- **Significant savings on capital expenditures are realized when purchased using bond funds as no state recapture**
- **Projections demonstrate that passage of this bond will not result in increased school tax rates.**
- **Maximizes local tax contributions for the students of Llano ISD.**

BOARD OF TRUSTEES:
 Rick Tisdale - President
 Cody Fly - Vice President
 Jeff Kuykendall - Secretary
 Rob Wilson
 Todd Keller
 Lance Dillard
 Dean Campbell

Superintendent of Schools:
 Mac Edwards

Bond Overview

Llano ISD has called a Bond Election for Saturday May 4, 2019. The ballot includes one proposition relating to facility renovations, technology upgrades, and extracurricular improvements. Capital expenditures are planned at every campus. Estimates of tax and interest rate trends indicate that this proposal for \$10 million over ten years **will not result in a tax rate increase.** Bond funds can only be used for costs associated with capital improvements. Bond funds cannot pay for salaries or operational costs.

Current capital improvement projects exceed the support our general fund can provide. Passing a bond supported by the debt service tax in a "Robin Hood" district, such as Llano ISD, allows more local tax dollars to be spent on local educational priorities.

More information can be found on the district website: www.llanoisd.org
