STAAR Results for Parents Grades 3 - End-of-Course STAAR

Parents of students in grades 3 through high school (End-of-Course) can view their child's STAAR assessment results, item by item. This can be a powerful tool to provide parents with information on where their child(ren) are performing in Reading, Math, and in some grade levels Writing, Science, and Social Studies.

Click here: [Student Portal](#)

Use your child's Social Security number to receive your unique access code. The access code can also be found at the bottom of the STAAR Report Card that is sent home by the school the week of June 11-14.

Once on the TEA Student Portal, parents can view the assessment questions, their child's answers, correct answers and rationales that explain for students the reason for the correct answer. Additionally, parents can see their child's performance as it compares to the campus, district, and state.
