works, artifacts, etc.
  - All students will demonstrate proficiency in the use of technology to meet learning objectives.
  - All staff will utilize best practices when delivering student programs.
  - All staff will focus on individual student needs.
  - All staff will engage in training to improve student achievement.

### Leadership, Character & Service

- “Develop leadership and character through active engagement.”
  - All students will explore extracurricular options to further develop into well-rounded citizens and leaders.
  - Staff will encourage student participation in extra-curricular activities at all levels.
  - All staff and students are expected to model positive relationships between students, parents, staff, and community.
  - Staff will cultivate individual accountability by leading responsible decision-making.
  - All staff will be provided professional development to incorporate new opportunities for students.
  - Staff and students will build a culture where students work to reach common goals.
  - Student participation in civic activities will increase through service learning.
  - All staff and students will honor the value and respect the differences in others.
  - Staff will design and deliver programs and services to develop soft skills for success in all settings (school, workplace, etc.).

### Communications & Engagement

- “Inform and involve the Lakeview community through purposeful actions.”
  - Stakeholders will be provided opportunities for shared decision-making.
  - Stakeholders will utilize media and technology to expand lines of effective communication.
  - Staff will partner with parents to use appropriate resources to support student learning.
  - Staff and students will strengthen the school culture so that all feel welcomed.
  - Staff and students will establish community and business partnerships.
  - Staff and students will employ a variety of methods to strengthen community relations and public perceptions.
  - Staff will seek feedback from parents, students, and community members.

### Facilities, Equipment & Materials

- “Maximize resources through the implementation of innovative, current and productive practices.”
  - Staff will utilize technology and instructional materials that are relevant.
  - Staff and students will expand the effective use of instructional technology.
  - All staff will engage in professional development to improve productivity.
  - Staff will systematically evaluate, maintain, and enhance the effectiveness of technology and materials.
  - Staff will continuously evaluate, maintain, and enhance the infrastructure and equipment of buildings.
  - Staff will implement policies and practice procedures to provide a safe and orderly learning environment.

### Financial Stability

- “Optimize resources through execution of fiscally responsible plans.”
  - Staff will ensure high levels of instructional spending as a percentage of the budget.
  - Staff will allocate financial resources to continuously provide quality programs.
  - Staff will update short- and long-range capital expenditure plans.
  - Staff will implement an effective marketing plan to retain and attract families.
  - The Board will continue to adopt and staff will execute annual balanced budgets.
  - The Board and staff will maintain adequate fund balance reserves.

---

Student Rights and Responsibilities

The rules and procedures of the school are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights to freedom of expression and association to fair treatment as long as they respect those rights for their fellow students and the staff. Students will be expected to follow teachers’ and administrators’ directions and to obey all school rules. Disciplinary procedures are designed to ensure due process (a fair hearing) before a student is removed because of his/her behavior. If a parent/guardian believes their child’s civil rights have been violated, they can contact the District’s Civil Rights Compliance Officer, Deputy Superintendent for Human Resources, Tracy Van Peeren at 445-4000 ext. 2503.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. Many times it will be the student’s responsibility to deliver that information. If necessary, the mail or hand delivery may be used to ensure contact. Parents are encouraged to build a two-way link with their child’s teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

Students must arrive at school on time, be prepared to learn and participate in the educational program. If, for some reason, this is not possible, the student should seek help from the building administrator(s).

Student Well-Being

Student safety is a responsibility of the staff. All staff members are familiar with emergency procedures such as fire, lock down, tornado drills, and accident reporting procedures. Should a student be aware of any dangerous situation or accident, s/he must notify any staff person immediately.

State law requires that all students must have an emergency medical card completed, signed by a parent or guardian, and filed in the school office. (Lakeview Public Schools requires parents/guardians to complete and update student emergency cards online using a system called Info Snap.) A student may be excluded from school until this requirement has been fulfilled. A student cannot be released to anyone who is not the parent/guardian or listed on the emergency card. Proper ID must be shown when picking up a child.

Students with specific health care needs should deliver written notice about such needs along with proper documentation by a physician, to the school office.

Academics

Academic Letters (High School)
Students can receive an Academic Letter for outstanding academic achievement. To receive a letter and subsequent academic achievement pins, a student must achieve the minimum cumulative grade point average for all courses taken. A student can earn an academic letter after their first semester of attendance at Lakeview. The minimum grade point average necessary to earn an academic letter or academic achievement pin is as follows:

- 1st Semester: 3.9 GPA
- 3rd Semester: 3.8 GPA
- 5th Semester: 3.7 GPA
- 7th Semester: 3.6 GPA
Advanced Placement (High School)

Advanced Placement (AP) classes are available through Lakeview High School during the school day and through the Michigan Virtual High School, which is an online state program. Advanced Placement Exams are administered in the spring. All Students enrolled in an AP class will take the Exam at the districts expense. Students who score well on the AP exam may have the opportunity to earn college credit. The number of credits granted varies depending on the college. For more information about AP Exams, including exam dates, please go to www.collegeboard.com/student/testing/ap/about.html.

*Advanced Placement (AP) courses will be year long courses to provide the appropriate amount of rigor and time necessary to cover the content of the course. Utilizing two semesters for instruction will help to ensure that students are prepared to take the AP test and be successful.

Armed Forces Recruiting

The District must provide at least the same access to the high school campus and to student directory information as is provided to other entities offering educational or employment opportunities to those students. “Armed Forces” means the armed forces of the United States and their reserve components and the United States Coast Guard.

If a student or the parent or legal guardian of a student submits a signed, written request to the District that indicates that the student or the parent or legal guardian does not want the student’s directory information to be accessible to official recruiting representatives without prior written consent, then the school officials of the school shall not allow that access to the student’s directory information. Public notice is being provided in this handbook regarding right to refuse disclosure to any or all “directory information” including the armed forces of the United States.

Annually, the District will notify male students age eighteen (18) or older that they are required to register for selective service.

Career Development Support Services (High School)

Special support services are available for eligible students enrolled in Career Technical Education (CTE) classes. See your counselor for details.

Counseling/Social Worker Services

Lakeview Public Schools is committed to our students in the development of student academic achievement, self-esteem, personal abilities, and social skills needed in daily living. In order to help all students be successful in these areas, counseling and social work services are available at all levels.

District counselors and social workers are involved with the following:

1. Small group and individual counseling and support
2. Assisting students with class changes, when appropriate
3. Assistance to students beginning or leaving Lakeview Public Schools
4. Coordination of addressing parent and teacher concerns, individual needs, possible testing, and potential referral to special education through the child study process
5. Standardized student testing…Michigan Education Assessment Program (MEAP), Michigan Merit Exam (MME), English Language Proficiency Assessment (ELPA), Explore, Plan, and Decommissioned
ACT, and the Northwest Evaluation Association (NWEA) Tests
*(The purpose for giving a test is to use the results to improve learning and to communicate with those concerned about how well a student or group of students are learning. Board Administrative Guideline #2623.)*

6. Special group or individual work meetings on such topics as death, divorce, substance abuse, or child abuse
7. Informing teachers, as necessary, of the special needs of students
8. Involvement with follow-up of progress reports and report cards and related parental/guardian concerns
9. Involvement with school attendance, homework completion following absence or suspension, or start of homebound services
10. Work with parents/guardians to coordinate efforts of home and school
11. Facilitate meetings between teachers and parent/guardians
12. Referrals to outside counseling or other agencies such as Lions Club, C.A.R.E., etc.
13. Career-life goal setting for students entering Lakeview High School
14. Liaison to outside agencies & community resources
15. Work with parent organizations in keeping parents knowledgeable of problems facing their child

Counseling and social work assistance is available to all students throughout the year. Students should sign up in the respective offices indicating the desire for a conference. Parents/Guardians desiring to speak to the counselor or social worker concerning special situations, scheduling, or student progress may contact the school’s counseling office.

**Secondary Students:** Except in a crisis situation (verified in writing as such by the administrator or counselor), students are not to be missing from an assigned class because they are going (on their own) to see a counselor or administrator. The proper procedure in these instances is to notify the counseling secretary on your own time and request an appointment and then wait for a call down from your counselor. All students returning to class from a visit to one of these offices should have a signed pass with the time leaving the office indicated. Failure to show up to class within a reasonable time following issuance of the pass could lead to an unexcused tardy or even absence.

**Course Offerings**

Lakeview Public School’s curriculum and course offerings can be found on the building and/or district website which can be accessed at lakeviewpublicschools.org.

*Please note that Lakeview Public Schools may determine that any course could be offered through an online/virtual format based upon enrollment and staffing.

**Credit Recovery (Secondary Students)**

Secondary students who fail core content courses will be required to participate in after school and/or summer credit recovery programs. High school students will only be rescheduled for one failed course during their entire four years in the high school. Any additional failed courses must be retaken in an after school and/or summer credit recovery program. Failure to participate in such programs will result in a student being retained in their current grade at the middle school or a student potentially not graduating at the high school.
**Diploma or Certificate of Achievement**

**High School Achievement**
It shall be the policy of the Board of Education to acknowledge each student’s successful participation in an instructional program.

**High School Diploma**
The Board shall award a high school diploma to every student enrolled in this District who meets the requirements of graduation established by this Board, the Michigan Department of Education (MDE), and as provided by State law. The Board shall award a high school diploma at graduation ceremonies to the student who completes the following:

- For every student enrolled in this District who completes the requirements under Board Policy and the Michigan Merit Curriculum. The Michigan Merit Curriculum and coursework can be found on page 22 of this handbook.

- For every student enrolled in this District who meets the requirements of a Personal Curriculum, established by a District team and appropriate to the achievement of District goals and objectives, and completes all requirements outlined in the Personal Curriculum plan.

**Certificate of Achievement**
Individualized Education Planning Teams must consider an appropriate course of study for each child with a disability. Some students receiving highly individualized special education programs and/or services, who appropriately complete the goals specified in their Individualized Education Plan, certified by the Individualized Education Plan Team shall receive a Certificate of Achievement. They shall participate in all graduation activities and will receive a certificate of program achievement during their high school completion ceremony with their school-aged peers. Students who are deemed appropriate for a Certificate of Achievement continue to be eligible for services under Michigan Administrative Rule R 340.1702.

**Dual Enrollment (High School)**
Lakeview Public Schools has partnered with local colleges/universities to be able to offer its students the opportunity to take college courses while they are still in high school (currently Wayne State University, Kendall College, Macomb Community College, etc.). This allows a student who meets the requirements to take courses at the college level that can be later applied to a college degree upon graduation. Lakeview will pay for the cost of the course(s), according to the formula detailed below, saving students and parents a substantial amount of money and time.

A student may take advantage of Dual Enrollment opportunities, if the following eligibility guidelines/standards are met:

1. Students in grades 9 through 12 may take up to ten postsecondary courses.
2. Students can qualify for dual enrollment by taking one of the following assessments: PSAT, PLAN, EXPLORE ACT, or MME with the identified qualifying score (see chart below).
3. Students must be enrolled in both the school district and postsecondary institution during the local school district's regular academic year and must be enrolled in at least one high school class.
4. The college courses must not be offered by the district. An exception to this could occur if the Board of Education determines that a scheduling conflict exists, which is beyond the student's control.
5. The college courses cannot be a hobby, craft or recreation course, or in the subject areas of physical education, theology, divinity, or religious education.
School districts are required to pay an amount equal to the prorated percentage of the statewide pupil-weighted average foundation allowance, based on the proportion of the school year that the eligible student attends the eligible postsecondary institution. Parents are responsible for paying the costs above this amount, if any. Eligible charges include tuition and mandatory course fees, material fees, and registration fees required by an eligible institution for enrollment in the course. *Eligible charges do not include transportation or parking costs or activity fees.*

*The building principal has the ability to waive graduation requirements for dual enrollment students to allow for the students to take additional courses.*

If you believe you are eligible for dual enrollment, you qualify for tuition and fee support, and you wish to participate, contact your Counselor/Principal.

Educational Development Plan (Secondary Schools)

Educational Development Plans are created by students, with the assistance of their teachers and counselors that outline the courses students will take to fulfill their graduation requirements according to their future personal and professional goals.

Equal Education Opportunity

It is the policy of this District to provide an equal education opportunity for all students. Any person who believes that s/he has been discriminated against on the basis of his/her race, color, disability, religion, gender, or national origin, while at school or a school activity, should immediately contact the School District’s Compliance Office listed below:

Tracy Van Peeren  
Deputy Superintendent  
(586) 445-4000

Families in Transition Services

Schools are required to notify families in transition (and unaccompanied youth) of the following rights:

- The availability of a local district staff person as a liaison for homeless children
- Immediate enrollment and school participation, even if educational and medical records and proof of residency are not available
- Enrollment and transportation rights, including transportation to the school of origin. “School of origin” is defined as the school the child attended when permanently housed or when last enrolled
- Written explanation of why a student from a family in transition is placed other than in a school of origin or school requested by the parent, with the right to appeal within the local dispute resolution process
- Meaningful opportunities for parents to participate in the education of their children

Family Education Rights and Privacy Act (FERPA)

Lakeview Public Schools shall not disclose information contained in a student’s educational record without the proper written consent of the parent/guardian or adult student except as permitted by law.

Each year, the school district is required to notify parents/guardians and adult students (18 years or older) about information that may be made public, if so requested. Student directory information may be made public by Lakeview Public Schools.

Student directory information consists of a student’s name; address; date and place of birth; photograph; major field of study; participation in officially recognized activities and sports; height and weight; if a member of an athletic team; dates of attendance; date of graduation; awards received and any other information which would not generally be considered harmful or an invasion of privacy.

Parents/guardians and adult students may refuse to allow the district to disclose any or all of the above listed information by notifying the principal of the school in writing no later than 30 days after receiving this notice.

Parents/guardians and adult students also have, under the law, certain rights regarding records:

1. Student’s educational records may be inspected and reviewed.
2. Amendments to, inaccurate, misleading, or information otherwise in violation of a student’s rights may be requested.
3. Personally identifiable information must have the consent of the parent/guardian or adult student.
4. A complaint of non-compliance may be filed with the Department of Education.
5. A copy of the District’s policy and administrative guidelines on student records may be obtained.

All records are housed in the school office and may be reviewed upon written request by the parent/guardian or adult student. If copies are requested, a copying fee will be assessed.

School officials (administrators, teachers, counselors, and professional support personnel) have access to student records for legitimate education interests. These interests include disciplinary, academic, social and/or emotional growth of the student.

School records must be sent directly to a new school upon the request of the receiving school when a student transfers.

Field Trips

Field trips are academic activities that are held off school grounds. There are also other trips that are part of the school's co-curricular and extra-curricular program. No student may participate in any school-sponsored trip without parental/legal guardian consent. Regular school rules must be followed on all field trips.

Graduation Requirements

It shall be the policy of the Board of Education to acknowledge each student's successful completion of the instructional program or a personal curriculum appropriate to the achievement of District goals and objectives as well as personal proficiency, by the awarding of a diploma at graduation ceremonies.

The Board shall award a regular high school diploma to every student enrolled in this District who meets the requirements of graduation established by this Board, the Michigan Department of Education (MDE), and as provided by State law.

The required credits are as follows:

<table>
<thead>
<tr>
<th>Course</th>

The Michigan Merit Curriculum requirements, mandated by the State of Michigan, requires that all students achieve proficiency in at least one of the Visual, Performing, or Applied Arts disciplines by graduation from high school. Students must acquire a minimum of one credit through the successful completion of an approved course in one of the above areas.

Administration has evaluated our course offerings and identified the courses available to Lakeview students that can be taken to meet proficiency in at least one of the Visual, Performing, or Applied Arts disciplines. The courses are:

- **Art**
  - Explorations in Art
  - Beginning Art Appreciation
  - Beginning, Intermediate & Advanced Drawing
  - Beginning Fibers
  - Beginning, Intermediate, & Advanced Painting
  - Beginning, Intermediate, & Advanced Dimensional Design
  - Beginning, Intermediate, & Advanced Photography
  - Graphic Design/Commercial Art
  - AP Studio Art

- **Business Education**
  - Website Design
  - Exploring Computer Science

- **English**
  - Mass Media I & II
  - Writing for Publication Courses
    - Yearbook & Newspaper
  - Creative Writing
  - Dramatic Arts
  - Television Broadcasting

- **Technology/Industrial Education**
  - Technology Education
  - Introduction to Drafting & Design 1A and 1B
  - Engineering Drafting I, II, III, & IV
  - Architectural Drafting I, II, III, & IV

- **Music**
  - Band: Woodwinds, Brass, Percussion
  - Advanced Band
  - Symphony Orchestra
  - Concert Choir
  - Lakeview Select Choir

Students must also take a math or math-related course in their 4th year of high school to fulfill the Michigan Merit Curriculum requirements. Courses that are considered to be math-related are:
Lakeview Courses:
- Environmental Science
- AP Chemistry
- AP Biology
- AP Physics
- Accounting I & II
- Exploring Computer Science
- Intro to Drafting & Designing 1A and 1B
- Engineering Drafting I, II & Advanced
- Architectural Drafting I, II & Advanced
- Auto Technology II & III

College/University Dual Enrollment
- Any course in the Mathematics content area

Consortium CTE Courses:
- Marketing I & II
- Building Trades
- Mechatronics

District Approved Online Math Courses (i.e., Michigan Virtual High School):
- Any course in the Mathematics content area

Other High School Graduation Information
1. All students must carry four classes per day and satisfy an eight-semester residency requirement to graduate. Transfer students’ semester requirement will be equated based upon the graduation requirement of their previous school in conjunction with Lakeview's requirements.
2. In the senior year, co-op may substitute for classes as determined by individual programs.
3. Special scheduling problems will be handled on an individual basis by the counselors and principals.
4. Class changes - class schedules are based on the student's request, and changes will be made only if:
   a. the student does not have the required prerequisites.
   b. the class has already been taken or was taken during summer school.
5. Though students receive a CR/NC grade for Directed Studies, this is not included toward their credits for graduation.
6. NO CLASS MAY BE DROPPED WITHOUT PRIOR APPROVAL OF A BUILDING ADMINISTRATOR.
7. Note: The physical education requirement should be satisfied by Physical Education I in the ninth grade.
8. The Health and the U.S. History/Geography requirements should be satisfied in the eleventh grade.
9. The Economics and Government requirements should be satisfied in the 12th grade.
10. Each student must be enrolled full time for (8) semesters.
11. A student must have fulfilled his/her graduation requirements by 3 p.m. on the last scheduled school day for seniors in order to participate in the graduation ceremony.

