Dear Parents and Students,

I am extremely honored to welcome you to Washington Elementary and the beginning of a new school year. The 2019-20 year offers the opportunity for our students to achieve new levels of success. Washington has always been a school that focuses on student learning and the 2018-19 school was a year in which students here did excel. We did this through the help and support from the great families, staff and surrounding community members. As the new Principal at Washington Elementary I am committed to providing a supportive, collaborative and safe environment that is critical to a high quality education for the students in this community. I am extremely excited for what the future holds for the students and families of Washington. My goal is to work together with the staff and families to make every Washington Wildcat successful.

As the school year begins our staff will focus on making your student's learning experience extremely exciting and meaningful. Part of the school's mission is to pursue excellence through creating a positive and enriching academic environment, which provides successful learning opportunities for all. All staff members here at Washington are committed to creating and maintaining a collaborative, supportive, nurturing system that excels each student's academic, emotional and social development. Because of this, it is extremely important that your student be here every day ready to learn. It is also vital that parents are involved in order to make your student's educational experience as great as possible.

We as a staff here at Washington are looking forward to working with you to help your student achieve their goals and have a fantastic year!

Greg Visser
Principal
Washington Elementary School
