### School Description

At River Bluff, we believe every student can read, lead, and succeed! Our mission is to provide a strong, educational foundation for all children by focusing on being effective learners in effective classrooms. We are able to do this by connecting, engaging, & providing opportunities which promote an excitement for learning through challenging experiences.

Our instruction is academically rigorous and is provided in a socially engaging school environment which facilitates personal growth and challenges each of our students to reach for new heights. Through closing the experience gap with a 1:1 technology ratio, every single student has access to the latest educational technology to be utilized in the classroom. We are committed to maximizing student achievement, by connecting, engaging, improving communication, promoting good character, and ensuring a safe school environment.

River Bluff Elementary is located in Northwest Fresno near the San Joaquin River. The school opened in July of 2002. Currently the school serves approximately 816 students in grades Transitional-Kindergarten through grade six. We are equipped with technology and facilities to enhance the educational performance of the student population. Students in grades TK-6 utilize Chrome books in the classroom. Students who do not have access to technology in their home, have the option of checking out a tablet for use at home. In addition, we have one desktop computer labs each containing 36 computers. We offer the Mind+Music program of Mind Research at River Bluff. Students in grades TK-4 are able to master the spatial math concepts based on the grade level standards set forth by the State of California using the ST Math software program. All transitional-kindergartners and kindergartners participate in a general music program, 1st, and 2nd grade students at our school participate in keyboard piano lab to further develop their spatial math concepts. In addition, 3rd graders receive flute recorder instruction and 4th - 6th graders are able to experience band, beginning strings, dance, and/or choir.

We offer a full athletic program including tackle football, basketball, volleyball, cross-country, track & field, wrestling, softball, and baseball. In addition, our K-2 students perform in a Holiday program; Transitional Kindergarten performs in a fall musical program. Students in grades TK-6 are able to compete in Science Fair, Young Author's Fair, Peach Blossom, character education and Coding. Students in grades 4-6 are able to compete in History Day, student council, and leadership. The school library is used by the student body on a weekly basis, where all students are able to check out a variety of books, and magazines. Our librarian also provides Story Time once a week for preschool age children in our community, as well as professional development resources for our teachers, and parenting resources for our families in multiple languages.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Central Unified Schools maintain current and standards-aligned instructional materials in good repair, for all students. Materials are locally adopted and reflect programs currently approved by the State Board of Education. All materials currently adopted reflect the most recent SBE adoptions and support the current California Frameworks.

Every student, including English Learners, Special Education, and other special populations have their own textbook. In the case of class sets, those sets augment individual texts that have been issued to individual students. These class sets are made based on a commitment of the district administration and the governing board and are not the product of any state requirement.

All instructional materials are subject to a school and district review process. Materials may be piloted and all materials that are selected and recommended for local adoption are reviewed by teachers, administration, and any parents who wish to review the materials. The Central Unified Board of Trustees review and adopt based on the recommendation of the district adoption committees and Educational Services.

### School Facility Conditions and Planned Improvements (Most Recent Year)

River Bluff sits on 15 acres and 60,903 square feet. It contains 40 classrooms at 38,131 sq ft, and 12 restrooms at 2,748 sq ft. The oldest main building was built in 2001. Current enrollment is 852. The table below shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT). This inspection determines the school facility's good repair status. District maintenance staff ensures that repairs necessary to keep the school in good repair and work orders are completed in a timely manner. For all items inspected that were found to not be in 'good repair', a work order has been created and maintenance will be done before the end of the 2018-19 school year. Maintenance items will be prioritized so that student safety is not compromised. At River Bluff Elementary School, repairs completed or planned include repair of interior surfaces (ceiling tiles, wall paper), electrical (hand dryer without power), restrooms/fountains (broken guard/dripping faucet), safety (plug in air freshener). The overall rating for this school is 'good'.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	58.0	62.0	40.0	44.0	48.0	50.0
Math	51.0	53.0	28.0	31.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### Opportunities for Parental Involvement (School Year 2018-19)

River Bluff is blessed to have actively involved parents in school events and students' learning. Parents and community members participate in the School Site Committee, the English Learner Advisory Committee (ELAC), and Parent-Teacher Association (PTA). Other opportunities include: Fall and Spring Conferences, classroom volunteers, coaching, cheer leading, Back to School Night, Open House, student performances, family events, such as Movie Night and eating at a local establishment, youth soccer (held at River Bluff), service clubs, Jog-a-Jon, volunteer luncheon, annual talent show, and in addition to various clubs. Parents also serve on district committees including, The Foundation for Central Schools, District English Learner Advisory Committee, District Advisory Committee, Superintendent's Advisory Committee, etc. Additional parent involvement comes via written communication which includes: Weekly updates from our office, weekly newsletters from the classroom teachers, teacher websites, the River Bluff Website, the marquee sign in the front of the school and Blackboard Connect messages that go home weekly on our automated phone system. Interpretation and translation services are provided.

