

AP ART HISTORY SUMMER ASSIGNMENT 2019

Create flashcards for these 250 pieces of artwork!

You need to print clear **color** images, cut them out and glue them on.

Hint: Get clear packing tape and use that to tape straight over the image onto the notecard. It will save you so much time, a mess, and act as a laminate to protect them as you progress through the year.

You should use 3x5 cards or larger. Whichever you prefer (NO SMALLER).

The cards should be the packs that come in 3 colors.

Each color will designate a different type of art.

- Architecture
- Sculpture (pottery, reliefs, and such are included)
- Painting (drawings, photographs, etchings, prints, and collages included)

Image list can also be found here:
