

Immaculate Conception High School
Religious Studies Department
Summer Assignment 2019

One of the core Christian values is service to our neighbor. Jesus said “I come to serve, not to be served”. As disciples of Christ, we are called to serve our neighbors. This is why we perform hours of Christian Service.

This year, the religion summer assignment will be your service hours. In an effort to give you a better opportunity to complete your required 20 hours per school year requirement for the 2019-2020 school year, we have decided to use this requirement as our summer assignment. Kindly note, that if you did not complete your service hours from the 2018-2019 school year, you will have to make them up this summer as well.

In September you will present your service experiences to the class on a powerpoint/Google Slide presentation. After each experience of service that you complete, please include the following in your presentation, 1-2 slides per experience:

1. Where you completed your service/how long
2. What your duties were
3. Which corporal work of mercy that it aligned with
4. Detail what you learned about working in this particular area of need. What did you enjoy? Were there any aspects of this experience that were uncomfortable?
