

**Godley Middle School
2018-2019 School Supply List**

*Beginning in 2018-19, all GMS students will be required to pay a **one-time \$30** chromebook insurance fee to offset repair and maintenance costs on these devices. For any damage incurred on the devices, the first claim will be covered by the insurance fee with a steadily rising deductible for any repeat damages thereafter. The fee itself is still significantly below the insurance costs associated with surrounding districts; and is further mitigated by the reduction in required school supplies in the district's progress towards a paperless environment. **This may be paid online in skyward.***
