LA CANADA UNIFIED ELEMENTARY SCHOOLS
DISTRICTWIDE ASSESSMENT PLAN 2018-2019

Common Assessments, an essential part of the learning cycle, are assessments administered throughout the school year, at specified times during a curriculum sequence, to evaluate students' knowledge and skills relative to an explicit set of longer-term learning goals.

Common Assessments will be given mathematics and in ELA. The assessments to be used will be agreed upon by each grade level team. Last year's tests, newly created standards-aligned tests, Performance Tasks, Interim Assessment Blocks (IABs), Interim Comprehensive Assessments (ICAs), or assessments that accompany curriculum are all good choices.

Plan ahead with your grade level to ensure each assessment is administered, scored and the results are inputted within the window so that meaningful analysis can take place.