Contact Person Name: Michelle Bergmann

Contact Person Phone Number: (559) 276-6001

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan

River Bluff's Site Emergency Response Plan is prepared in compliance with Central Unified School District's Governing Board and California Administrative Code, which requires all public schools, kindergarten through community college, to have written emergency response plans. Our Site Emergency Response Plan is update at the beginning of each school year. On October 2, 2018, the River Bluff administration presented the school safety plan to the school site council for review and approval. All classrooms contain a yellow safety binder which describes/contains emergency protocols. In addition, each binder also contains a school wide roster. During site preparedness drills, teachers display a red or green card indicating whether all students are accounted for. In addition, classroom numbers are painted on the blacktop to facilitate efficient evacuation of the school building. The Site Emergency Response Plan also includes primary and secondary evacuation locations and emergency task force roles and responsibilities that our staff is trained in every year. Fire drills are conducted monthly, lock down drills are conducted twice a semester, and earthquake-duck and cover drills are conducted quarterly. Annually, a site Safety Walk is conducted by our district representative, Kevin Torosian (Supervisor of Student Support Services). His findings are reviewed with Administration and then be shared with the staff at the following staff meeting in addition to the School Site Council during the next quarterly School Site Council meeting. Two-way radios and surveillance cameras have been provided.

### Professional Development provided for Teachers

River Bluff Elementary teachers in their first or second year of teaching are actively participating in the Teacher Induction program and have a mentor who meets regularly with the teacher. Teacher Induction program teachers are given the opportunity to observe exemplary teachers in the District as well as receive district training and attend professional workshops and seminars.

Every other week on a Principal Day, every teacher participates in staff development after school in a variety of areas to improve classroom performance. Professional development training is delivered on site and at the District Office by site administration, the Instructional Support Coach, District Office administrators, and other educational professionals. Teachers are supported in training to practice by site administrators and Instructional Support Coaches. The supports can include co-lesson planning, co-teaching and follow up debrief sessions. Training to practice implementation support is provided in grade levels, by individual teacher or all staff professional development based on specific support needs. Student learning data drives the need for professional development. Grade level Professional Learning Communities (PLC) meet at least twice a week to analyze student learning (data), pedagogy, and common core, which in turn drives instructional adjustments and supports in the classroom. Our primary focuses this year for staff development are literacy in K-2, data analysis for grades 3-6, providing students with success criteria which supports them into becoming effective learners, creating effective learning environments, and using technology to connect, engage, and provide opportunities for our 21st century learners.

The Principal and the Guidance Instructional Advisor conduct weekly informal drop-in observations through the classrooms leaving constructive and reflective feedback. Teachers experiencing challenges are given additional time with the instructional coach for demonstration lessons, peer observations, mini-lessons, and by providing timely and specific feedback for improvement. The instructional coach rotates through all classrooms focusing on targeted areas of need.

## **Types of Services Funded**

At-Risk Students are identified as early as the fall before parent conferences in October each year and progress monitored throughout the school year (including English Learners). Students who are below grade level, Tier One (strategic) are provided with small group instruction and re-teaching by the teacher. Tier Two students, participate in our after-school tutoring program. Students who are far below grade level, Tier Three (intensive) are provided with small group support with a Reading Intervention teacher during the school day, in addition to having the option of participating in our after-school tutoring program as well.

English Language Learners: Teachers have been trained on how to use supplemental materials for ELD, and attended training both here on site and full day training from the county on ELD strategies to move students up from their current EL level. Teachers have set aside specific time each day to provide English Language Development (ELD) for those students who are in levels 1-3 on the ELPAC testing annually. These supports are categorically funded.

Special Education Students: Our teachers are using the inclusion model for students who have individual education plans. Students receive Specialized Academic Instruction in a pull-out and push-in program for mainstreaming in the general education classroom.

Gifted Students are clustered in one classroom per grade level in grades 2-6 as identified by GATE criteria and assessment each year. GATE teachers earn certification by participating in a 2 year GATE Teacher Certification program with on-going support to help them provide enrichment and extension activities to challenge our GATE students. In addition, a district GATE instructor provides additional instruction weekly in the computer lab as well as annual field trips.

ST Math (The Mind Institute), a web based Math program is funded from categorical funds. These funds also provide 100% student access to the technology by providing computers in a fully equipped computer lab as well as providing technology in the classroom.

### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