GRADUATION HONORS

Ranking for Valedictorian, Salutatorian, and the Top Ten will be determined by utilizing semester course grades and ACT or SAT scores. A student’s grade point average (GPA) will be determined by computing the grades earned in all core classes (Math, English, Science, Social Studies, and Foreign Language). The GPA and ACT/SAT test scores will be factored into a formula, as noted below. The top score possible for graduation honors ranking is a 2,000. In addition, a student must have earned either a 1 or 2 on all sections of the M-Step Exam.
Independent study class and credit granted through testing out of a course are not included in the formula. Lastly, a student must have attended Lakeview High School for a minimum of two semesters in order to qualify for these honors.

The Formula used is:
- GPA of CORE COURSES (Convert to 4.0 scale) Based on eight semesters. Total core course points (A=4.0, A-=3.7, B+=3.3, B=3.0) = _________ / by number of core courses _________ = ___________(extended to three decimals) x 250 = __________.
- ACT composite score _____ multiplied by 27.778 = ______ OR SAT ________ divided by 1.6 = _________. If student took both tests the highest composite score will be used.
- Total Score of GPA = __________
  + ACT OR SAT __________
  = Final Score of: __________

☐ The highest scoring student will be named Valedictorian
☐ The second highest scoring student will be named Salutatorian
☐ The following eight highest scoring students will form the Top Ten Students

Medals will be awarded to each student. If there should be a tie, multiple awards will be given

**Graduating with Highest Honors** a student who has fulfilled all requirements of Lakeview’s Graduation requirements in association with the Michigan Merit Curriculum, has earned a 3.75 GPA, has earned either a 1 or 2 rating on all sections of the M-Step has taken at least two AP courses, and has taken a specific sequence of courses will be graduated with Highest Honors. The course sequence must be;
- English 1-4, with AP English 4 as an alternate for English 4,
- Physics, Chemistry, Biology, and one additional science course,
- A minimum of four mathematics courses, including Pre-Calculus and,
Students meeting the criteria will be awarded with highest honor stoles.

**Graduating with Honors** a student, who completes the required courses for graduation, maintains a GPA of 3.5 or better, and has earned at least 2 proficient endorsements on the M-Step Exam, will graduate with Honors. Students meeting the criteria will be awarded honor cords. If a student has received credit only in a class due to attendance issues (no grade given), he/she will not be eligible for any of the above recognitions (Valedictorian, Salutation, Top Ten). Independent study class and credit granted through testing out of a course are not included in the formula.

**Homebound Instruction**

The District shall arrange for individual instruction to students of legal school age who are not able to attend classes because of a physical or emotional disability. Homebound students are not subject to the penalties of the attendance policy. The procedure to be followed for a student to be considered for homebound instruction is as follows:

1. A student must be out of school for a medical reason for a minimum of five (5) school days with the absence being verified by a doctor. Homebound service can start on the first day of absence provided it is verified that the student will be missing at least five (5) days of school. Homebound services will be offered twice a week in one-hour blocks of service.
2. A Homebound Referral Form must be obtained from the principal by the parents/guardians to be filled out by the parents/guardians and the doctor.

3. A physician must: certify the nature and existence of a medical condition; state the probable duration of the confinement; request such instruction; present evidence of the student’s ability to participate in an educational program.

4. The Homebound Referral Form must be returned to the principal who will work with the Director of Student Services to arrange for the homebound teacher and who will act as the liaison person during the period homebound instruction is provided.

**Homework**

The assignment of homework can be expected. Student grades will reflect the completion of all work, including outside assignments. Homework is also part of the student’s preparation for State mandated tests and graduation.

Homework will not be used for disciplinary reasons but only to enhance the student’s learning.

**Individuals with Disabilities- Section 504**

The American’s with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student, but to all individuals who have access to the District’s programs and facilities.

A student can access a 504 Plan through the proper evaluation procedures. Parent involvement in this procedure is important and required by Section 504 of the Rehabilitation Act of 1973. Contact the building 504 Coordinator or principal to inquire about evaluation procedures and programs.

**Innovative Program (Middle and High Schools)**

Lakeview Public Schools has implemented an alternative educational program for middle and high school students who have been identified as needing educational programming separate from the district’s traditional programs. The program is designed to assist students with successfully obtaining course credits and continuing on a path to graduation.

The Lakeview Public Schools District Handbook is applicable to all Innovative Program students and parents; however, there are some procedures and expectations that need to be considered and followed when being a stakeholder in this program.

Students being placed in the Innovative Program will be placed at the discretion of administration based on various criteria.

Parent and Student will be informed of this placement decision and be provided all necessary requirements for successfully completing the Innovative Program before being placed in the program. High school students nearing graduation credit fulfillment must rely only on the notification from their high school counselor or high school administrator that they are finished with their high school program. Parents are encouraged to stay in contact with their child's high school counselor during the duration of their Innovative Program Education.

Teachers will enforce all Lakeview Public Schools District Handbook policies or, if the student refuses to comply, call home for that student to be removed from the classroom for the remainder of the day. That removal may result in further Code of Conduct consequences. Any removal may result in a mandated
parent/student/administrator conference at the appropriate host building (JMS or LHS) before the student will be allowed back to class. The parent should contact the administrator to set up a meeting time.

Cell phones and other outside electronic devices are not allowed in the Innovative Program. The teacher has the authority to confiscate any electronic device.

Students in the Innovative Program are allowed to participate in extra-curricular activities if they are eligible according to their attendance, grades, behavior, etc. Participation in extra-curricular activities is at the discretion of the administration.

**Limited English Proficiency**

Limited proficiency in the English language should not be a barrier to equal participation in the instructional or extra-curricular programs of the District. It is, therefore the policy of this District that those students identified as having limited English proficiency will be provided additional support and instruction to assist them in gaining English proficiency and in accessing the educational and extra-curricular program offered by the District. Parents should contact the Director of Student Services at (586) 445-4000 ext. 2513 to inquire about evaluation procedures and programs offered by the District.

**Messages for Students**

Messages will only be taken for students in the event of an emergency. In order to preserve the classroom instructional time, arrangements for after school events should be made before the school day starts.

**Review of Instructional Materials And Activities**

Parents have the right to review any instructional materials being used in the school. They also may observe instruction in any class, particularly those dealing with instruction in health and sex education. Any parent who wishes to review materials or observe instruction must schedule an appointment with the principal prior to coming to the school. Parents’ rights to review teaching materials and instructional activities are subject to reasonable restrictions and limits.

**Review of Teacher Qualifications**

Parents have the right to request information about the professional qualifications of Lakeview’s classroom teachers. Lakeview requires all teachers to meet State Licensing Certification and meet the Federal and State standards for “Highly Qualified” in their teaching assignment. In most cases, our teachers exceed the standards set forth in “Highly Qualified.” Additionally, during the 2019-20 school year, 95% of Lakeview teachers have earned the Master’s Degree or higher. 100% of administrators have earned the Master’s Degree or higher.

**Sex Education Curriculum**

The School District believes that provision should be made for students to receive instruction in reproductive health and family planning. "Reproductive health" shall be defined as that state of an individual's well-being which involves the reproductive system and its physiological, psychological, and endocrinological functions.

In addition, students are to be provided instruction in the recognition, prevention, and treatment of non-casual contact communicable diseases such as venereal diseases, HBV, and HIV; and the use of abstinence from sex as
a responsible method for restriction and prevention of non-casual contact communicable disease and as a positive life-style for unmarried young people.

A parent is entitled to submit a written request to review the content of the program that will be delivered to their child and can choose to “opt out” of the lesson or the unit by submitting a written request to the building principal. More information about student and parent rights regarding the district’s sex education program can be found in Board Policy 2414.

**Special Education**

Lakeview Public Schools provides a continuum of services for students identified as having a disability as defined by the Individuals with Disabilities Education Act (IDEA).

A student can access Special Education services through the proper evaluation and placement procedure. Parent/legal guardian involvement in this procedure is required. More importantly the district wants the parent/guardian to be an active participant. To inquire about the procedure or programs available, a parent/legal guardian should contact the building principal or the Office of Student Services at (586) 445-4000 ext. 2513.

**Specials Program (Elementary)**

Lakeview is very proud to have special programs available to elementary children. These programs are offered in order to meet the variety of needs and interests students have beyond the regular academic curriculum.

A list of these programs follows. Should you wish to have more information about any of these, please contact the school.

- Art, Music, Physical Education, and Health (Grades K-5)
- Spanish (Grades 3-5)
- Counseling
- Strings/Band Program for 5th Grade
- Peer Mediation
- Reading Support
- Math Support
Student Network and Internet Access Acceptable Use and Safety Agreement

In exchange for the use of the network resources either at school or away from school, students understand and agree to the following:

A. The use of the network is a privilege which may be revoked by the Assistant Superintendent at any time and for any reason. Reasons for revoking privileges include, but are not limited to, the altering of system software, the placing of unauthorized information, computer viruses or harmful programs on or through the computer system in either public or private files or messages. The District reserves the right to remove files, limit or deny access, and refer the student for other disciplinary actions.

B. The District reserves all rights to any material stored in files and will remove any material which the District, at its sole discretion, may believe to be unlawful, obscene, pornographic, abusive, or otherwise objectionable. Students will not use their District-approved computer account/access to obtain, view, download, or otherwise gain access to any materials that the District might deem reasonably objectionable.

C. All information services and features contained on District or network resources are intended for the private use of its registered users and any use of these resources for commercial-for-profit or other unauthorized purposes (e.g.: advertisements, political lobbying), in any form, is expressly forbidden.

D. The District and/or network resources are intended for the exclusive use by their registered users. The Student is responsible for the use of his/her account/password and/or access privilege. Any problems which arise from the use of Student’s account are the responsibility of the account holder. Use of an account by someone other than the registered account holder is forbidden and may be grounds for loss of access privileges and/or other disciplinary action.

E. Any misuse of the account will result in suspension of the account privileges and/or other disciplinary action determined by the District. Misuse shall include, but not be limited to:
   1. intentionally seeking information on, obtaining copies of, or modifying files, other data, or passwords belonging to other users
   2. misrepresenting oneself on the network
   3. disrupting the operation of the network through abuse of the hardware or software
   4. using the network for hate mail, harassment, profanity, vulgar statements or discriminatory remarks
   5. interfering with others’ use of the network
   6. excessively using non-curriculum related communication
   7. illegally installing copyrighted software
   8. illegally down loading, copying, or using of licensed or copyrighted software
   9. allowing anyone to use an account other than the account holder

F. The use of District and/or network resources are for the purposes of:
   1. Support of the academic program
   2. Telecommunications
   3. General information

G. The District and/or network does not warrant that the functions of the system will meet any specific requirements the user may have, or that it will be error free or uninterrupted; nor shall it be liable
for any direct or indirect, incidental, or consequential damages (including lost data, information, or time) sustained or incurred in connection with the use, operation, or inability to use the system.

H. The student will diligently delete old mail messages from the personal mail directory to avoid excessive use of the electronic mail disk space.

I. The District and/or network will periodically make determinations on whether specific uses of the network are consistent with the acceptable-use practice. The District and/or network reserves the right to log Internet use and to monitor electronic mail space utilization by users.

J. The student may not transfer file, shareware, or software from information services and electronic bulletin boards without the permission of the Deputy Superintendent. The student will be liable to pay the cost or fee of any file, shareware, or software transferred, whether intentional or accidental, without such permission.

K. The student may log on and use the network under the immediate supervision of a staff member and only with the student’s authorized account.

L. The District reserves the right to log computer use and to monitor file server space utilization. The District reserves the right to remove a user account from the network to prevent further unauthorized activity.

M. The student has no expectation of privacy in his/her use of the network.

In consideration for the privileges of using the District and/or network resources, and in consideration for having access to the information contained on the network, or by the network, I hereby release the District, from any and all claims of any nature arising from my use, or inability to use the District and/or network resources.

Students agree to abide by such rules and regulations of system usage as may be further added from time to time by the District and/or network. These rules are also available in hardcopy form in the principal’s office.

Parents or legal guardians agree to this agreement and will indemnify the District for any fees, expenses, or damages incurred as a result of their child’s use or misuse of the network or equipment.

**Student Records**

Lakeview Public Schools maintains many student records, including both directory information and confidential information.

Neither the Board nor its employee’s shall permit the release of the social security number of a student, or other personal information, except as authorized by law. Documents containing social security numbers shall be restricted to those employees who have a need to know that information or a need to access those documents. When documents containing social security numbers are no longer needed, they shall be shredded by an employee who has authorized access to such records.

Directory information includes:

- a student's name;
- major field of study;
participation in officially recognized activities and sports;
height and weight, if a member of an athletic team;
dates of attendance;
date of graduation; or
awards received.

Directory information can be provided upon request to any individual, other than a for-profit organization, even without the written consent of a parent/guardian. (This includes, but is not limited to: yearbooks, athletic programs, academic honor roll lists, graduation programs, student recognition programs, drama production programs, etc.) Parents/guardians may refuse to allow the District to disclose any or all of such “directory information” upon written notification to the District.

Other than directory information, access to all other student records is protected by Family Education Rights and Privacy Act (FERPA) and Michigan law. Except in limited circumstances, as specifically defined in State and Federal law, Lakeview Public Schools is prohibited from releasing confidential education records to any outside individual or organization without the prior written consent of the parents, or the adult student, as well as those individuals who have matriculated and entered a postsecondary educational institution at any age.

Confidential records include test scores, psychological reports, behavioral data disciplinary records, and communications with family and outside service providers.

Students and parents have the right to review and receive copies of all educational records. Costs for copies of records will be charged to the parent/guardian. To review student records, please provide a written notice identifying requested student records to the building principal. You will be given an appointment with the appropriate person to answer any questions and to review the requested student records.

Parents/guardians and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading, or violates the student’s privacy. A parent/guardian or adult student must request the amendment of a student record in writing and if the request is denied, the parent/guardian or adult student will be informed of their right to a hearing on the matter.

Individuals have a right to file a complaint with the United States Department of Education if they believe that the District has violated FERPA.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the District’s curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an un-emancipated minor, his/her parents/guardians, to submit or to participate in any survey, analysis, or evaluation that reveals information concerning:

A. political affiliations or beliefs of the student or his/her parents;
B. mental or psychological problems of the student or his/her family;
C. sex behavior or attitudes;
D. illegal, anti-social, self-incriminating or demeaning behavior;
E. critical appraisals of other individuals with whom respondents have close family relationships;
F. legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
G. religious practices, affiliations, or beliefs of the student or his/her parents/guardians; or
H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).
Consistent with the PPRA and Board policy, the Superintendent shall ensure that procedures are established whereby parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation.

Further, parents/guardians have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the students. The parent/guardian still have access to the survey/evaluation within a reasonable period of time after the request is received by the building principal.

The Family Policy Compliance Office in the U.S. Department of Education administers both FERPA and PPRA. Parents/guardians and/or eligible students who believe their rights have been violated may file a complaint with:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW 20202-4605  
www.ed.gov/offices/OM/fpco

Informal inquiries may be sent to the Family Policy compliance Office via the following e-mail addresses:

FERPA@ED.Gov; and  
PPRA@ED.Gov.

Textbooks

Each student will be issued textbooks. Once issued, they become the responsibility of the student. Books may be issued new or previously used. When the text is used, the student and/or teacher should note any damage on the Book Assessment form so that a student will not be assessed damage fees for a previous students’ negligence. The texts should not be written in, loaned to another student, or treated carelessly. Gym and hallway lockers should be securely locked, and no one other than the student should have access. Books missing from lockers are still the student's responsibility. At the close of the semester (or school year), all books are to be returned. Fines for damage or loss will be assessed to the student to whom the book was assigned. Schedules and transcripts will not be sent if textbooks are not returned or fines paid.

Evaluating And Reporting Student Progress

Assessment Program

Assessments are administered in all Lakeview schools at different times through the school year to measure student progress. Students will be tested in accordance with State standards and District policy. As a condition of being enrolled in Lakeview Public Schools, all students are expected to complete the adopted local and State assessments annually, to be eligible to be promoted to the next grade level. While no assessment instrument in and of itself can provide an adequate picture of a child’s academic ability or school achievement, the assessment program does provide:

1. A means of effective counseling and guidance by helping students understand their capacities and limitations, interests and achievements, personal and social growth so that they can make increasingly mature judgments.

2. An aid to teachers in understanding needs and capabilities of students for the purpose of meeting those needs more adequately in the classroom. A means of effective parent/guardian guidance
through helping parents/guardians better understand the capacities and limitations, interests and achievements, personal and social growth of their child.

3. A method of evaluating present curriculum and to point out needs for changes or curriculum study on a district-wide basis. Parents/Guardians are encouraged to discuss their child’s test results with the teacher during parent/guardian teacher conferences.

In addition to local assessments, students in grades K-11 will be administered the Northwest Evaluation Association (NWEA) assessments three times per year. Students in grades 3-9 will be administered the M-STEP, state standardized test, and unless exempted, each 11th grade student, over a two-week span will be administered the M-STEP (including SAT). Lakeview will not violate the rights of consent and privacy of a student participating in any form of evaluation.

The evaluating and reporting of student performance is an integral part of the school process. All required work is a part of the assessment, both positive and negative aspects of this work should be considered. Student input is allowed and encouraged.

The method of reporting is simple and effective. It must give both the student and the parents/guardians a clear and concise picture of intellectual, physical, emotional, and social functioning.

**Grades**

The Board of Education recognizes its responsibility for providing a system of grading student achievement that can help the student, teachers, and parents judge properly how well the student is achieving the goals of the District's program.

