

# AHERA Management Plan

TO: General Public

FROM: Reagan Academy

DATE: August 1, 2018

RE: AHERA MANAGEMENT PLAN

This letter is to inform the public (i.e. parents, teachers, and building occupants) of Reagan Academy's compliance to the AHERA (Asbestos Hazard Emergency Response Act of 1986) management plan in accordance with the Utah Department of Environmental Quality Division of Air Quality. The AHERA management plan consists of a letter from the building architect stating that no ACM's (asbestos containing building materials) were used in the construction of Reagan Academy. This letter is available for review at the front office during regular business hours.

Sincerely,

Lanny Adamson

Assistant Director

Reagan Academy
