

BMPA Policy on Volunteer Recognition

Effective May 5, 2014

If a music group wishes to recognize exceptional volunteer service, they are encouraged to provide a non-monetary gift such as letters of appreciation from students in the group or other creative and appropriate expressions of gratitude. It is recommended that these gifts be provided as a cumulative recognition (not an annual recognition), given when the volunteer is concluding their service to the organization (i.e. parent of a graduating student). No funds raised under the auspices of BMPA may be used to purchase volunteer recognition gifts.