The Board believes that the District's grading system should be a reliable system and one that ensures each student's grades signify accurately his/her degree of accomplishment of those expected learning outcomes which are to be stated for each program at every grade level, kindergarten through twelfth.

The Board directs the Superintendent to develop Administrative Guidelines for grading which:

A. develop clear, consistent criteria and standards particularly when grades are based on subjective assessment;

B. help each student understand in each course or program what behavior and/or achievement is needed to earn each grade as well as what will produce a failing grade;

C. provide frequent opportunities for each student to obtain information as to his/her progress toward the learning goals of his/her courses or programs;

D. provide for a pass/fail grade in programs for which it is appropriate;

E. provide students the opportunity to assess both their own achievements and their areas of difficulty.

The grading system should not inhibit the professional staff member from learning the strengths and weaknesses of each student on an individual basis.

The grading system should be subject to continual review by staff, students, and parents. Revisions shall be made only when such changes will assure a clearer, more valid, or more reliable system of grading.
The teacher responsible for a student's instruction in a particular course or program shall determine the student's grade. That grade may not be changed without the teacher's consent unless overruled in accordance with State law and the guidelines established by the Superintendent.

**Elementary Grading**

The elementary grading system is based upon a standards-based reporting system. Students are provided with a “ranking” based upon his/her mastery of the content expectations for his/her grade level. Elementary students receive four report cards throughout the year (quarterly). Students receive indicators of their progress on academic standards, as well as indicators of his/her performance level in respect to life skills, a summary of attendance for the card marking, and comments from the teacher about progress.

**Secondary Grading**

Jefferson Middle School and Lakeview High School both utilize a traditional letter grading system (A-F) for which to report student progress. Students are provided a letter grade for academic achievement, a “rating” for citizenship and work habits, as well as an attendance summary for that marking period on each of their report cards.

**Grading Policy (High School)**

Six week marking periods:
- Each marking period is worth 30% of the student’s grade.
- The Final Exam is worth 10% of the student’s grade.

Nine week marking periods:
- Each marking period is worth 45% of the student’s grade.
- The Final Exam is worth 10% of the student’s grade.

Progress Reports

Students and parents are provided 24/7 access to Power School, the district’s student management system, to be able to view attendance, assignments, and grades. It is highly encouraged that students and parents access Power School often in order to be regularly informed of student progress.

Parent/Teacher Conferences

Parent/Teacher Conferences dates are printed in the yearly calendar. If a special conference aside from these times needs to be scheduled, a mutually agreeable time can be arranged with one or more teachers, counselors, and/or administrators. These can be scheduled through the classroom teacher at the elementary level and the counselors at the secondary level.

It should be noted that phone or e-mail contacts can also be made if situations are not serious enough to warrant a personal visit. Each staff member has a voice mailbox which can be accessed by calling the main number of each building and an e-mail address which is the first initial and last name of the staff member followed by @scslakeview-k12.com.

It is important that students, parents/guardians, and teachers keep the lines of communication open to ensure that the best possible school experience is achieved.

Promotion, Placement, And Retention

The Board of Education recognizes that the personal, social, physical, and educational growth of children will vary and that they should be placed in the educational setting most appropriate to their needs at the various stages of their growth.

It shall be the policy of the Board that each student be moved forward in a continuous pattern of achievement and growth that is in harmony with his/her own development.

Such pattern should coincide with the system of grade levels established by this Board and the instructional objectives established for each.
A student will be promoted to the succeeding grade level when s/he has:

A. in the opinion of the professional staff, achieved the instructional objectives set for the present course or grade; and  
B. demonstrated the degree of social, emotional, and physical maturation necessary for a successful learning experience in the next grade.

Following sound principles of child guidance, the Board discourages the skipping of grades.

The Superintendent shall develop administrative guidelines for promotion and retention of students which:

A. ensure students who are falling seriously behind their peers or who may not be promoted receive the special assistance they may need to achieve the academic outcomes of the District's core curriculum;  
B. require the recommendation of the relevant staff members for promotion or retention;  
C. require that parents are informed in advance of the possibility of retention of a student at a grade level;  
D. assure that efforts are made to remediate the student's difficulties before s/he is retained;  
E. assign to the building principal the final responsibility for determining the promotion or retention of each student.

**Report Cards**

Report cards are issued at the end of each card marking period to parents/guardians of all students. Information contained in the report includes:

A. Academic grades  
B. Citizenship marks  
C. Comments by teachers  
D. Absence/Tardy record for that marking period only

**Testing Out of a Course (High School)**

Students have the right to attempt to test out of a course if they already have mastered the content expectations for that course. Students who are interested in exploring this option should see their counselor to obtain information on the procedure and the deadlines for taking the “test out” assessment.

**Student Activities**

**Nonschool-Sponsored Clubs and Activities**

Nonschool-sponsored student groups organized for religious, political, or philosophical reasons may meet during non-instructional hours. The applicant for permission can be obtained from the principal. The applicant must verify that the activity is being initiated by students, that attendance is voluntary, that no school staff person is actively involved in the event, that the event will not interfere with school activities and that non-school persons do not play a regular role in the event. All school rules will still apply regarding behavior and equal opportunity to participate.
Membership in any fraternity, sorority, or any other secret society as proscribed by law is not permitted. All groups must comply with School rules and must provide equal opportunity to participate.

No non-district-sponsored organization may use the name of the school or school mascot.

Non-Sufficient Funds (NSF) Check Policy

Lakeview Public Schools reserves the right to prohibit the acceptance of checks by parents, guardians, or other individuals after receipt of two (2) or checks that are returned non-sufficient funds (NSF) or closed accounts. All NSF/closed account checks are immediately forwarded to the District’s collection agency. Parents, guardians or other individuals are responsible for reimbursing the District and/or the collection agency for bank fees incurred, as well as the value of the check.

Notification will be sent warning individuals about the potential restriction of accepting checks after the first offense. Once the District has received a second returned check, the only method of payment that will be accepted for any service, events, programs or fees will be cash or money order. If there is a change in circumstances, Administration reserves the right to rescind this policy.

School-Sponsored Clubs and Activities

Lakeview Public Schools provides students the opportunity to broaden their learning through curricular-related activities. A curricular-related activity may be for credit, required for a particular course, and/or contain school subject matter.

A student’s use of a performance-enhancing substance is a violation that will affect the student’s extracurricular participation.

The Board authorizes many student groups that are sponsored by a staff member. Extra-curricular activities do not reflect the school curriculum, but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports, drama, and the like.

All students are permitted to participate in the activities of their choosing, as long as they meet the eligibility requirements. (All Levels)

Eligibility for Privileged Activities (Middle and High School)

Social activities are deemed as privileges and are viewed as a reward within our high-expectation system. These activities include, but are not limited to, field days, sporting events, assemblies, 6th grade camp, dances and specialized 8th grade and senior activities. Students have the privilege to participate in these events unless their academics, attendance, and/or discipline prevent them from meeting minimum academic standards and behavioral expectations established by the District. Students who are passing their classes, on track for graduation, maintaining 90% attendance, and demonstrating appropriate behaviors not resulting in suspension will be considered eligible for these privileges. Students could lose these privileges but will be offered opportunities to earn the privilege back, in most cases, at the discretion of administration. There is an appeal process/committee in place for students who fall below the minimum requirements for earning participation in privileged activities.
Student Employment

The school does not encourage students to take jobs outside of school that could interfere with their success in school. If a student believes that s/he must maintain a job in addition to going to school, s/he must first make contact with his/her counselor to discuss any legal requirements and obtain any needed documents.

Enrollment

Admission Requirements

In general, State law requires students to enroll in the school district in which their parent or legal guardian resides unless enrolling under the District’s school of choice policy.

New students under the age of eighteen (18) must be enrolled by their parent or legal guardian. When enrolling, parents must provide copies of the following:

A. a birth certificate or similar document,
B. court papers allocating parental rights and responsibilities, or custody (if appropriate),
C. proof of residency,
D. proof of immunizations.

Under certain circumstances, temporary enrollment may be permitted. In such cases, parents will be notified about documentation required to establish permanent enrollment.

Students enrolling from another school must provide an official transcript from their previous school in order to have credits transferred. Lakeview schools will assist in obtaining the transcript, if not presented at the time of enrollment.

Homeless students who meet the Federal definition of homeless may enroll and will be under the direction of the District Liaison for Homeless Children with regard to enrollment procedures.

New students eighteen (18) years of age or older are not required to be accompanied by a parent when enrolling. When residing with a parent, these students are encouraged to include the parents in the enrollment process. When conducting themselves in school, adult students have the responsibilities of both student and parent.

A student who has been suspended or expelled by another public school in Michigan may be temporarily denied admission to the District’s schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school in the District. Likewise, a student who has been expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal
has not expired, may be temporarily denied admission to the District’s schools during the period of expulsion or removal or until the expiration of the period of expulsion or removal which the student would have received in the District had the student committed the offense while enrolled in the District. Prior to denying admission, however, the Superintendent or designee shall offer the student an opportunity for a hearing to review the circumstances of the suspension or expulsion and any other factors the Superintendent determines to be relevant.

Students are required to attend school once they are enrolled and can be dropped as a student of Lakeview Public Schools for lack of attendance.

Any questions regarding enrollment should be directed to the Curriculum Office at (586) 445-4000 extension 2504.

**Change in Residency**

Parents/Guardians are required to notify the school office for each of their children when there has been a change in residency. In most cases, a student will be permitted to complete the current school year and the school personnel will assist with the steps that need to be taken to continue enrollment in Lakeview Public Schools. If it is discovered that a student’s residency has changed and the school has not been notified of the change, the student may be ineligible to attend and may be excluded from attendance immediately.

**Immunizations**

Students must be current with all immunizations required by law or have an authorized waiver from State immunization requirements. If a student does not have the necessary shots or waivers, the principal may remove the student or require compliance with a set deadline. This is for the safety of all students and in accordance with State law. Any questions about immunizations or waivers should be directed to the school secretary.

**Scheduling and Assignment**

**Elementary Buildings**

The principal will assign each student the appropriate classroom and program. Any questions or concerns about the assignment of a student should be discussed with the principal in a scheduled appointment.

**Secondary Buildings**

Schedules are provided to each student at the beginning of the school year or upon enrolling. The schedule is based upon the student's needs and available class space. Any changes in a student's schedule should be handled through the Counseling Office. It is important to note that some courses may be denied because of available space or the need to take prerequisites. **Students are expected to follow their schedules.** Any variation requires the student to have their schedule changed by their counselor or building administrator.
Schools of Choice

The Board of Education has determined that it will allow nonresident students, residing within the Macomb ISD, but whose parent(s) does not reside in the District, and who qualify, to enroll in the District through a Schools of Choice program during the forthcoming school year.

The Board shall review this decision annually based on information provided by the Superintendent concerning the availability of space in each of the district’s schools and programs. The board shall determine and publish whether or not it will accept applications for enrollment by new constituent district students, contiguous district students, or tuition students by the second Friday in August for the next school year. The Board may, at its option, choose to accept Schools of Choice students for any second semester openings. Openings for second semester must be published two (2) weeks prior to the end of the first semester.

Any constituent or contiguous district students who were enrolled during the previous school year or semester under a Schools of Choice program will be permitted to enroll for the next school year. Students who have been enrolled in the District through a Schools of Choice Program during the previous semester or school year may continue their enrollment through graduation provided they maintain continuous enrollment and are not expelled for disciplinary reasons.

Transfer Out of the District

Parents/guardians must notify the principal about plans to transfer their child to another school. If a student plans to transfer from Lakeview Public Schools, the parent/guardian must notify the principal. Transfer will be authorized only after the student has completed the arrangements, returned all school materials, and paid any fees or fines that are due. School records may not be released if the transfer is not properly completed.

Parents/guardians are encouraged to contact the Curriculum Office at (586) 445-4000 ext. 2504 with any questions.

School officials, when transferring student records, are required to transmit disciplinary records including suspension and expulsion actions against the student.

Withdrawal from School (Secondary Students)

No student under the age of eighteen (18) will be allowed to withdraw from school without the written consent of his/her parent/guardian. A student withdrawing from school must contact an assistant principal. To withdraw, the student needs to:

1. Pick up a withdrawal form from the Records Secretary in the Main Office and have it signed by the indicated staff.
2. Return all books to the teachers who issue them.
3. Pay all fines and fees.
4. Return the withdrawal form to the assistant principal's office. No student may legally or officially be removed from school rolls unless the student complies fully with this withdrawal procedure.
Attendance

Attending school is both necessary and the law. State law requires school attendance until the age of sixteen. Students, who do not maintain good attendance may fail, lose certain privileges, and/or have the parents/guardians taken to court. Lakeview Public Schools has an attendance policy to avoid these negative consequences.

The District expects all students to attend a minimum of 90% of the school days scheduled for the school year. If a student falls below this threshold at any time during the year, warning notifications and discipline, referral to truancy, up to and including being dropped from attending may result. The District expects that all students are in attendance for a minimum of 90% of the scheduled instructional time. Excessive absences and tardies have an impact on the instructional learning for students.

Absences

All parents and guardians are requested to notify the school prior to starting time if their child will be absent from school and the reason for the absence. If a child has been in attendance in the morning and will not return in the afternoon, please notify the office as soon as possible. If your child is absent and the school has not been notified, the school will call home using the automated system. This will help assure the school and parents/guardians that all students are present and accounted for if they were sent to school in the morning.

In the event a child is absent due to medical reasons, a doctor’s note MUST be provided to the school office in order for the absence to be considered excused. If no note is provided, the absence will be unexcused and the student will be considered truant. We are obligated to report excessive absences and tardies to the Truant Officer. If the absence of a student appears to be questionable or excessive, the school staff will try to help the student improve attendance.
Attendance Policies

All student absences fall into one of three categories. The three types of absences are:

1. **Excused Absence**: An absence is considered an excused absence if it meets the following criteria;
   a. Documented bereavement
   b. Documented court appearances
   c. Personal illnesses with documentation from a doctor.

2. **Verified Absence**: An absence is considered a verified absence if the Parent/guardian notifies the attendance office of the absence and the school is aware of the reason for the absence. This includes;
   a. Illnesses without a doctor’s note
   b. Vacations
   c. College visits
   d. Other appointments
   *Verified absences are not excused absences but verifying the student’s absence is necessary to avoid possible discipline for skipping.

3. **Unverified Absence**: An absence is an unverified absence if a student does not show up for school/class and the attendance office is unaware of the absence. The student is then subject to the appropriate discipline actions.

**Elementary Level**: If your child arrives to or leaves school after 9:45 a.m. or arrives to or leaves school before 1:45 p.m. they will be marked as a verified absence for the a.m. or p.m. unless a doctor’s note has been provided, in which case it will be marked as an excused absence.

It is the policy of Lakeview Public Schools that a student will be referred to the Macomb County Truancy Office if they have ten (10) or more Verified or Unverified absences in a semester. (The truancy office does not consider verified absences, regardless of the reason, to be acceptable if they are excessive.)

**Secondary Level**: A student will be marked absent for the class period if he or she misses more than 10 minutes of the scheduled instructional time due to arriving late or leaving early.

*Students must attend at least half of the school day of a scheduled athletic or co-curricular event in order to participate or attend the event, unless they have pre-authorization from the building administrator.*

**Tardy Policy**

A student who is not in his/her assigned location at the start of the school day, immediately following lunch, or at the start of the class period shall be considered tardy. A secondary student will be marked absent for the class period if he/she misses more than 10 minutes of the scheduled instructional time. An elementary student will be marked absent for the a.m. and/or p.m. if the student misses more than half of scheduled instructional time due to arriving late or leaving early. If a student is signed out after 1:45 p.m. he/she will be assigned a tardy. Excessive tardies and missed instructional time negatively impact the success of students and should this occur, students will be subject to discipline accordance with the policy below, as well as potential referrals to the county truancy officer. Students that arrive late to school should report immediately to the school office at the elementary buildings and the Attendance Office at the secondary schools.
Consequences for tardiness are:

**Elementary Buildings**

- 5\textsuperscript{th} tardy = Warning letter generated (by semester)
- 9\textsuperscript{th} tardy = Second letter warning of referral to truancy (by semester)
- 11\textsuperscript{th} tardy = Letter informing of referral to truancy (by semester)

**Jefferson Middle School**

- 3\textsuperscript{rd} tardy = Warning is sent home
- 6\textsuperscript{th} tardy = After-school detention assignment
- 8\textsuperscript{th} tardy = One after-school detention and one lunch detention
- 11\textsuperscript{th} tardy = Truancy referral is filed with the ISD

**Lakeview High School**

- 3\textsuperscript{rd} tardy = Warning provided by the teacher
- 5\textsuperscript{th} tardy = Detention assignment (after school or 2 lunch)
- 7\textsuperscript{th} tardy = One day of out-of-school suspension (OSS), or opt out by doing 4 hours of approved community service
- 9\textsuperscript{th} tardy = One day OSS, or opt out by doing 4 hours of approved community service
- 11\textsuperscript{th} tardy and beyond = One day OSS, with referral to truancy and be considered non-compliant behavior, initiating potential further discipline according to the code of conduct step system.

*Secondary tardies will be calculated by class period and action will be taken independently related to each class.*

*Failure to serve detentions assigned for being tardy can result in additional detentions or possible in-house suspension.*

**Truancy**

Truancy is being excessively absent/tardy from classes without professional documentation. This type of behavior will not be tolerated. A student is truant when they are:

1. Absent without documentation from a scheduled class
2. Excessively tardy
3. Skipping lunch
4. Leaving classes without permission
5. Excessively absent from classes due to discipline referrals

After 10 days per semester, a student will be considered a “habitual truant” which can result in:

- A poor work-ethic grade with will become a part202 of the student's permanent record;
- A report to the Macomb County Truant Officer;
- A hearing before a judge in a court of law;
- Assignment to an alternative placement with loss of participation in school activities and events.
- Students over the age of 16 may be dropped from enrollment and required to re-enroll the next semester.
Early Dismissal

No student will be allowed to leave school prior to dismissal time without a written request signed by his/her parent/guardian or the parent coming to the school office to request the release. Students will be subject to discipline for non-compliance if they leave school without prior parent permission being documented in the building office/attendance office. Building walkouts may not be changed to verified absences after the fact.

No student will be released to a person other than a custodian parent(s) or an individual listed on the student’s emergency card. Individuals picking up students must be able to show proper I.D.

If a student has a dental or medical appointment during the school day a parent/legal guardian call is required. If the student returns to school later that same day, verification of the appointment is required. Students who are excused to leave the building for any other reason may not return to school for the remainder of the day. Any exceptions (i.e. funerals, court appointment, etc.) need prior approval from a building administrator. When a student returns to school, he/she must report to the office. (Attendance Policy above applies to all early dismissals.)

Make-Up Work

1. It is the responsibility of the student to complete any work given during his/her absence.
2. Make-up time is equal to the number of days absent.
3. Assigned work helps to determine card-marking grades. Failure to complete required work may reduce those grades. Prompt completion is therefore desirable.
4. Make-up work for one or two day absences will be available upon return to school. Students and teachers should agree upon a completion schedule based on the length of absence.
5. Make-up work for absences of three days or more may be obtained by special arrangement with the child’s teacher by e-mailing the student’s teacher(s) to make the request. If possible, teachers will prepare materials during the day of request. Work may then be picked up at the end of the day. If this is not possible, work may be acquired and completed upon return to school.

Student Attendance at School Events

The school encourages students to attend as many school events held after school as possible, without interfering with their school, work, and home activities. Enthusiastic spectators help to build school spirit and encourage those students who are participating in the event.

However, in order to ensure that students attending evening events as nonparticipants are properly safe-guarded, it is strongly advised that secondary students be accompanied by a parent or adult chaperone when they attend the event. It is mandatory that elementary and middle school students be accompanied by a parent or adult chaperone at all high school events. The school will not be able to supervise unaccompanied students nor will it be responsible for students who arrive without an adult chaperone.

The school will continue to provide adequate supervision for all students who are participants in a school activity. Students must comply with the Code of Conduct at school events, regardless of the location.
Suspensions

Suspensions and/or absences which are the result of school-sanctioned or school-sponsored activities are exempted from inclusion in either the excused or unexcused absence totals. Suspended students are not permitted to participate in, or attend, school functions on the day(s) of the suspension, the weekend, and/or the school break when they are suspended on the last day before the weekend/break.

Parents/legal guardians are urged to review and discuss this attendance policy with their son/daughter. Parents/legal guardian may also call the attendance office during regular school hours to check on their son's/daughter's attendance. We strongly encourage a close, working partnership with Lakeview parents/legal guardian.

Vacations

Parents/Guardians are encouraged not to take their child out of school for vacations. When a family vacation must be scheduled during the school year, the parents/guardians should discuss the matter with the principal and make necessary arrangements for makeup work with the teacher(s) (in writing) at least one week in advance. It should be noted that the Macomb Country Attendance Office does not recognize vacations as an excused absence. Parents/Guardians should consider planning vacation times around the school calendar. Though work may be completed, class experiences cannot be repeated or duplicated. Vacations taken during scheduled school days will be coded as verified (unexcused) absences.

Student and School Safety

Blood-Borne Pathogens

The Board of Education seeks to provide a safe educational environment for students and staff. This can best be accomplished by assuring that all persons with the school community understand the method of transmission and prevention of diseases that are not contracted through air-borne pathogens, but rather, through direct contact with body fluids and excretions, especially blood, vomit, feces, or urine. The Board is also committed to assuring the confidential status of individuals who may have been diagnosed with a blood-borne communicable disease. The Board has adopted a policy (8354.01) to address blood-borne pathogens.

Breakfast/Lunch Program

Lakeview Public Schools offers healthy meals every school day through our food service department. Students may buy breakfast and/or lunch each day. Some students may qualify for free meals or for reduced priced meals. Free and reduced lunch applications may be obtained on the district website or at any of our school offices. Buildings will not accept food deliveries from outside companies/vendors for students.

Communicable Diseases

If your child becomes ill or shows signs of developing any communicable disease during school hours, you will be contacted. In the event that he/she has a contagious disease, you are requested to inform the school office.

Parents/Guardians are advised not to return their children to school until at least the day after the communicable period has passed. This will help in preventing the spread of the disease to the other
children. If you have any questions regarding communicable diseases, contact your doctor or the Macomb County Health Department at 586-466-6800 for further information.

Health Department Regulations dictate that pupils who have been absent with a communicable disease may be re-admitted as follows:

<table>
<thead>
<tr>
<th>PROBLEM</th>
<th>RE-ADMITTED</th>
</tr>
</thead>
<tbody>
<tr>
<td>Chicken Pox</td>
<td>When skin is clear of active lesions</td>
</tr>
<tr>
<td>German Measles</td>
<td>After 5 days, if completely recovered</td>

</table>

**Drop-off and Pick-Up Procedures**

Each building has drop-off and pick-up procedures that are designed to ensure the safety of our students, staff, and parents. Please check with your child’s school for procedures specific to that school.

**Emergency Medical Authorization**

The Board has established a policy that every student must have emergency medical information annually entered into Info Snap, the district’s online student information program, by his/her parent/guardian. The emergency medical fields must be completed, and updated, for participation in any activity on or off school grounds. This includes field trips, spectator trips, athletic and other extra-curricular activities, and co-curricular activities.

Parents/Guardians have access to the emergency medical fields in Info Snap at the time of enrollment, at the beginning of each year, and throughout the year, as changes in a student’s health arises. Failure to complete the information in Info Snap will jeopardize a student’s educational program.

In addition, Lakeview Public Schools is authorized to and will call 911 in the event of a case where emergency medical care is required for a student.

**Emergency Closings and Delays**

If the school must be closed or the opening delayed because of inclement weather or other conditions, the District will notify the following radio and televisions stations:

**Radio Stations:** WWW, WWJ, WJR

**TV Stations:** Channels 2, 4, 7, and Education Access Channel

Lakeview Public Schools will also post the information on the building and district websites, as well as utilize School Messenger, the district’s automated phone system, to call each home with a recorded message communicating the emergency closing or delay.
Fire, Lock Down, and Tornado Drills

The school complies with all fire safety laws and will conduct fire drills in accordance with State law. Specific instructions on how to proceed will be provided to students by their teachers who will be responsible for safe, prompt, and orderly evacuation of the building. The alarm signal for fire drills consists of a continual buzzing sound.

Tornado drills will be conducted during the tornado season using the procedures provided by the State. The alarm signal for tornados is different from the alarm signal for fire and lock down drills and consists of a pattern of three short rings of the school bell followed by a short pause.

Lock down drills in which the students are restricted to the interior of the school building and the building secured will occur a minimum of two (2) times each school year. The alarm signal for a school lock down is different from the alarm system for fires and tornadoes and consists of a verbal notification over the PA system.

Identification Cards

Picture identification cards are issued to all JMS and LHS students. I.D. cards are required to check out media center materials, purchase lunches, to purchase event tickets and to schedule classes. Students who do not bring their ID cards to purchase lunch will be moved to the end of the line.

Injury And Illness

All injuries must be reported to a staff member or the office. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the school’s emergency procedures.

A student who becomes ill during the school day should request permission to go to the office. An appropriate adult in the office will determine whether or not the student should remain in school or go home. If a student is to be sent home, the parent/guardian will be contacted.

In all cases of sickness or accident, it is necessary for a parent/guardian, or an adult designated on the child’s emergency card, to sign the child out in the main office at the elementary buildings and the Attendance Office at the middle school and high school. For this reason, it is very important to keep each student’s emergency card up to date with accurate work/home and other release phone numbers.

High school students may be granted permission to leave the building in the event of an illness if school personnel gains permission from the parent/guardian in advance and a pass is issued to the student. If a student leaves the building without the office having obtained parent/guardian permission and issuing a pass to the student, it will be considered skipping and the appropriate discipline will be applied.

Medications

The medications and/or treatments which may be administered are defined in Policy 5330. In those circumstances where a student must take prescribed or non-prescribed medication during the school day, the following guidelines are to be observed:

A. Parents should determine with their physician's counsel whether the medication schedule can be adjusted to avoid administering medication during school hours.

B. The Medication Request and Authorization Form must be filed with the respective building principal before the student will be allowed to begin taking any medication during school hours. This written and signed request form will include:
1. student's name;
2. medication and dosage or procedure required;
3. times required;
4. special instructions including storage and sterility requirements;
5. date prescribed medication will be started;
6. date prescribed medication will no longer be needed;
7. physician's name, address, and telephone number;
8. probable side effects;
9. authorization for school personnel to administer the prescribed medication, if necessary;
10. agreement/satisfactory arrangement to deliver medication to/from school;
11. agreement to notify the school in writing if the medication, dosage, schedule, or procedure is changed or eliminated. A new request form must be submitted each school year.

C. All medications to be administered during school hours must be registered with the principal's office.

D. For each prescribed medication, the container shall have a pharmacist's label with the following information:
   1. student's name
   2. physician's name
   3. date
   4. pharmacy name and telephone
   5. name of medication
   6. prescribed dosage and frequency
   7. special handling and storage directions

E. Any unused medication unclaimed by the parent will be destroyed by school personnel when a prescription is no longer to be administered or at the end of a school year.

F. The parents shall have sole responsibility to instruct their child to take the medication at the scheduled time, and the child has the responsibility for both presenting himself/herself on time and for taking the prescribed medication.

G. A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date, and the time of day. This log will be maintained along with the physician's written request and the parent's written release.

H. The Medication Request and Authorization Form shall be completed and signed by the principal authorizing the person(s) who may administer the medication or procedure.

Michigan Sports Concussion Law

The State of Michigan has recently enacted two laws regarding Sports Concussion Awareness for organizing entities, sponsors or operators of an athletic activity in which youth athletes will participate. The law requires school districts to:

- **Ensure that required training is completed.**
- Coaches, employees, volunteers, and other adults who are involved with a youth athletic activity sponsored by or operated under the auspices of the organizing entity must complete one of the two
concussion awareness on-line training programs. (Either "Youth Sports Training" or "High School Sports Training")

- **Provide educational materials to youth athletes and parents.**
  - The organizing entity is responsible for providing educational materials to each youth athlete who participates in a sponsored athletic activity and their parents/guardians.

- **Document and maintain receipt of educational materials by youth athletes and parents.**
  - The organizing entity is responsible for obtaining a signed statement by each youth athlete and parent/guardian that acknowledges receipt of educational materials on concussions and their consequences. Signed statements shall be maintained in a permanent file for the duration of the youth athlete's participation in the athletic activity or until the youth athlete is 18 years of age.

- **Immediately remove from play any youth athlete suspected of sustaining a concussion.**
  - The coach or other adult employed by, volunteering for or acting on behalf of the organizing entity during an athletic event sponsored or operated by that entity shall immediately remove an athlete from physical participation who is suspected of sustaining a concussion during the athletic activity.
  - An athletic activity means a program or event, including practice and competition, during which youth athletes participate or practice to participate in an organized athletic game or competition against another team, club, entity or individual. Athletic activity includes participation in physical education classes that are part of a school curriculum.

- **Before returning a youth athlete to play, obtain written clearance from an appropriate health professional.**
  - The youth athlete suspected of sustaining a concussion is not allowed to return to any physical activity until they have been evaluated by an appropriate health professional and must receive written clearance from an appropriate health professional authorizing return to physical activity.
  - The organizing entity shall maintain the Written Clearance to Return to Play Forms in a permanent file for the duration of the participation of the youth athlete in a physical activity or until the youth athlete is over 18 years of age.

More information on the law can be found at www.michigan.gov/sportsconcussion.

### Pesticide Program

Please be advised that routine pest control services are provided in the cafeteria, kitchen, and select areas by a certified applicator on the 2nd Monday of each month in all school buildings. If a special application is necessary, notice shall be posted at the entrance of the school and posted on the District’s website. This notice shall contain information about the pesticide, purpose, location, date of application and contact information. The routine and special applications, which are provided at the school buildings, occur during non-school hours.

A parent/guardian is entitled to notification of special application by first-class mail, postmarked three days before the application, if a request is made to the building administrator. For further information on the asbestos and pesticide programs, please contact Mr. Sean Zaborowski, Director of Operations & Athletics, 445-4000, ext. 2526. (This notice is published per Regulation 637 Act 171, Public Acts 1976, as amended.)

### Preparedness for Toxic and Asbestos Hazards

Lakeview Public Schools is concerned for the safety of students and attempts to comply with all Federal and State Laws and Regulations to protect students from hazards that may result from industrial accidents beyond the control of school officials or from the presence of asbestos materials used in previous construction. A copy of Lakeview’s Preparedness for Toxic Hazard and Asbestos hazard Policy and asbestos management plan will be made available for inspection at the Administration Offices upon request.
Student Parking/Passes

All students must park in the student parking lot (Auditorium lot), during school hours. Students may not park in the 11 Mile Road cutout or the east parking lot (cafeteria/football field lot). Parking passes are required for all vehicles. Registration is handled by the Counseling Secretary in the main office at the high school. Parking passes are free for students and staff.

Video Surveillance

Lakeview Public Schools utilizes video surveillance and electronic monitoring in order to protect District property, promote security and protect the health, welfare, and safety of students, staff, and visitors.

Every effort shall be made to apprehend those who knowingly cause serious physical harm to students, staff, visitors, and District property and to require prosecution of those who bring harm to persons and property. The Board will seek repairs to rectify the damage or payment of a fee to cover repairs. A reward may be offered for apprehending such persons.

Video surveillance will not be used in bathrooms or locker rooms, although these areas may be placed under surveillance by individuals of the same sex as the occupants of the bathrooms or locker rooms.

Visitors

Adult visitors during the school day:
1. Must check in at the attendance office near the parking lot entrance when wishing to see a staff member or administrator. The guest will sign in and receive a “Visitor’s Badge.”
2. If an adult wishes to deliver money, clothing, lunches, etc. to a child, these items should be brought to the attendance office. An office monitor will bring the item(s) to the student.
3. School volunteers must complete a volunteer consent form before supervising or assisting in any school activity.
4. Security concerns prohibit parents or guardians from going directly to classrooms. Appointments with teachers must be arranged beforehand.
5. The administration reserves the right to ask for picture identification.
6. The administration reserves the right to limit the visits of parents or guardians that disregard visitor procedures.

Student visitors are not permitted.

Code of Conduct

A major component of the educational program at Lakeview Public Schools is to prepare students to become responsible workers and citizens by learning how to conduct themselves properly and in accordance with established standards.

The student code has been established on the premise that each student
1. has the right to learn and no one has the right to interfere
2. should respect the dignity, welfare, and material possessions of others
3. should follow all established school rule

Each student is expected to:
• abide by national, State, and local laws as well as the rules of the school;
• respect the civil rights of others;
• act courteously to adults and fellow students;
• be prompt to school and attentive in class;
• work cooperatively with others when involved in accomplishing goal, regardless of the others ability, gender, race, religion, eight, weight, disability, sexual orientation, or ethnic background;
• complete assigned tasks on time and as directed;
• help maintain a school environment that is safe, friendly, and productive;
• act at all times in a manner that reflects pride in self, family, and in the school.

Backpacks, Purses, Athletic Bags

Backpacks, purses, athletic bags, etc. are not permitted in classrooms.

Bullying Policy

It is the policy of the District to provide a safe and nurturing educational environment for all of its students. This policy applies to all activities on school property and to all school sponsored activities, whether on or off school property.

Bullying or other aggressive behavior toward a student, whether by other students, staff, or third parties, including Board members, parents, guests, contractors, vendors, and volunteers, is strictly prohibited. This prohibition includes physical, verbal, and psychological abuse, including hazing, gestures, comments, threats, or actions to a student, which cause or threaten to cause bodily harm, reasonable fear for personal safety or personal degradation. Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior. (Policy 5517.01)

Care of Property

Students are responsible for the care of their own personal property. The school will not be responsible for personal property. Valuables such as jewelry or irreplaceable items should not be brought to school. The school may confiscate such items and return them to the students parents.

Damage to or loss of school equipment and facilities wastes taxpayers’ money and undermines the school program. Therefore, if a student does damage to or loses school property, the student or his/her parents will be required to pay for the replacement or damage. If the damage or loss was intentional, the student will also be subject to discipline according to the Student Discipline Code.

All lockers are the property of Lakeview Public Schools. The Administration or designee has the right to open and to enter any locker in the event of an emergency, believed serious violation of school Board Policy, or for the purpose of safety, health, and welfare of students and staff.
Dance Code of Conduct (High School)

Lakeview High School
SCHOOL DANCE CODE OF CONDUCT

The purpose of this code of conduct is to promote healthy, safe, and enjoyable dances for all students. The following behavior expectations, consequences, and procedures are designed to insure a positive dance environment.

Expectations
► Students will demonstrate good character, maintain a high community standard, and follow all school/districts rules.
► Students will adhere to the school accepted dance dress code.

**Ladies:**
- Strapless/spaghetti straps *are* allowed
- Dress length must be appropriate! **If you are not sure, ASK!!**
- Dress/skirt slits no higher than the top of the knee
- No garters, exposed undergarments, sheer/see-through, or bare midriffs
- No banded/bubble dresses

**Gentlemen:**
- Collared shirts
- Shirts must have sleeves
- Shirts must remain on
- Dress pants or slacks; no jeans
- No baseball hats, bandanas, or chains

► Students will be required to show photo ID
► Students understand that he/she is not allowed to engage in sexually explicit dancing.

- Sexually explicit dancing includes: freaking, grinding, or any other type of dancing which could be construed as vulgar or provocative.
  - **FACE-TO-FACE ONLY**

► Students/guests understand that once he/she enters the dance, he/she is not permitted to leave and enter again. (It is the discretion of the administrator(s) whether a visitor will be permitted to attend a dance or building event, on or off campus.)
► Students understand that he/she is not allowed to enter the dance an hour and a half after the start time.
► Students understand that if he/she has the privilege to bring a non-Lakeview guest to the dance that they must be under the age of 21.

