

Communicating During an Emergency

Our goal is to inform parents that an emergency event is underway as soon as it is safe to do so. **Staff members will first ensure the safety of our students and others on campus then turn their attention to providing you with timely updates.** Please know that we also work to ensure all information shared is accurate which sometimes requires delays while details are verified with law enforcement or other sources.

During and after an emergency, school phone lines may become overloaded. **Please refrain from calling a school during or right after an emergency.** If it is urgent that you get a message to the school for the safety of your student during an emergency, please contact the district office at (209) 838-3591

How we'll share information with you in an emergency:

Help us keep your children safe and the public accurately informed about any emergency incidents by following our emergency communication plan.

STUDENT SAFETY IS OUR TOP PRIORITY
