School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students
Grades Three through Eight and Grade Eleven**

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	67.0	73.0	66.0	69.0	48.0	50.0
Mathematics (grades 3-8 and 11)	67.0	71.0	63.0	66.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**CAASPP Test Results in ELA by Student Group

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

The School Site Council (SSC) at Vessels is an advisory group that meets regularly to receive information, discuss school programs, and provide input toward school-based decision-making. The SSC is composed of the principal, three classroom teachers, one other school staff member, and five parents. Per Education Code 52870, the English Learner Advisory Committee (ELAC) has delegated their authority to the school’s established School Site Council. All meetings are open to the public.

Vessels actively seeks parent involvement in school programs in a variety of ways:

- Parent representation is needed for the District Budget and Finance Committee, and District ELAC.
- PTA supports the school program by encouraging and organizing parent involvement, promoting the self-esteem of students, and enriching the school program by providing special programs, services, and activities.
- A number of parents and community volunteers work in the classrooms assisting teachers and school staff in a variety of ways to effectively lower adult to student ratio.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2018-19)

The school has developed a disaster plan for use in an emergency situation. Staff members are trained and assigned responsibilities for plan implementation. There are monthly disaster drills for school-wide safety. The school and district also work in conjunction with the community-based School Community Alert Team (SCAT). School inspection reports rated the cleanliness, orderliness, and care of the school as satisfactory. In addition, Vessels has a safe schools action plan that will be reviewed and updated annually. The School Safety Plan was reviewed on 12/04/2018.

Professional Development (Most Recent Three Years)

Professional development is provided through a districtwide coaching model, Professional Learning Communities, staff meetings, teacher-principal meetings, districtwide minimum days, and districtwide professional development.

Priorities for training correlate with data analysis from multiple sources, indicating students' strengths and needs. In 2016/17, professional development focused on Thinking Maps, Setting the Stage, and Write From the Beginning. For the 2017/18 school year, districtwide professional development days focused on Writing and Math. The focus for the 2018/19 school year is English/Language Arts. Teachers receive on-going professional development to support the implementation of ELA standards through the adoption of the new Benchmark Advance program. Continued support for Thinking Maps and Writing and their integration with Benchmark was provided.

The districtwide coaching model has focused on using data to differentiate instruction. Coaches also meet with grade level teams to support the implementation of the Benchmark program and use of data. District STEM TOSA's provide support and training to teachers related to Next Generation Science Standards and STEM instructional modules. This includes in-class support and coaching. Job specific professional development occurs for other staff (speech therapists, instructional aides, special education staff members, etc.) during district meetings, minimum days, and districtwide professional development days. In addition, specialists attend workshops, conferences, and receive support from our SELPA.