Consequences
► Students in violation of the code of conduct will be removed from the dance and will wait until they are picked up if they don’t have their own transportation.
► Students/guests violating this code of conduct will not be allowed to attend the next school dance event.
► No refunds will be given if a student/guest is directed to leave or if a student doesn’t show up after previously purchasing a ticket prior to the dance.

Procedures for Controlling Sexually Explicit Dancing and Inappropriate Behavior
► Upon entry to the dance each student and guest will be given one wrist band.
► If a student/guest is spotted by a faculty member or chaperone inappropriately dancing, the wrist band will be removed, and the student/guest will be allowed to remain in the dance with a warning.
► If he/she is caught again, he/she will be removed until pick up if transportation is required.
All rules, consequences, and procedures will be expected of student guests. A student guest must have a complete guest form and be aware of the code of conduct.

Students who have out-of-school suspensions will be withheld from school activities at the discretion of the administration including, but not limited to, Homecoming and Prom.

Students who do not attend Lakeview High School, alumni or other, but wish to attend Lakeview High School dances/prom will be subject to an application process. Former Lakeview students who have had any suspensions their last two years of enrollment will be denied attendance.

Dress and Grooming

Students are required to dress in an appropriate manner as not to interfere with the health, welfare, or safety of either themselves or the other students. Dress which disrupts the instructional and learning process will also not be allowed. Lakeview Public Schools has an official dress code policy. Please comply with the following:

1. Students must recognize that brief and revealing clothing are not appropriate apparel in school. The following guidelines on brief clothing are examples and do not cover all situations. Students shall not wear halter tops, garments with spaghetti straps, or strapless garments. Garments that are “see-through”, skin tight, cut low, or expose one’s midriff are not acceptable. Sleeveless garments must have a strap of at least 1 ½ inches and fit closely under the arm. Shorts and skirts must not be shorter than mid-thigh. Undergarments must not be visible and pajamas (pants, tops or slippers) are prohibited.
2. Hats are not allowed except for special events such as; Spirit Days, Fundraisers, after-school events. A hat is defined as, “a covering for the head” and when permitted must be worn straight over the head with no tilt.
3. Students shall not wear pants that, when fastened, sag or fit below the waist. All pants must fit around the waist and be properly fastened.
4. Students shall not wear clothing items that contain messages that are vulgar, offensive, obscene, or libelous; that denigrate others on the basis of race, color, religion, creed, national origin, gender, sexual orientation, or disability; promote alcohol or drug use or violence or gangs; or that are otherwise contrary to the school’s educational mission.
5. All students are required to wear shoes, not slippers. No sandals or flip flops are allowed in the elementary buildings.
6. Coats and outerwear are not to be worn in the school buildings. They are to be placed in the student’s locker.

School administrators and staff will determine the acceptability of all items of clothing. Final determination on suspected dress code violations will be made by the building administrator and the administrator has the authority to require a student to get alternative clothing if his/her dress is deemed inappropriate.

Harassment Policy

Harassment of students is prohibited, and will not be tolerated. This includes inappropriate conduct by other students as well as any other person in the school environment, including employees, Board members, parents, guests, contractors, vendors and volunteers. It is the policy of the District to provide a safe and nurturing educational environment for all of its students. This policy applies to all activities on school property and to all school sponsored activities whether on or off school property.

Harassment is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student’s educational, physical or emotional well-being. This would include harassment based on any of the legally protected characteristics, such as sex, race, color, national origin, religion, height, weight, marital status or disability. This policy, however, is not limited to these legal categories and includes any harassment that
would negatively impact students. This would include such activities as stalking, name-calling, taunting, and other disruptive behaviors. (Policy 5517)

**Off-Campus Conduct**

Part of becoming a responsible citizen is the understanding that conduct and actions can have consequences that extend beyond the environment within which they occur. To that end, students should understand that conduct occurring off school campus may detrimentally affect the educational goals and mission of the School District. In this regard, the School District may discipline, or become otherwise involved with, students for off-campus activity that has a nexus to or is reasonably likely to create a substantial disruption to the educational mission or process of the School District. Off campus conduct may include, but is not limited to, speech on social media or electronic devices being conducted off school grounds that creates an actual, or is likely to cause, a substantial disruption on the educational process.

**Personal Electronic Devices**

Secondary students are permitted to bring Personal Electronic Devices to school as long as they remain turned off and put away during the school day, unless they have pre-approval from the classroom teacher or school staff. Failure to comply with this rule will result in the device being confiscated from the student and the student being disciplined in accordance with the Code of Conduct. No students will be allowed to charge their personal devices at school; before, during, or after hours. Outlets are designated for the charging of school equipment and devices for school related functions. Students that use personal electronic devices in violation of this section waive any expectation of privacy in that device.

The District is not responsible for lost, theft of vandalism of personal electronic devices. Students should not leave devices or other personal belongings unattended or unsecured.

**Physical Restraint**

Proper physical restraint may be used by school personnel to protect the safety of, other students and staff members, to defend themselves and to protect property from physical damage.

**Provisions for Review of the Code of Conduct**

An administrator will chair a committee composed of parent/guardian, faculty, and student representatives to annually review the Student Code of Conduct. All such revisions will be submitted in writing, to the superintendent and to the Board of Education.
Code of Conduct

2020-21
INTRODUCTION

Lakeview Public Schools endeavors through its educational environment and programs to provide opportunities and experiences which assist each student in becoming a responsible, self-controlled individual capable of and willing to assume and fulfill his or her role as a participating citizen. An aspect of this growing-up process is to respect rules and regulations of conduct in the school community. One of the major responsibilities of both home and school is to help each student to learn the art of self-discipline, an art that leads to self-respect, an ingredient essential for a successful and happy adult life. To accomplish this, it is necessary to establish and require adherence to a well-defined standard of acceptable behavior. The school in itself is a miniature community, and the rules and regulations are established for the protection of the rights of all members of that community. Violations of school rules and regulations that are harmful to the rights and privileges of others cannot be tolerated.

The discipline policy that follows is based on humanitarian principles and ideals and recognizes the dignity and worth of each student. The primary purpose of these rules, policies, and procedures is to provide a school atmosphere where everyone can participate in the process of learning in an environment that is reasonable, orderly, safe, and conducive to teaching and learning. The purpose of the policies and procedures contained here are to present not only guidelines for responsible student citizenship, but to provide a systematic, consistent approach to handling violations of these policies which may arise in the school setting. The immediate objective of school discipline is to provide for student growth in abilities, attitudes, and habits essential to acceptable and self-controlled behavior in life.

Interventions Short of Administrative Action

Because students spend most of their school time in the classroom setting, and the classroom teacher is primarily responsible for control and discipline in the classroom, this discipline policy only becomes utilized after corrective measures attempted by the classroom teacher have been ineffective. A teacher may utilize various strategies to help a disruptive student grow into more positive behavior. Some of those strategies may include, but are not limited to:

1. Discuss the behavior with the child, causing the child to reflect on his/her choices.
2. Incorporate positive reinforcement techniques in an effort to improve the behavior.
3. Provide supervised time-out sessions for the student.
4. Remove privileges, such as recess or special events.
5. Hold phone conferences with the parents seeking help in rectifying the situation.
6. Discuss or conference with the school counselor.
7. Discuss with the school administrator and the child.
8. Require a detention.
9. Require written assignments to reflect on actions.
10. Other items the teacher/administration determine as appropriate.

It is the expectation of parents and staff that students will mature in their ability to control their own behavior as they grow older. This discipline policy seeks to help students understand this concept through a progressive “step system” of discipline. If administrative action is determined to be appropriate for addressing a student’s behavior that action could result in the student’s suspension or expulsion from school. The following Code of Conduct has been developed through research, discussions with teachers, administrative staff and Board of Education members.
I. DISCIPLINARY STEP SYSTEM

A. The disciplinary steps listed below shall be followed in the administration of disciplinary action. The steps are designed to:

1. Provide the student with a program that includes ample opportunity for modification of the negative behavior.
2. Provide consistency in the administration of disciplinary action- i.e., a fair program in that all students charged with the same level of misconduct will receive the disciplinary action.
3. Provide for clearly stated, advance knowledge to all students, parents, and staff members of the course of action to be taken in handling disciplinary matters.
4. Provide a program that is progressive (moderate to most severe action).

B. The steps shall be administered under the following conditions:

1. Generally, interventions shall be taken prior to administrative disciplinary action. However, in case of serious misconduct, interventions may occur simultaneously with administrative disciplinary action. Placement on the step system will be proportionate to the severity of the misconduct and subject to the discretion of the administrator.
2. Once a student is placed on the disciplinary steps, the student may, during the current school year, move to succeeding steps for each occurrence of misconduct. Movement on the steps will be proportionate to the severity of the misconduct.
3. In recognition of good behavior, students’ placement on the step system may be reduced one step when their behavior results in no administrative action, in accordance with the following schedule.
   a. The student’s placement on the step system shall be reduced one step for each consecutive thirty (30) school days at the high school level, twenty (20) at the middle school, and fifteen (15) school days at the elementary level without misconduct requiring disciplinary action as described in this policy.
4. With the start of a new school year, students who were placed on the step system in the prior year will return without any steps on their record. However, penalties to be served resulting from the prior school year step placement will be served within the first two (2) week period of the new school year.

C. Legal Basis for School Discipline

2. Various Court rulings which further define the role of the Board, administration and staff of schools.
3. Appendix A attached identifies additional areas of legal authority.
D. Disciplinary Steps—description applicable to all schools.

Step 1  Administrative conference with the student to include review of the disciplinary policy and procedures and notification that the next infraction of rules will result in action on at least the 2nd step. The student’s parents shall be notified of the conference, and a copy of the step system and related penalties shall be sent to the parents.

Step 2  Student/parent/administrative conference (can be done by phone)

Step 3  One-day (short-term) suspension

Step 4  Two-day (short-term) suspension

Step 5  Three-day (short-term) suspension

Step 6  Five-day (short-term) suspension

Step 7  Seven-day (short-term) suspension

Step 8  Ten-day (short-term) suspension

Step 9  Recommendation for long-term suspension and/or expulsion for misconduct not including possession of a dangerous weapon, arson or criminal sexual conduct.

Step 10  Mandatory expulsions for possession of dangerous weapon, arson or criminal sexual misconduct, physical assault on a school employee/volunteer/contractor (for students in grade six or above).

PLEASE NOTE:

For Steps 3 through 6, the building administrator may invoke the option of having the student serve suspension days through the in-school suspension program. Days are school days, not calendar days.

E. Acts of Student Misconduct For Which Suspension and/or Expulsion May Be Appropriate Disciplinary Action

The Board of Education hereby establishes the following categories of misconduct, which may result in suspension or expulsion from Lakeview Public Schools. These categories are generally descriptive of the most obvious types of misconduct and are not considered as all inclusive, or as a limitation upon the authority of school officials to deal appropriately with any other types of conduct which interfere with the good order of the school system, or the proper functioning of the educational process.

11. **Offensive speech/displays.** Speech, communication, and displays, whether made on-campus or off-campus, which tend to disrupt the orderly conduct of the educational process, including, but not limited to:

A. **Indecency.** The act of offending commonly recognized standards of good taste; including the use of vulgar acts, obscenities, gestures, or inappropriate displays of affection or sexual contact, or symbols.

B. **Slurs about race, ethnicity, sexual orientation, religious, disability, or any legally protected characteristics and/or intimidation.**

C. **Inappropriate Sexual Behavior:** verbal or non-verbal sexual innuendo, obscene gestures, leering, unwanted sexual advances or contact. Examples include: sexual remarks or suggestions, unsolicited and unwelcome flirtations, advances or propositions, graphic or degrading comments about a student’s appearance, dress or anatomy, touching another’s clothing or person, verbal abuse with sexual connotations, display of sexually suggestive objects or pictures, dirty jokes or offensive gestures, and conversation regarding sexual matters which are too personal.

D. **Sexual Harassment:** a pattern of unsolicited and unwelcome inappropriate sexual behavior (see 8C above). Sexual Harassment may consist of direct or indirect behavior toward an individual.

E. **Illegal messages, displays which advocate or glamorize behavior which is illegal for students, such as alcohol, tobacco use or gang affiliation.**

F. **Display, possession, distribution and sharing of any images from any electronic source, drawings, graphics, video,**
text messaging, printed material of an obscene or violent nature (such as gun and weapons catalogs, bomb making information, magazines supporting violence).

owned vehicles. The term weapons shall mean any object or device which could inflict bodily harm, and weapon shall also include a facsimile of objects or instruments which are weapons. The term weapons shall additionally include object or instrument which is not in and of itself a weapon as defined above, but where the possession or use of same is coupled with intent by a student to inflict injury or harm upon another person.

*Law enforcement authorities may be notified in cases of this misconduct.

| 31. Infraction of school rules not covered by the above categories, particularly those infractions on or off campus which, because of their nature, pose a serious health/safety threat to students and staff | Step 1-9 | Step 1-9 | Step 1-9 | Step 2-9 |

F. Acts of Student Misconduct Which Will Result in Mandatory Expulsion/Suspension of up to 180 school days.

Pursuant to State law and district policy, the Board of Education has established the following categories of misconduct which will result in mandatory expulsion/suspension of up to 180 days.

1. Physical assault upon other students………………… Grade six and above:   Step 9

2. Verbal assaults against a school Employee, volunteer, or contractor…………………...Grade six and above: Step 9

G. Acts of Student Misconduct Which Will Result in Mandatory Permanent Expulsion for All Students.

Pursuant to State and Federal law, the Board of Education has established the following categories of misconduct which will result in permanent expulsion from Lakeview Public Schools and all Michigan public schools, other than appropriate alternative education programs or “strict discipline academies”.

1. Possession or use of dangerous weapons in a school building, on school grounds or in school owned vehicles. The term “dangerous weapon” shall mean a firearm (including a starter gun) or any device which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; any destructive device or any explosive, incendiary device, or poison gas bomb, grenade, rocket having a propellant charge or more than four (4) ounces, missile having an explosive or incendiary charge of more than one-quarter ounce, mine, or similar device; a dagger, stiletto, knife with a blade over three (3) inches in length, or pocket knife opened by a mechanical device; an iron bar or brass knuckles; or, any other weapon as set forth in 18 USC 921. ……………………………………………………………… All schools: Step 10

2. Arson in a school building or on school grounds………………….. All schools: Step 10
3. Criminal sexual misconduct in a school building or on school grounds .............. All schools: Step 10

4. Physical assaults upon school employees, volunteers, or contractors ............... Grade six and above: Step 10

II. DISCIPLINARY PROCEDURES

A. Types of Administrative Disciplinary Actions:

1. Loss of activity privileges
   a. Building administrators may suspend students from participating in or being present at extracurricular activities.
   b. Sponsors of activities, including coaches, have full authority to determine who shall be participants in a given situation, but they may remove a student from a given activity only on the basis of predetermined rules which have been approved by the principal or appropriate administrative personnel. Parents and students are to be made aware of school rules or regulations affecting specific activities prior to the beginning of the activity.
   c. Students under school suspension shall refrain from entering upon school property without prior permission from school authorities.
   d. Students under suspension shall not participate in or be present at school functions.
   e. Nothing in this policy is intended to limit a teacher, coach or sponsor in exercising authority requiring a student to leave a particular activity when that student’s behavior violates Board policies or school rules. A report of misconduct of such a student and the action taken by the teacher or sponsor shall be reported to the appropriate school administrator at the earliest possible opportunity, not later than the beginning of the next school day.

2. Closed class or removal from class with loss of credit.
   a. Definition
      1. A closed class is the denial of the right to attend a class or classes on a temporary basis during a time when a matter of immediate concern is being resolved.
      2. Classes may be closed by a school administrator, for a period not to exceed five (5) days, without a parent/student/administrator conference. Permanent closing of a class(es) may result if all established school procedures fail to modify student behavior.
   b. Procedures
      1. A closed class may be imposed only after following the procedure applicable to short term suspension.
      2. The student will be notified by the proper administrator that a class or classes are closed, the reasons therefore, and what must be done prior to his or her reentry to the class.
      3. Parents of students having classes closed for a period in excess of one day will be notified by mail.
      4. A parent/student/administrator conference shall be held prior to permanent class closure. The administrator may remove a student from the course if the
nature of the offense leaves the student unable to faithfully complete the requirements of the course (Ex: loss of computer privileges in computer class, or theft from the school store, Co-Op site or other school-related activity, etc.).

3. Social Probation
   a. Definition
      
      At times, students become habitual discipline problems involving persistent disobedience and class disruption. When efforts to effect a change in behavior, including parent contact, have been tried and the student’s behavior continues to disrupt the educational progress of others, it may be necessary to place the student on social probation. During the period of social probation, the student will be given assignments but will be restricted from the school building or school activities during the period of social probation.

   b. Procedures
      
      1. The student will be made aware of the “Social Probation” procedures, the reason for being considered for probation, and the steps necessary for removal from probation and re-entry into the regular school program.

      2. A student may be placed on social probation only after following the procedure applicable to short term suspension.

      3. Written notice outlining the specific violations and the conditions of “Social Probation” will be forwarded to the student, parent, or guardian by mail prior to the actual placement. A committee made up of two of the students’ teachers, the counselor, and a school administrator shall be appointed by the principal, or designee, to serve as a Social Probation Committee. The purpose of this committee is to monitor the progress of the student and to make recommendations as to future status. If the academic program is recommended, the student will follow a program similar to the following:

         a. The student will be given one week’s assignments, books, and supplies necessary to carry out the assignments and sent home for one week.

         b. At the end of one week, an appointment will be made, at which time the student will bring in the finished work, meet with the teachers to be advised of necessary work and be given the next week’s assignments. The student will, in addition, be seen by the counselor, then be returned home for one more week.

         c. At the end of the second week, the student will return all completed work, along with a written explanation of why he or she should be allowed back into a regular program. The entire committee will meet to evaluate the work and to determine whether the student should return to school.

         d. The student may be returned to a regular class schedule for an additional two week probationary period or be required to return home for an additional two week period.

         e. If the student is returned to school for the probationary period, the committee shall meet at the end of the two weeks to evaluate the student’s progress. The probation may be lifted or continued. In all cases where the probation is continued, or the student is returned home for an additional period, the parent and student shall be made aware of the rationale for such action. In cases where the committee feels it necessary, the process may be reinitiated.

