Kindergarten registration and student screening will take place on the same day and time. Parents are asked to call their child's school to schedule a 30 minute appointment for one of the dates listed below.

Admission to kindergarten will be limited to children reaching five (5) years of age on or before August 31, 2019. Registration forms can be downloaded from the District's Website and completed prior to registration to save time. Parents may also stop at the school to pick-up a registration packet, complete the forms, and bring them to registration. Please note, however, that official registration must be done in person. If you have any questions, please contact your child's school.

Parents/guardians are asked to bring the following information to registration:

- An original copy of the child's birth certificate
- The child's immunization records
- Proof of residency with an accurate description of the location of your residence including municipality, road names, and landmarks for the purpose of planning transportation routes
