

ARISTOI CLASSICAL ACADEMY

March 19, 2020

Dear Aristoi Parents and Guardians,

We are looking forward to launching our Google Classrooms at Aristoi Classical Academy on Monday, March 23. In order to keep our students safe online, we will email parents their child's login and password information on Friday, March 20.

Elementary School parents will receive an email from their child's teacher. Upper School parents will receive an email from a member of our support staff. If you have more than one child at Aristoi, you will receive separate emails with login credentials for each child.

Please know that these credentials give students access **ONLY** to the Google Classroom, and student passwords **CANNOT** be changed. Students may contact their teachers through Google Classroom.

Also, teachers are still working on loading content to their classrooms to begin on Monday, March 23, so please use this weekend to familiarize yourself with Google Classroom.

Sincerely,

Terrence Boling - Head of Elementary School

Kathryn Locheed - Interim Head of Upper School