      4. Students will be given full credit for work completed and for credits earned during this period.
5. It may be necessary under certain circumstances to recommend additional support agencies to assist in effecting a desirable change during the period of “Social Probation.”

6. A written record of all aspects of the case will be documented and will reflect all steps taken by the school.

4. Short Term Suspension

   a. Definition

   A short-term suspension is the denial of a student’s right to attend school. A short-term suspension may be one, two, three, five, seven or ten school days. For suspensions ranging from one to three days, the in-school suspension program may be utilized as an alternative to out of school suspension. Students serving in-school suspension report directly to the suspension room and spend the entire day working independently on schoolwork. In-school suspension hours at the elementary and middle school are during the normal school hours. In-school suspension hours at the high school are from 7:30 a.m. to 3:00 p.m. Students are responsible for bringing their schoolwork for the day and will receive credit for assigned work completed while in this program. Students are expected to remain on task and be productive. Students will be provided a timeframe equal to the number of day of the suspension in which to complete the missed school work. Suspended students are not permitted to participate in, or attend, school functions on the day(s) of the suspension, the weekend, and/or the school break when they are suspended on the last day before the weekend/break.

   b. Authority

   A principal or designee (hereafter “Building Administrator”) has the authority to impose a short-term suspension based upon misconduct.

   c. Procedure

   1. A suspension may be imposed by a building administrator following an informal hearing involving the administrator and the student in which the student is advised of the misconduct with which he or she is charged and the evidence supporting the charge and is given an opportunity to present his or her version of the alleged incident(s).

   2. At the discretion of the building administrator, other persons may be permitted to attend the hearing or otherwise provide information which will tend to assist in the resolution of the charge.

   3. Upon the conclusion of an informal hearing, if the building administrator determines that the student has not engaged in misconduct, the charge shall be dismissed and all documents reflecting the charge, if any, shall be removed from the student’s records.

   4. Upon the conclusion of an informal hearing, if the building administrator determines that the student has engaged in misconduct, an appropriate suspension not to exceed ten (10) school days may be imposed upon the student by the building administrator.

   5. Parents will be notified as soon as possible by telephone or letter of the student’s suspension and the reasons for the suspension.

   6. During an out of school suspension, the student will be given the opportunity to complete school assignments. The following conditions will apply:

   a. It shall be the responsibility of the student and/or the parents to initiate the request for schoolwork.

   b. The student or parent shall have the responsibility for obtaining the assignments in a manner prescribed by the school.

   c. Work assigned is due upon the student’s return to school. At the high school level, students will receive credit for work while on out-of-school suspension. Students serving in-school suspension will also receive credit for daily work.

   7. Major projects, quizzes, tests and exams, as defined in the high school attendance policy under the category of make-up work, will be accepted for full credit.
a. At the high school level, during suspensions up to 20 days, assignments need to be completed for credit.

b. At the elementary and middle school level, students suspended up to twenty days may complete assignments for full credit.

III. SHORT TERM SUSPENSION APPEAL PROCEDURES

A. Should the student and parent or guardian request a review for the student regarding the suspension, that review shall be held before the building principal.*

B. A review at the building level shall be held within three (3) school days of the suspension unless the parents request a delay. A delay may be granted for as long as one week. If a review does not occur within a week, the disciplinary action will go into effect.

C. During the appeals process, said student shall remain in class unless the offense is deemed a threat to others or so extremely disruptive that the student’s presence interferes with the rights of others. Students who have appealed a suspension may not attend or participate in after school activities, clubs, sports, etc. while the appeal is pending.

* The building principal is the final level of appeal on short term suspensions, except in cases where the principal was the suspending administrator or a witness against the student. In such cases, the appeal shall be directed to the designated central office administrator, whose decision shall be final.

IV. LONG TERM SUSPENSION OR EXPULSION PROCEDURES

A. Definition

1. A long-term suspension is the denial of a student’s right to attend school, be present on school grounds, and attend any school function for a period in excess of ten (10) school days. The Superintendent shall have the authority to suspend a student for up to forty-five (45) school days. Any suspension beyond forty-five (45) school days shall be approved by the Board of Education.

2. Expulsion is the total and permanent exclusion of a student from Lakeview Public Schools for more than sixty days.

B. Authority

1. The Superintendent has the authority to impose a long-term suspension up to forty-five (45) school days based upon misconduct.

2. The Board of Education has the authority to long-term suspend or expel based upon misconduct.

C. Procedure

1. A long-term suspension or expulsion may be recommended to the Superintendent by a building administrator following an investigation of charges of misconduct by a student and an offer to the student and his or her parents or guardians of a meeting involving the administrator and the student in which the student shall be advised of the misconduct with which he or she is charged and the evidence supporting the charges and is given the opportunity to present his or her version of the alleged incident(s). At the discretion of the building administrator, other persons may be permitted to attend or otherwise provide information which will tend to assist in the resolution of the charges.

2. Upon the conclusion of an investigation of the charges by the building administrator and upon the conclusion of the meeting, when requested, if the building administrator determines that the student has not engaged in misconduct, the charges shall be dismissed and all documents reflecting same, if any, shall be removed from the appropriate academic records of the student.

3. Upon the conclusion of an investigation of the charges by the building administrator and upon the conclusion of
a parent meeting, when requested, if the building administrator determines that the student has engaged in misconduct which merits the imposition of a long-term suspension or expulsion, the building administrator shall recommend in writing to the Superintendent or designee that the student be so disciplined, identifying the basis upon which the building administrator’s recommendation is founded. The building administrator may also, upon making such determination, impose an immediate suspension of the student, pending further review of the recommendation.

4. Upon receipt of a recommendation from a building administrator for a long-term suspension or expulsion of a student, the Superintendent shall review such recommendation and shall determine, based upon the information before the Superintendent, whether to forward the matter to the Board of Education for a hearing to determine the appropriateness of expulsion or to retain the matter for a parent meeting to determine the appropriateness of a long-term suspension or to take such lesser action as is appropriate.

5. If the Superintendent determines that it is appropriate to pursue either a long-term suspension (beyond forty-five [45] days) or expulsion, then the Superintendent shall schedule a hearing before the Board of Education.

6. Prior to the hearing before the Board of Education, the Superintendent shall notify the student and his or her parents or guardians of their opportunity for a hearing on the charges in closed or open session, at their election, and the date the hearing has been scheduled.

7. **RE-ADMISSION**

   Following expulsion, the student shall not be readmitted to any school within Lakeview Public Schools except by action of the Board of Education. After an expelled student’s absence from school for the remainder of the following semester, the student or, on his or her behalf, the parent or guardian thereof may seek re-admission by applying to the Board of Education through the Superintendent. The Board of Education may readmit the student if he or she can satisfactorily demonstrate that he or she has made a sincere effort at rehabilitation subsequent to the expulsion and will not represent a threat to the safety and welfare of the students of Lakeview Public Schools. The Board of Education shall base its decision in part on the severity of the incident leading to expulsion. The Board of Education may further qualify re-admission upon specified conditions which it determines are appropriate. An application for re-admission shall be filed no earlier than forty-five (45) days but no later than fifteen (15) days prior to the commencement of the semester for which re-admission is sought. The decision of the Board of Education is final. If, as a result of the recommendation for expulsion, the parents and/or student(s) voluntarily withdraw the student from school, the student shall follow the re-admission procedure applicable to the expelled student.

8. If a student possesses or uses a dangerous weapon in a school building or on school grounds, or commits arson in a school building or on school grounds, or engages in criminal sexual misconduct in a school building or on school grounds, the school board, or its designee, shall expel the student from the school district permanently (subject to potential reinstatement as described below).

9. **Procedure**

   a. If student is expelled pursuant to this policy, that fact shall be entered on the student’s permanent education record. Within three (3) days of the expulsion of a student under this policy, the school board or its designee shall refer the student's name to the County Department of Social Services of the County Community Mental Health Agency. The school board or its designee shall notify the student's parent or guardian of the referral, or notify the student of the referral if the student is at least age eighteen (18) or is an emancipated minor.

   b. If a student is expelled pursuant to this policy, the parents or legal guardian of the student, or the student if at least eighteen (18) years of age or if an emancipated minor, may petition the school board for reinstatement to public education in the school district, but only in accordance with the terms of this subsection. (These reinstatement terms shall also apply to students expelled from another school district for possession of a dangerous weapon, arson, or criminal sexual misconduct, and who may be seeking to be reinstated to public education in Lakeview Public Schools).

   1. For a student who was enrolled in grade 5 or below at the time of expulsion, a petition for reinstatement may be initiated at any time after sixty (60) school days from the date of expulsion. Such a student shall not be reinstated before the expiration of
ninety (90) school days from the date of expulsion.

2. For a student who was enrolled in grade 6 or above at the time of expulsion, a petition for reinstatement may be initiated at any time after one hundred-fifty (150) school days from the date of expulsion. Such a student shall not be reinstated before the expiration of one hundred-eighty (180) school days from the date of expulsion.

3. The school district shall make the state approved form of reinstatement available to the parent or guardian of a student expelled under this policy, or to a student if at least eighteen (18) years of age or an emancipated minor. The school board or its designee is not required to assist in the preparation of any petition or reinstatement.

4. Within ten (10) school days after the receipt of a petition for reinstatement under this subsection, the school board or its designee shall appoint a committee to review the petition and any supporting documentation. The committee shall be comprised of two (2) school board members, one (1) school administrator, one (1) teacher, and one (1) parent of a student enrolled in the school district. The superintendent may submit a recommendation to the committee for or against reinstatement, along with supporting documentation.

5. Within ten (10) days following the appointment for the reinstatement committee, the committee shall review the petition for reinstatement and any supporting documentation and any recommendation and supporting documentation submitted by the superintendent or his or her designee on the issue of reinstatement, and shall submit a recommendation to the school board regarding reinstatement. The recommendation shall either be for unconditional reinstatement, or conditional reinstatement, or against reinstatement. The recommendation shall be based upon consideration for all of the following factors:

   a. The extent to which reinstatement of the individual would create a risk of harm to students or school personnel.

   b. The extent of which reinstatement of the individual would create a risk of school district or individual liability for the school board or school district personnel.

   c. The age and maturity of the individual.

   d. The individual's behavior since the expulsion and the prospects for remediation of the individual.

   e. The individual's attitude concerning the incident that caused the expulsion.

   f. The individual's behavior since the expulsion and the prospects for remediation of the individual.

   g. If the petition was filed by a parent or legal guardian, the degree of cooperation and support that has been provided by the parent or legal guardian and that can be expected if the individual is reinstated, including, but not limited to, receptiveness toward possible conditions placed on the reinstatement.

6. Not later than the next regularly scheduled Board of Education meeting following the receipt of the recommendation of a reinstatement committee, the school board shall render a decision either to reinstate an individual unconditionally, or reinstate an individual conditionally, or deny an individual
reinstatement. The decision of the school board is final, and not subject to reconsideration or appeal.

7. If the school board renders a decision to reinstate an individual conditionally, the school board may require an individual, or the parent or legal guardian if the petition was filed by the parent or legal guardian, or agree in writing to specific conditions before conditionally reinstating an individual to public education in the school district. (Such proposed conditions may also be included in support of a petition for reinstatement). The conditions may include but are not limited to, any of the following:

   a. Agreement to a behavior contract, which may involve the student, a parent or legal guardian, or an outside agency;
   
   b. Participate in or completion of an anger management program or other appropriate counseling;
   
   c. Periodic progress reviews; and,
   
   d. Specific immediate consequences for failure to conform to condition(s), including, but not limited to, immediate re-expulsion.

Nothing in this policy shall diminish or be in derogation of the Due Process rights accorded to students who have been determined to be eligible for special education services under Federal and State Laws.

3. Continued Educational Opportunities

   Efforts shall be made to offer information regarding opportunities to students on suspension to continue their education.

4. Suspension/Expulsion of a Student Enrolled in Special Education

   If a student is handicapped, or suspected of being handicapped, according to state and federal mandates, rules and/or regulations, the Board shall not conduct the hearing prior to the completion of a review and evaluation by an Individualized Education Planning Committee (IEPC). The student shall not be excluded from school longer than ten (10) school days or otherwise changed in his/her educational program or placement during the pendency of the review or evaluation by the IEPC and the exhaustion of the appeal procedures related thereto without the written agreement of the parents to an interim change in placement or obtaining a court order excluding the student from attending school in an appropriate case where the safety of students is involved.

5. Title IX / VI Disclaimer

Lakeview Public Schools will comply with all federal statutes relating to non-discrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88352) which prohibits discrimination on the basis of race, color, or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. 1681-1683 and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794) which prohibits discrimination on the basis of handicaps; (d) The Age Discrimination Act of 1975, as amended (42 U.S.C. 6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-2555), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) Sections 523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. 290dd-3 and 290ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VII of the Civil Rights Act of 1968 (42 U.S.C. 3601 et seq.), as amended relating to nondiscrimination in the sale rental or financing of housing; (i) any other nondiscrimination provision in the specific statute(s) under which application for federal assistance is being made; and (j) the requirements of any other nondiscrimination
statute9S0 which may apply to the application. Any alleged violation of the above stated laws should be reported to the Superintendent, Lakeview Public Schools, 27575 Harper Ave., St. Clair Shores, MI 48081 or telephone at (586) 445-4000.

**Student Rights, Responsibilities, and Limitations**

I. Freedom of Speech and Assembly

A. Within the school program students should be provided the opportunity for free expression of ideas. Responsible criticism and reasonable dissent are basic to the education process. No idea should be suppressed simply because it is unpopular. The use of obscenities or personal attacks is prohibited.

B. All student meetings in school buildings or on school grounds shall function only as a part of the formal educational process or as authorized by the principal.

C. Students have the freedom to assemble peacefully. There is an appropriate time and place for the expression of opinion and beliefs. Conducting demonstrations that interfere with the operation of the school or classroom is prohibited.

II. Freedom to Publish

A. Students are entitled to express in writing their personal opinions. The distribution of such material may not interfere with or disrupt the educational process. Such written expressions must be signed by the authors.

B. Students who edit, publish, or distribute handwritten, printed or duplicated matter among their fellow students within the school must assume responsibility for the content of such publications.

C. Libel or slanderous falsehoods, obscenity and personal attacks are prohibited in all publications.

D. Unauthorized commercial distribution or solicitation will not be allowed on school property at any time. The final determination for authorization shall rest with the principal of the building in which the material is to be distributed, or the Superintendent if material is to be distributed to the entire community.

E. The distribution by students, in school buildings or on school grounds, of political material (other than student body politics), whose contents reflect the special interest of a political candidate or political organization, shall be done in a manner and at times and in places that do not create a material and substantial disruption of school activities.

F. The content of student newspapers that are part of the educational curriculum or a regular classroom activity may appropriately be regulated.

III. Dress and Appearance

The district expects students to dress and groom themselves in an appropriate manner. Dress and appearance must not present health or safety problems or cause disruption.

Dress, grooming and appearance may not be disruptive to the educational process, damaging to property, or violate reasonable standards of safety, health, hygiene or decency.

IV. Attendance

Daily attendance of all who are enrolled in the Michigan Public Schools is required in accordance with the state law. Section 380.1561 of the revised Michigan School Code states "...every parent guardian or other person in this state, having control and charge of a child between the ages of 6 to the child's sixteenth birthday, shall send that child to a public school during the entire school year. The child's attendance shall be continuous and consecutive for the school year fixed by the school district in which the child is enrolled.... A child becoming 6 years of age before December 1 shall be enrolled on the first school day of the school year in which the child's sixth birthday occurs." Students are expected to adhere to the specific attendance rules of their buildings. Violation of attendance rules resulting in excessive or patterned absence will be referred to the Macomb County Truancy office for the purpose of criminal prosecution (Michigan Compiled Law 380.1599).

V. Disruptive Conduct

Conduct that deliberately interfaces with the educational process or violates accepted and ordinary standards of conduct is also prohibited even though not specifically set forth above. Violating any school rule -or performing any act that is
disruptive or detrimental to the health, welfare or educational process of other individuals or damaging to school property is prohibited. The degree of severity of the misconduct will determine whether any offense warrants suspension or expulsion from school. Conduct interfering with the educational process or infringing on the rights of others will not be tolerated or condoned.

VI. Refusal to Identify Self

All persons must, upon request, identify themselves to school district personnel in the school building, on school grounds or at school-sponsored events. Refusal to identify oneself upon request may result in disciplinary action including suspension, expulsion, and/or referral to the appropriate police agency.

VII. Off-Campus Events

Students at school-sponsored, off-campus events shall be governed by their school rules and regulations and are subject to the authority of school district officials. School rules and regulations apply not only during regular school hours, but also at any school-sponsored event held on campus as well as any school-sponsored event held off campus and at all times on any school property whether during school hours or not.

VIII. Search and Seizure

The following rules shall apply to the search of school property assigned to a specific student (locker, desk, etc.) and the seizure of items in a student’s possession. Prior to any search, school authorities should have reasonable suspicion to believe that the possession constitutes a crime or rule violation. Periodically, the school administration may ask police authorities to bring in drug-sniffing dogs as a preventative measure. A positive response from a drug dog will be considered reasonable suspicion of drugs. In the case where a violation of school rules or applicable laws are found, students will be referred to the appropriate administrator for discipline. This provision applies to student vehicles parked on school premises.

To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may search a student, student lockers or student automobiles under the circumstances outlined below and may seize any illegal, unauthorized, or contraband materials discovered in the search.

As used in this policy, the term 'unauthorized' means any item dangerous to the health or safety of students or school personnel, or disruptive to any lawful function, mission or process of the school, or any item described as unauthorized in school rules available beforehand to the student.

A student’s failure to permit searches and seizures as provided in this policy will be considered grounds for disciplinary action.

