Students entering the 5th grade *Accelerated Math Program* are required to purchase and complete the **Summer Solutions: Minutes a Day-Mastery for a Lifetime!**  
**Common Core Mathematics Level 5** ISBN-13: 978-1608731862

Available for purchase online at:

- [www.SimpleSolutions.org](http://www.SimpleSolutions.org)
- [www.amazon.com](http://www.amazon.com)

When you arrive in August for the start of your 5th grade year, please bring your completed summer math workbook with your name written on the cover by Wednesday, August 15<sup>th</sup>. The summer math workbook will be assessed in two ways:

- Workbook Completion Grade - This is an extra credit grade based on completion of the workbook with effort.  
**Parent handwriting/work will not be accepted.**
- Summer Math Test - All students will be given a math test assessing the skills from the Summer Solutions Level 4 Mathematics workbook. This will count as a grade for the first quarter.

In addition to the summer math workbook, it is very important that all students **know and quickly recall their basic facts of multiplication and division 0 - 12.** The 5th grade curriculum assumes that these skills have been mastered in 4th grade. This year you will be putting together multistep problems using all the facts. It is in your best interest to be able to quickly recall basic multiplication/division facts so that you do not struggle.

Enjoy your summer and see you in August!  
Mrs. Chetalo, Mrs. Corcoran, and Mrs. Thomas
