Bell Schedule:

8:45am-3:33pm

Teaching Responsibility

- ▶ Teach your child responsibility. Every child should have home chores that they are expected to complete. Allowances might be tied to completing those chores.
- ▶ When appropriate, motivate your child with rewards and consequences.
- ▶ Be understanding with your child when he or she makes a mistake. We all learn from our mistakes.
- ▶ Learning to make wise decisions comes from practice and encouragement.

Summer school will be from Thursday, June 7th- Friday, June 22nd from 9am-2pm. Transportation, breakfast, and lunch will be provided. If you have received an invite please make sure your child attends each day!

*Please continue to collect Box Tops for Education and bring them in August!

How to apply sunscreen

Sunscreen is safe and can protect your skin against skin cancer and premature aging. However, it is not as effective unless it's applied correctly. Follow these tips from dermatologists when applying sunscreen:

1. **Choose a sunscreen that has an SPF of 30 or higher, is water resistant, and provides broad-spectrum coverage.**
2. **Apply sunscreen generously before going outdoors. It takes approximately 15 minutes for your skin to absorb the sunscreen.**
3. **Use enough sunscreen. Most adults need at least one ounce of sunscreen.**
4. **Apply sunscreen to all bare skin.**
5. **Reapply sunscreen at least every two hours to remain protected, or immediately after swimming or excessively sweating.**