A. Personal Searches

A student’s personal effects (i.e. purse, pockets, book bag, etc.) may be searched whenever a school authority has reasonable suspicion of illegal or unauthorized materials.

If a pat down search of a student's person is conducted it will be conducted in private by a school authority of the same sex and with an adult witness of the same sex present unless the health or safety of the students will be endangered by the delay which might be caused by following these procedures.

If the school authority has reasonable suspicion to believe that the student has on his or her person an item imminently dangerous to the student or to others, a more intrusive search of the student’s person may be conducted. Such a search may only be conducted in private by a school authority of the same sex, with an adult witness of the same sex present, and only upon the prior approval of the Superintendent unless the health or safety of the students will be endangered by the delay which might be caused by following these procedures.

B. Locker Searches

Student lockers are school property and remain at all times under the control of the school; however, students are expected to assume full responsibility for the security of their lockers. Periodic general inspections of lockers may be conducted by school authorities for any reason at any time without notice, without student consent and without a search warrant.
C. Automobile Searches

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains authority to conduct routine patrols of student parking lots and inspections of the exteriors of student automobiles on school property. The interiors of student vehicles may be inspected whenever a school authority has reasonable suspicion to believe that illegal and unauthorized materials are contained inside. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

D. Seizure of Illegal Materials

IX. Age of Majority

Rules and regulations for the discipline and control of students shall be enforced reasonably for all students at all times as indicated in part VIII regardless of the age of the student. These rules may be relative to anything necessary for the proper establishment maintenance, management and carrying on of the school program including regulations relative to the conduct of students.

X. Student Records

Cumulative records shall be maintained for all students from their entrance into school through the twelfth grade. Eighteen year old students and parents of students under eighteen have the right to examine and contest entries in their records according to the procedures established by the district in compliance with State and Federal Law. A natural parent of a student, whether the parent is the custodial parent or not, is entitled to review the student’s records unless there is a specific court order revoking such right.

Criminal Acts

1. The following activities are among those defined as criminal under laws of the State of Michigan and may not be all inclusive.

   A. Arson
   B. Assault
   C. Battery
   D. Burglary
   E. Explosives to include fireworks, smoke bombs, or other incendiary devices
   F. Extortion, blackmail or coercion
   G. Possession or use of firearms or and/or weapons
   H. Larceny
   I. Malicious mischief and/or pranks
   J. Robbery
   K. Sale, use, or possession of alcoholic beverages or controlled substances, including look-a-likes
   L. Breaking and entering
   M. Trespassing
   N. Interference with school authorities and/or students
   O. Intimidation of school authorities and/or students
   P. Criminal sexual conduct
   Q. Sexual harassment
   R. Possession or use of noxious gases

The commission of or participation in any criminal acts in school buildings, on school property, or at school sponsored events is prohibited. Disciplinary action will be taken by the school regardless of whether or not a criminal charge results. The preceding list is not deemed to be all-inclusive.

Telephone Use

Office telephones are not to be used for personal calls. Except in an emergency, students will not be called to the office to receive a telephone call. Office personnel will initiate all calls on behalf of a student seeking permission to leave school. Students may also use electronic devices after school hours to communicate with parents/guardians.
Zero Tolerance

The Lakeview Board of Education believes that students, staff members, and visitors are entitled to function in a safe school environment. Therefore, Lakeview Public Schools has taken a zero tolerance position on any death threat; verbal, written or gestured. All incidents of this nature will be taken seriously and reported to the building principal and Superintendent.

Parents will be contacted and appropriate action will be taken. Death threats may result in suspension or expulsion from school.

At the elementary level the following steps will be implemented:

1. Parents will be contacted and the child will be suspended for the remainder of the day. Student/Parent/Guardian will meet with the school counselor and/or principal upon returning to school.
2. The second offense will result in suspension for two days. A yearly Statement of Compliance (signed by student and parent/guardian) is kept on file in the school office.

At the secondary level:

Disciplinary consequences for death threats will be in accordance with the Code of Conduct language.

Nondiscrimination and Access to Equal Education Opportunity

It is the policy of the Board that no student in this District shall, on the basis of race, color, religion, national origin or ancestry, age, gender, marital status, sexual orientation, disability, height, weight, and/or any other legally protected characteristic, be discriminated against, excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination in its programs and/or activities.

Any person who believes that s/he has been discriminated against on the basis of his/her race, color, disability, religion, gender, or national origin, while at school or a school activity should immediately contact the School District’s Compliance Officer listed below:

Tracy Van Peeren
Deputy Superintendent
586-445-4000

Parent Involvement

The Administration and the Board of Education believe that durable and significant learning by a student is more likely to occur when there is an effective partnership between the school and the student’s parents/guardians (“parents”). Such a partnership means a mutual belief in and commitment to significant educational goals for a student, a plan for the means to accomplish those goals, cooperation on developing and implementing solutions to problems that may be encountered and continuing communication regarding the progress in accomplishing the goal(s). To this end, parents should be meaningfully involved in:

A. developing and implementing appropriate strategies for helping their child achieve the learning objectives that lead to accomplishing the learning outcomes;

B. providing a school and home environment which encourages learning and augments, at home, the
learning experiences provided by the school;

C. establishing the learning outcomes for their child with the goal of developing a responsible, adult member of society;

D. establishing and supporting a consistent and shared approach to child guidance and discipline;

E. providing for the proper health, safety, and well-being for their child;

F. developing English language proficiency.

Relations with Parents

Administration and the Board need parents to assume and exercise responsibility for their children’s behavior, including the behavior of students who have reached the legal age of majority, but are still supported by the parent. During the school hours, the Board, through its designated administrators, recognizes the responsibility to monitor students’ behavior and, as with academic matters, the importance of cooperation between the school and the parents in matters relating to conduct.

For the benefit of the child, the Board encourages parents to support their child’s career in school by:

A. participating in school functions, organizations and committees; (parents/guardians who volunteer to work in classrooms or chaperone on field trips must register with the main office and background checks are conducted before participation is permitted.)

B. supporting the teachers and the schools in maintaining discipline and a safe and orderly learning environment;

C. requiring their child to observe all school rules and regulations;

D. supporting or enforcing consequences for their child’s willful misbehavior in school;

E. sending their children to school with proper attention to his/her health, personal cleanliness, and dress;

F. maintaining an active interest in their child’s daily work, monitoring and making it possible for him/her to complete assigned homework by providing a quiet place and suitable conditions for study;

G. reading all communications from the school, signing, and returning them promptly when required;

H. cooperating with the school in attending conferences set up for the exchange of information of their child’s progress in school.
Volunteer Consent Form

Any individual that is interested in coming into our school buildings to volunteer, attend during-the-day events, chaperone field trips, observe, etc. must complete a Volunteer Request Form, in advance, and be background checked before they are permitted to participate. Individuals with criminal charges; misdemeanor or felony, will be required to meet with a building or district administrator to review the charges. The administrator will determine whether the individual will be permitted to volunteer, chaperone, observe, etc. based upon the nature of the charge.
Lakeview Public Schools

Athletic Handbook

A Guide For

Student-Athletes and their Parents/Guardians

Website: lakeviewpublicschools.org

Updated Schedules: www.HighSchoolSports.net

Revised: August 2020
*Athletic Philosophy*
The athletic experience should provide for the development of values, attitudes, and life-long skills. Lakeview Public Schools values sportsmanship, fair play, and respect for self, teammates, opponents, coaches, officials, and all others associated with the game as well as the game itself. Creation of a desirable self-image is important, as is the desire to prepare vigorously to succeed. Winning is secondary to the development of young people who will be well-rounded and productive citizens. The student-athlete will develop an appreciation for education, physical fitness, and socialization through athletics.

*Participation in Athletics*
Participation in extracurricular competitive interscholastic athletics is a student privilege that can be removed at any time for failure to meet the standards and requirements of the team, the school or the school district.

*Athletic Code for Athletes (Adopted from MHSAA Handbook)*
The student-athlete represents his/her school at interscholastic athletic activities. In this important capacity, these standards should be practiced:

1. Know and adhere to the athletic code of Lakeview Public Schools.
2. Exceed all attendance and academic requirements as practical evidence of loyalty to school and team and a proper philosophy of school-sponsored athletics.
3. Observe completely all policies regarding conduct, doing so as a duty to school, team and self.
4. Counsel with the athletic director over questions of eligibility.
5. Practice and play fairly, giving complete effort in all circumstances and credit in victory to teammates and to opponents in defeat.
6. Accept favorable and unfavorable decisions, as well as victory and defeat, with equal grace.
7. Demonstrate respect for opponents and officials before, during and after contests.

What is Sportsmanship?
- Sportsmanship is respect. Respect for his/herself and for others.
- Sportsmanship is the “Golden Rule” – treating others as you wish to be treated.
- Sportsmanship is a demonstration of generosity and genuine concern for others. It is a concrete measure of an individual’s understanding and commitment to fair play, ethical behavior, and integrity.
- Sportsmanship is a blending of cheers for your team and applause for the opponents, observing the letter and spirit of the rules, and showing consideration for others.
- Sportsmanship is a coach accepting a “questionable” call without protest.
- Sportsmanship is a student-athlete extending a helping hand to an opponent.
- Sportsmanship is spectators cheering for their players when they lose and applauding the opponents when they win.
- Sportsmanship is an official showing restraint when verbally assaulted by coaches, student-athletes, or spectators.
- Sportsmanship is all that is good in human nature.
- Sportsmanship is citizenship in action.
- Sportsmanship is a way of life.

*Coaches*
Coaches are typically selected from the professional staff of the Lakeview School District. When there are no qualified candidates from within the staff, open positions are posted outside the school district. All applicants are subject to reference checks and must meet the approval of the Board of Education. The Athletic Director is the direct supervisor of the coaches.
*Athletic Code for Coaches (Adopted from MHSAA Handbook)*

The coach is the official representative of the school at interscholastic athletic activities. In this important capacity, these standards should be practiced:

1. Develop an understanding of the role of interscholastic athletics and communicate it to players, parents and the public.
2. Develop an up-to-date knowledge of the rules, strategies, precautions, and skills of the sport and communicate them to players and parents.
3. Develop, communicate and model policies for athletes’ conduct and language in the locker room, at practice, during travel, during competition, and at other appropriate times.
4. Develop fair, unprejudiced relationships with all squad members.
5. Allow athletes to prove themselves each season and do not base team selections on previous seasons or out-of-season activities.
6. Allow athletes time to develop skills and interests in other athletic and non-athletic activities provided by the school and community groups.
7. Give the highest degree of attention to athletes’ physical well-being.
8. Teach players, by precept and example, respect for school authorities and contest officials, providing support for them in cases of adverse decisions and refraining from critical comments in public or to the media.
9. Teach players strict adherence to game rules and contest regulations.
10. Present privately, through proper school authorities, evidence of rule violations by opponents; and counteract rumors and unproven allegations of questionable practices by opponents.
11. Attend required meetings, keep abreast of MHSAA policies regarding the sport, and be familiar with MHSAA eligibility and contest regulations.
12. Present a clean and professional image in terms of personal appearance and provide a positive role model in terms of personal habits, language and conduct. Use of tobacco within sight of players and spectators and use of alcohol any time before a contest on the day of the contest is not acceptable.

*Sports Offerings at Lakeview*

The following sports are offered at Lakeview.

**Fall Sports:**
The season begins in August. Fall sports include girls volleyball (V, JV, 9), boys & girls cross country (V), football (V, JV, 9), boys soccer (V, JV A, JV B), girls swimming and diving, boys tennis (V, JV), girls golf (V) and girls rugby (V). Cuts are usually necessary in girls volleyball and boys soccer.

**Fall/Winter Sports**
The season begins in August and runs through March. Fall/Winter sports include Cheerleading (V, JV, 9), and Huskettes (V, JV). Tryouts are in May and cuts usually occur in both activities.

**Winter Sports:**
The season typically begins in late October to mid-November. Winter sports include boys & girls basketball (V, JV, 9), boys & girls bowling (V, JV), ice hockey (V), boys swimming and diving, and wrestling (V). Cuts are usually necessary in boys & girls basketball, boys & girls bowling and ice hockey.

**Spring Sports:**
The season begins in March. Spring sports include baseball (V, JV, 9), girls soccer (V, JV A, JV B), girls softball (V, JV), girls tennis (V, JV A, JV B), boys & girls track and field and boys & girls rugby (V) boys golf (V, JV*). Cuts are usually necessary in baseball, girls soccer, and girls softball.

*Lakeview Booster Club*
The Booster Club supports all athletic activities at Lakeview. Parents of athletes are urged to join and participate. The Booster Club operates the concession stand at nearly all athletic events and hosts several large
fundraisers during the year as deemed appropriate by its board. Money raised by the Booster Club is used to support individual sports, other projects related to the athletic program, and for scholarship for graduating student-athletes. The Booster Club normally meets the first Wednesday of each month in the Lakeview cafeteria at 7:30 p.m. Information about the club is available through the Athletic Office.

*MHSAA*

Lakeview High School is a voluntary member of the Michigan High School Athletic Association. The MHSAA is the regulatory agency for high school athletics in Michigan and is the sponsor for most state tournaments. A complete list of MHSAA policies can be found in the MHSAA Handbook. Several commonly referenced MHSAA guidelines are listed below. In some cases Lakeview has guidelines that are MORE restrictive than those shown here.

1. **Enrollment** - The student must be enrolled in the school for which he/she competes not later than the fourth (4th) Friday after Labor Day for the 1st semester and the fourth (4th) Friday in February for the 2nd semester.
2. **Age** - High school students become ineligible if they turn nineteen before September 1st of the current school year.
3. **Physical Exam** - A student must have a physical examination completed by as required by the MHSAA. Physical forms are available in the Athletic Office and must be completed before participation in any practice or competition can occur. Only official MHSAA forms will be accepted. Physicals for the current school year must be completed after April 15th of the previous school year.
4. **Seminesters of Eligibility** - Students are limited to eight semesters of eligibility while enrolled in grades 9-12. Four semesters for the fall term and four semesters for the spring term.
5. **Academic Eligibility** - Students must be passing 66% of classes in order to be eligible to participate.
6. **Amateur Status** - Students must not accept money, merchandise, membership privileges, services, or any other form of valuable consideration for participating in any form of athletics, sports, or games. Students will be ineligible if they sign any type of professional sports contract.
7. **Limited Team Membership** - Students who are participating in a high school sport are not allowed to participate with non-school teams while the sport is in season. Students may not participate in any so-called “all-star” games or national championships which have not been approved by the MHSAA.
8. **School Attendance** - A student must be in school for at least half the school day of the day of competition in order to compete in a contest on that day. Field trips or activities sanctioned by the school count as being in school. To be eligible for competition on a day in which school is not in session, a student must have been in school at least half the school day on the most recent day in which school was held. Field trips or activities sanctioned by the school count as being in attendance. Whether the student is excused or not does not affect the requirement of being in school.

*Macomb Area Conference*

Lakeview High School is a voluntary member of the Macomb Area Conference (MAC). The MAC includes 36 schools from Macomb, Oakland, St. Clair, and Wayne counties. The MAC is set up in divisions based on size of school and strength of program. The MAC consists of the following high schools:

- Anchor Bay
- Center Line
- Chippewa Valley
- Clawson
- Clintondale
- Cousino
- Dakota
- East Detroit
- Eisenhower
- Fitzgerald
- Fraser
- Grosse Pointe North
- Grosse Pointe South
- Henry Ford II
- Lake Shore
- Lakeview
- Lamphere
- L’Anse Creuse
- L’Anse Creuse North
- Lincoln
- Madison
- Marine City
- Marysville
- New Haven
- Port Huron
- Port Huron Northern
- Romeo
- Roseville
- South Lake
- St. Clair
- Sterling Heights
- Stevenson
- Utica
- Warren Mott
- Warren Woods Tower
**Sportsmanship**
As a member of the MAC, we agree to abide by the rules of the constitution and bylaws of the organization. We also identify closely with the MAC’s beliefs concerning sportsmanship as stated below.

**Macomb Area Conference Sportsmanship Belief Statements**
1. We believe in the values of educational athletics through good citizenship and high behavioral standards.
2. We believe that good sportsmanship is defined as those qualities of behavior that are characterized by generosity and genuine concern for others.
3. We believe that responsible behavior will be demonstrated by student-athletes, coaches, fans, cheerleaders and others connected with athletics.
4. We believe that all involved in an athletic contest will demonstrate respect for the opponent, game officials, fans, and accept the results of interscholastic competition.

Lakeview believes sportsmanship to be the most important and fundamental practice that student-athletes, parents, and fans can learn from sports and that they can demonstrate during a competition. Listed here are several examples of what it means to be a sportsman:

**Fan Participation**
Fan participation is a welcome addition to any athletic event. The opportunity to enjoy a good game and at the same time lend support to your team makes every fan a double winner. Fans need to remember that sportsmanship applies to them as well as to the participants in the game. Fans are reminded that the appropriateness of any cheer can be judged by the “Golden Rule”. Always cheer in a way that brings respect and honor to your school, your team, and yourself. Finally, be aware that fans that persist in cheering in an inappropriate manner will be directed to leave the event. Be a good fan – Be a good sport – Be a winner.

**Admission and Season Passes**
Lakeview Public Schools admission will be $5.00 for both students and adults, at all athletic contests where admission is charged. All spectators have the right to enjoy an athletic contest, therefore an adult must accompany all **elementary** and **middle school** students that attend high school events in order to help supervise his/her child’s behavior. Children under 10 and adults over 62 will not be charged admission at any LPS athletic events.

- V/JV Football
- V/JV/9th Boys & Girls Basketball
- Swimming
- V/JV/9th Volleyball
- Wrestling
- V/JV Boys & Girls Soccer
- Competitive Cheer

Athletic passes are available. Passes are good for the entire school year. The cost for a pass is:
- Lakeview High School student - **$20.00**
- Lakeview family pass (Up to 5 family members) - **$75.00**
- All others passes - **$25.00**

Please note: Admission for SCS Lakers hockey games is set by the Lakers Booster Club. Also, admission policies for MHSAA tournaments hosted by Lakeview are set by the MHSAA. Lakeview athletic passes are not honored at these events.
*Lakeview Athletic Policies and Rules*

Student-athletes are expected to abide by the policies of the district, the guidelines of the Lakeview High School Student Handbook, the rules of the MHSAA, the rules of the MAC, the rules found in this handbook and any team rules specific to the sport in which they participate. A violation may result in a student being declared benched, ineligible, or suspended. It is important to note the difference between these three penalties.

