

La Cañada
High School

A National Blue Ribbon School

Registration 2019

Dear Parents and Students,

There is no doubt that participation in extracurricular activities creates a more rewarding high school experience for students. Involvement in such pursuits creates an environment in which a student is able to build character, develop socially, and prosper outside of the traditional classroom environment. Moreover, research also demonstrates that students involved in extracurricular activities achieve greater academic success than those students who do not. Therefore, at the heart of LCHS's educational program is its ability and strong desire to provide students with the opportunity to grow and be successful in and outside of the classroom.

LCHS's ability to provide a multitude of outstanding extracurricular programs is due in direct part to your continued support, which includes the purchase of a student card with ASB. Because ASB is a self supporting organization, revenue from these sales is extremely important to the funding of LCHS's extracurricular activities, which continue to make this school one of the most enriching educational experiences in California.

All students are strongly encouraged to purchase the ASB supplement, which is available during registration at a price of \$75. Other than supporting the high school in a multitude of events and programs, a student card with ASB gives the holder free admittance to many of the sporting events on campus, including all football and basketball games; discounted and advanced purchase of event tickets, such as Homecoming and Prom; and, a LCHS spirit shirt. Furthermore, all athletes participating in sports at LCHS are encouraged to purchase the ASB supplement along with their transportation donation. This revenue pays for such athletic expenses as league dues, game officials, field paint, awards, and much more. Students are also required to have ASB in order to receive awards and letters granted by athletic programs.

To denote one's purchase, a digital ASB logo is added to the student's identification card in order to provide access to the benefits described above. After the initial card distribution, a \$5 duplicate fee will be charged to any student who wishes to amend his or her card, add a permit, or replace a lost card.

Thank you for your contribution and continued commitment to LCHS!
