

East Bay Coalition for Public Education

Educators, Community & Families for the Schools Our Children Deserve

DID YOU KNOW?

Despite a recent increase from the state, **California still lags behind in funding for public education nationally.**

- Getting to the national average would mean an increase of more than \$2,000 per student
- California spends \$10,000 less per student, per year than New York State
- California is the 5th largest economy in the world!

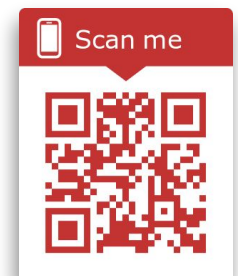

WE NEED BOLD ACTION, AND YOU!

Our California Legislators need to be bold during this crisis! They need to provide the necessary funding for:

- Teacher salaries
- Counselors & Social Workers
- Prepare Students for College & Career
- Clean & Safe Schools
- Robust academic programs in Science, Technology, Engineering, Arts, and Mathematics (STEAM)
- Strong Academic Programs in Reading & Writing

There are significant funding proposals being discussed in Sacramento right now! Show your support for more funding!

Contact your Legislators today! **Demand FULL AND FAIR** funding for public education. Follow this QR code to learn more! (acoe.org/calreps)

Tell them our kids deserve better! They deserve more!

This is a critical opportunity to make generational change for California students! Recent increases to the state education budget give us the momentum we need to push for more!