- **Benched.** The student-athlete may not compete. He/she may practice and take part in any other team activity. This penalty is usually imposed by a coach for violation of a team rule.
- **Ineligible.** The student-athlete may not compete. He/she may practice and take part in any other team activity. This penalty is usually imposed by the Athletic Director for violation of academic standards.
- **Suspended.** The student may not compete, practice, or take part in any team activity during a period of suspension. This penalty is usually imposed by the Athletic Director for violation of district, school, or athletic policies. However, the coach, in consultation with the Athletic Director, may declare a student-athlete suspended for behavior that is deemed to be inappropriate.

Disciplinary decisions made by a coach may be appealed to the Athletic Director. A disciplinary decision by the Athletic Director may be appealed to the building principal.

*Lakeview’s Athletic Rules*

Student Athletes shall be regarded to be under the rules of the athletic code of conduct beginning with their first day of participation in interscholastic athletics grades 7-12 and continuing through their date of graduation or the last date of participation, whichever is later.

**A student athlete is considered to be under the code of conduct at all times, including school vacations, summer recess and any off season times (24 hours a day/7 days a week/365 days a year).**

1. **Team Rules:** Coaches will have Team Rules pertaining to their sport. Team Rules must be approved by the Athletic Director and distributed, in writing, to the student-athletes and their parents prior to the start of the season. A violation of the team rules may result in disciplinary action as determined by the head coach.

2. **Tobacco:** The use or possession of tobacco products is considered a violation of the athletic code of conduct. This category also includes use or possession of electronic cigarettes, personal vaporizers or electronic nicotine delivery systems.
   
   a. **1st career offense:** Suspended for 20% of the scheduled games for that sports season
   
   b. **2nd career offense:** Suspended for 50% of the scheduled games for that sports season
   
   c. **3rd career offense:** Total Expulsion from the athletic program for the duration of his/her time as a student at Lakeview Public Schools.

3. **Controlled Substances:** The use, possession, concealment, distribution, sale, or being under the influence of a controlled substance such as alcohol, illegal drugs, or look-alike drugs are considered a violation of the athletic code of conduct.
   
   - **1st career offense:** Suspended for 50% of the scheduled games for that sports season
   
   - **2nd career offense:** Suspended for one calendar year from the date of offense
   
   - **3rd career offense:** Total Expulsion from the athletic program for the duration of their time as a student at Lakeview Public Schools.

- Should a student-athlete be in violation of the above, while not participating in a sports season, their penalty will be enforced with the next sport they choose to participate in.
- Penalties are cumulative throughout a student-athlete’s career at Lakeview (grades 6-12)
• Penalties not completed during the regular season will carry over into any state tournament games, until the suspension has been completed
• Should a student’s penalty not be fulfilled in his/her current season, the remainder of the penalty will be carried over into the next sport season.

4. **Absence from a Team Activity:** If a student-athlete misses a team activity and is excused by the coach, he/she may return to the team without penalty. Such student-athletes may be held out of competition until their playing skill returns to their pre-absence level. If a student-athlete misses a team activity, without being excused by the coach, he/she may be benched for not more than the next two competitions. A second offense may result in the student-athlete being benched for not more than the next four competitions. A third offense may result in dismissal of the student-athlete from the team. Please note that family activities take precedence over team activities. However, to the extent possible, such family activities should be arranged so as not to interfere with the team’s schedule of activities. Student-athletes who notify a coach at least a week in advance that they will be absent from a team activity because they must attend a family activity with their parent, will be considered excused. Parents are advised to inform a coach as early as possible (prior to the start of the season is preferred) that their student-athlete will be missing a team activity due to a family activity. Student-athletes who “go on vacation” during the season, without their parents, will be considered unexcused. **It will be the coach’s responsibility to notify parents before the beginning of the season, the dates and times of practices and competitions. This is to include any dates when school is not in session! Missing practice or team activity to complete homework is not considered an excused absence by the athletic department.**

5. **School Suspensions:** Any student who is suspended from school, either In-House or Out of School, will also be suspended from all athletic activity during the day(s) of the school suspension. The suspended athlete may not attend any athletic activity, including practice, either as a participant or spectator, home or away until the suspension requirement has been completed. This includes any days when school is not in session (weekends, school breaks, etc.).

6. **Behavior:** Athletes who display insubordinate behavior or behavior that is detrimental to the team may be benched by the head coach. The Athletic Director may declare a student-athlete ineligible based on violation of the athletic eligibility policy. Additionally, the coach, in consultation with the Athletic Director, or Athletic Director alone has the authority to declare a student-athlete suspended for behavior that is deemed to be inappropriate. Examples of these behaviors include:
   a. fighting,
   b. intentionally causing injury to a competitor or team member,
   c. outbursts of vulgarity,
   d. inappropriate behavior directed at officials, coaches, teammates, competitors, or spectators.
   e. any other conduct unbecoming a Lakeview student-athlete.

7. **Student-athletes as Representatives:** Student-athletes will represent themselves, their team, their school and their community in an appropriate manner at all times whether in season or out of season. By example they will:
   f. Abide by the laws of the community, follow the rules of the school and display good manners as are accepted by the community.
   g. Show respect for their parents, teachers, peers, teammates, opponents, and all others, especially themselves.
   h. Practice good sportsmanship and encourage the same from others.
   i. Act in such a way as to cause others to think well of them and their school.
j. Inappropriate representation or conduct unbecoming a representative of the athletic department may result in discipline by the Athletic Director. Such discipline shall consist of any action up to and including permanent suspension from the Lakeview athletic program.

*Social Media:
The use of social media by student-athletes is expected to be done in an appropriate manner at all times. Student-athletes who are found to be using social media in a fashion that is deemed to be unbecoming a representative of the athletic department may face discipline by the Athletic Director. Such discipline shall consist of any action up to and including permanent suspension from the Lakeview athletic program.

*Due Process:
All athletes in Lakeview Public Schools are entitled to due process. If an athlete feels he/she has been unfairly suspended or expelled from the athletic program, they may begin due process. All information received will be investigated to determine its validity and merit.

1. The Athletic Director will notify the student-athlete and the parent(s) of any athlete who is involved in an offense and will describe the incident along with disciplinary action being taken. The student-athlete and parent/guardian will be given written notice of the violation and action being taken within 3 school days.

2. If the student wishes to appeal the action taken, he/she must submit the appeal in writing, to both the building principal and athletic director, within two (2) school days of the athlete’s written notice of the disciplinary action. The appeal must contain, in detail, the athlete’s reason why the disciplinary action should be changed or not imposed at all.

3. The Building Principal will review the incident and schedule a meeting with the parent(s) and the student-athlete to gather any further information that may be available. The Building Principal has 3 options:
   a. Uphold the initial suspension/expulsion
   b. Reduce or eliminate the suspension/expulsion
   c. Increase the suspension/expulsion

4. The Building Principal’s decision will be considered final.

DURING THE APPEAL PROCESS, THE STUDENT’S INITIAL SUSPENSION/EXPULSION WILL REMAIN IN EFFECT.

*Academic Eligibility
Lakeview Public Schools believes that being a student-athlete is an earned privilege, and all participants must meet and exceed the standards set by the Michigan High School Athletic Association for eligibility.

Lakeview High and Jefferson Middle School athletic teams will follow the standards set by the Michigan High School Athletic Association and Lakeview Public Schools for academic eligibility. The current MHSAA academic grade policy requires a student be passing 66% of their classes at the completion of each semester. Student-athletes who do not meet the MHSAA minimum requirement of passing at least 66% of classes for the previous semester will be ineligible to be a member of a Lakeview Public Schools athletic team. Students who are not eligible according to MHSAA standards at the time of the first team practice for the season, will not be allowed to try out/practice and, therefore, will not be considered for team membership during that season. Students who become ineligible, according to MHSAA standards, during the course of a season (end of first semester) will be immediately removed from the team and will no longer be considered a member of the LPS athletic program.

In addition to the MHSAA policy, it will be the expectation of the Lakeview Public Schools Athletic Department, that a student will pass 66% of all classes and maintain a C average or meet personal curriculum to be eligible to participate.
The following are the Lakeview Public Schools requirements for which student-athletes must abide to maintain eligibility:

At the start of each marking period, the athletic department will identify any student-athlete from the team’s rosters who has passed 66% of classes and not kept at least a C average at the completion of his/her previous marking period/semester or met personal curriculum requirements.

The identified student-athlete must earn the privilege to engage in competition by successfully completing a weekly progress report for the remainder of the marking period. (Passing 66% of classes and maintain a C average or meeting personal curriculum requirements.)

Grades will be calculated with the current LPS grading scale.

This process will continue weekly until the end of current marking period. If, at the end of the marking period, a student is passing 66% of classes and above a C average or meets personal curriculum requirements he/she will be removed from progress reports.

If a student-athlete should receive an unsatisfactory progress report (not passing 66% of classes and/or lower than a C average or meeting personal curriculum requirements), he/she will be ineligible for all competitions the following week (Monday through Sunday). The student-athlete may attend practices & team activities but not dress for competitions until the next satisfactory progress report is completed. (Passing 66% of classes and not lower than a C average or meeting personal curriculum requirements).

A student-athlete who has not passed 66% of classes in the second semester can attend summer school to make up the credit(s). If he/she successfully makes up the credit, this would permit the student to be eligible for Fall and Winter sports the following school year.

Behavioral Eligibility Student-athletes are expected to follow school rules, demonstrate respect for authority and, in general, be good citizens while in school. Failure to meet any of these expectations may cause a school administrator to declare a student-athlete ineligible or suspended for a period of time, at his/her discretion. The use of this authority will be used after other forms of behavior modification have been attempted. These decisions may be appealed to the Principal.

*Insurance for Athletes

Lakeview Public Schools does not provide medical insurance for student-athletes participating in a sport. The current Lakeview Public Schools insurance carrier does not cover any injuries which occur during athletic participation. If a student-athlete is not insured, he/she should purchase a minimum level of insurance from a private company.

*Out-of-Season Athletics

The following is a statement by the Macomb Athletic Conference concerning out-of-season athletic activities. As a member of the MAC, Lakeview High School also endorses this statement:

“Like the Michigan High School Athletic Association (MHSAA), the Macomb Area Conference (MAC) supports a student-athlete’s right to improve athletic skills by participating in whatever individual activities he/she chooses outside of the defined season for a sport. Just as we encourage individual improvements, conference administrators support, to a point, a limited number of out-of-season team activities as allowed by the MHSAA. We recognize, however, that some out-of-season athletes are operating under implied demands, especially during the summer months. The MAC administrators’ position on out-of-season activities is summarized in the following two statements:

1. Athletes have a right to choose or decline participation in out-of-season activities.
2. The athlete’s choice carries no consequences for making a team.
As stated, you do have a choice regarding out-of-season participation. Student-athletes should be able to participate in family time, vacations, work, and other important activities during the off season. Particularly during the summer, it is best to get an athletic activity schedule, list the dates when you are available, and communicate those dates to your coaches. Communicating with as much advance notice as possible is paramount since this information can spare awkward situations caused when a coach is unaware of a planned absence.

We recognize that some student-athletes and families enjoy all of the summer athletic activities. We also know that some athletes are being pulled in many directions and are not available for everything. Each school should examine the out-of-season issue and devise strategies that allow for the two important provisions highlighted above. All schools endorse this policy of choice with no strings attached. If you have concerns regarding pressures on your child, please contact your school administration.

*Playing Time*
Lakeview Public Schools District Guidelines, as approved by the Board of Education, specify the following playing time expectations, which assume all practice and team obligations are met:

- **Freshman Teams:**
  - Play in each game. The amount of time is not necessarily equal and is determined by the coach.

- **JV Teams:**
  - Play at some time during the course of the season (not necessarily each game).

- **Varsity Teams:**
  - Playing time is determined by the head coach.

*Senior Night*
Recognition of seniors at a regular season home event or event designated by the head coach is the way to honor our senior athletes for their dedication to the athletic department throughout their career. Each senior will receive a thank you gift from the athletic department.

*Coaches responsibility dealing with discipline*
It is the responsibility of the coach to contact parents/guardians in a timely fashion if disciplinary action is taken against a player. If an offense is serious enough, it may be necessary to have a player/parent/coach meeting. Any violations of the athletic handbook will be documented and reported to the Athletic Director in writing. If parents have a question about their son/daughter’s athletic participation, they should contact the head coach first to set up a meeting to discuss their concerns. Topics that will not be discussed include playing time, team strategy or other players. Confrontations with coaches or players during a game are unacceptable. If a parent’s concern pertains to a situation in a contest, they must wait until the next day to contact the coach and set up a meeting.

*School Letters*
School letters are given to participants in the various activities at Lakeview. Letters are normally presented at an awards ceremony that follows the season. The criteria for receiving a letter is determined by the program’s head coach and approved by the Athletic Director. The criteria are to be shared with the student-athletes prior to the start of the season. Only one letter is awarded to the student-athlete during his/her high school career. Pins are awarded when the criteria for winning a letter is achieved in another activity or in subsequent years.

*Awards*
Five awards are provided by the school to each team to be awarded by the coach for significant achievement. The specific awards and the recipients are determined by the coach. Typical awards are most improved, scholar athlete, most valuable player, etc. Awards are presented at a ceremony that follows the season.
Travel
Student-athletes are expected to use the transportation provided by Lakeview Public Schools for all away activities and some specific home activities. Student-athletes are expected to ride the team bus both to and from each contest. Under unusual circumstances, a parent may submit a written request to transport his/her child to or from an activity. This written request must be approved by the Athletic Director (or designee) prior to the team’s departure to the activity. Student-athletes who have been transported to an athletic contest by Lakeview Public Schools will not be allowed to leave that contest with anyone other than their parent. Some sports require travel to off campus sites for practice.

*Web-Site Information*
The district web site is a very important source of information for parents. If you search under the high school page for sports, you will be able to use the link provided to get the most current schedules all of our games. Phone numbers, E-Mail addresses, schedule times, and other pertinent information are available at this site. The District also uses social media to provide updates, results and other pertinent information on a regular basis.

*Parent Volunteerism*
There are several opportunities for parents to involve themselves with their student-athlete’s team and with the athletic programs in general. They include:

1. Active participation in the Athletic Booster Club. Come to the meetings which are held the first Wednesday of each month. Volunteer to work the concession stand during home games.
2. Get involved with your team. Many teams now have team dinners prior to games. The dinners are provided by parent volunteers who are more that happy to accept your assistance.
3. Volunteer to be a team statistician, a videographer, or other team helper. This is an opportunity to get involved with the team and to contribute in a meaningful way.
4. Become a timekeeper, scorekeeper, or public address announcer. Volunteer by contacting your team’s coach.
5. Work one of the events at a home track meet. A typical meet requires about a dozen volunteers to work as timers or event judges.

All of our sports have volunteer roles for parents. Get involved. Share the athletic experience with other parents and the players. Have more fun than just sitting and watching. Most jobs are not complicated. What needs to be known can be learned quickly. The most important thing is for you to be willing. During the parent meeting at the start of the season is a good time to let the coach know you are available.

*Fundraisers*
Teams will sometimes hold district approved fundraisers. Funds are generally used to purchase apparel for team members, special equipment for the team, or to defray the cost of travel. Money from fundraisers is deposited in team accounts that the district maintains for such purposes. Checks for fundraisers should be made out to “Lakeview High School” so that they may be deposited into the school accounts. Apparel and equipment is then purchased using a school purchase order.

*The NCAA Clearinghouse*
Any student-athlete wishing to compete in collegiate athletics after graduation at a division I or II School must register with the NCAA Clearinghouse. This should ideally be done in the student-athlete’s junior year. Beginning with the freshman year, all Student-athletes should be aware of the NCAA core curriculum. The core curriculum, additional information regarding the clearinghouse, and related forms can be obtained from the Lakeview Counseling Department. All students should attempt to qualify for NCAA Division I eligibility, as this will guarantee eligibility at all levels.
ATHLETIC CODE OF CONDUCT AGREEMENT

I am giving my son/daughter permission to participate in Lakeview High School’s Athletic Program. I have received and read the Athletic Handbook. I have also reviewed it with my student athlete and we understand the rules and regulations set forth by the Lakeview Public School’s Athletic Department.

We understand that a current physical (dated after April 15 of the current year) must be on file in the athletic department before participation in a practice or event can occur.

I also understand that any equipment issued to my son/daughter is to be returned at the completion of the season. I agree that all equipment issued will be returned in the same or similar condition, normal wear and tear excluded, or I will be responsible for replacing missing or damaged equipment. I also understand that failure to return all equipment or replacement of damaged equipment may lead to a hold placed on my student-athlete’s senior checkout.

I also acknowledge the inherent risk of injury while competing in athletic competition and understand the possibility that serious injury may result in athletic activities, from exposure to moving and stationary objects, various playing surfaces, transportation and other items that can lead to injury, dismemberment or even death.

**This communication is written so you and your student-athlete fully understand the potential dangers involved with the participation in interscholastic athletics**

I have read the Athletic Handbook and have understanding of what is expected of my student-athlete. I have also sought clarification of any and all items I do not fully understand, so there is no misunderstanding.

I have received and read the District Handbook and understand what is expected of my child. I have sought clarification of any and all items I did not fully understand and am clear about the contents of the handbook. I have also reviewed the District Handbook with my child and we understand the rules and regulations set forth by the Board of Education of Lakeview Public Schools.

We have reviewed all sections of the Handbook, but have spent dedicated time discussing the following sections:

- Bullying Policy
- Zero Tolerance
- Harassment Policy
- Student Network and Internet Acceptable Use Agreement
- Michigan Student Concussion Law
