

NCAA Eligibility Center

The NCAA Eligibility Center is responsible for certifying the academic and amateur status of all Division I and II incoming student-athletes. College-bound student-athletes can create an account with the Eligibility Center by visiting eligibilitycenter.org. We recommend that students register during their sophomore year of high school to ensure they have adequate time to confirm they are on track for meeting initial eligibility requirements.

Academic requirements for each college-bound student-athlete are based on the student's core-course grade point average and their ACT or SAT score.

WHAT IS A CORE COURSE?

Core courses are those that are academic in nature, taught at or above your high school's regular academic level, receive credit toward high school graduation, and are four-year college preparatory courses. To be used in an academic certification, the courses need to be listed on the student's transcript with their grades and credits. Core courses must be in one of the following academic areas:

- English
- Math (Algebra 1 or higher)
- Natural/physical science
- Social science
- Foreign language
- Comparative religion or philosophy
