Got To Have Hope

On November 27th, 1978, the president of San Francisco’s Board of Supervisors, Dianne Feinstein, made a terrible announcement: “Mayor Moscone and Supervisor Harvey Milk have been shot and killed.”

Harvey Milk had moved to San Francisco just five years earlier. In his new city, he started a new life as an openly gay man. He felt that a heavy burden had been lifted from him.

In San Francisco, Milk owned a camera shop in the heart of the gay community. In order to support the community, Milk devoted himself to local politics. He organized events to promote gay-owned businesses. He also spent a lot of time helping the disabled, the elderly, working mothers, and the poor. As a result, his shop soon became a gathering place.

In 1977, Milk was elected to the city’s Board of Supervisors. He said he wanted to give people hope. He became an advocate for affordable housing, senior citizens, and public transportation. His first major victory was a law that said employers could not discriminate against gay people.

The new law caused one Board member, Dan White, to become very angry. In 1978, White quit the Board. Later, he returned to City Hall and shot Milk and Mayor George Moscone.

Their murders were a tragedy, but Milk’s legacy of hope lived on.
