Name: _______________________________________________________________________________

The US Constitution created the 3 branches of Government:

● The Legislative Branch to make the laws.
● The Executive Branch to enforce the laws.
● The Judicial Branch to interpret the laws.

How can each branch of the US Government address the recent COVID-19 Pandemic?

Directions: Write a paragraph that explains how each branch of the government can address the COVID-19 pandemic based upon what the other two branches are doing. Your paragraph should consist of 7-10 sentences, including a topic sentence, 5 supporting sentences, and a concluding sentence.
