

# 2017-18 California Healthy Kids Survey

## Brea Olinda Unified School District Report Highlights

The collected data, from the California Healthy Kids Survey (CHKS), provides student perceptions, responses and beliefs on school connectedness, resiliency, protective factors, and risk behaviors. This survey is a critical component of school and district improvement efforts to help guide the development of more effective health, prevention, and youth development programs.

### School Safety & Connectedness

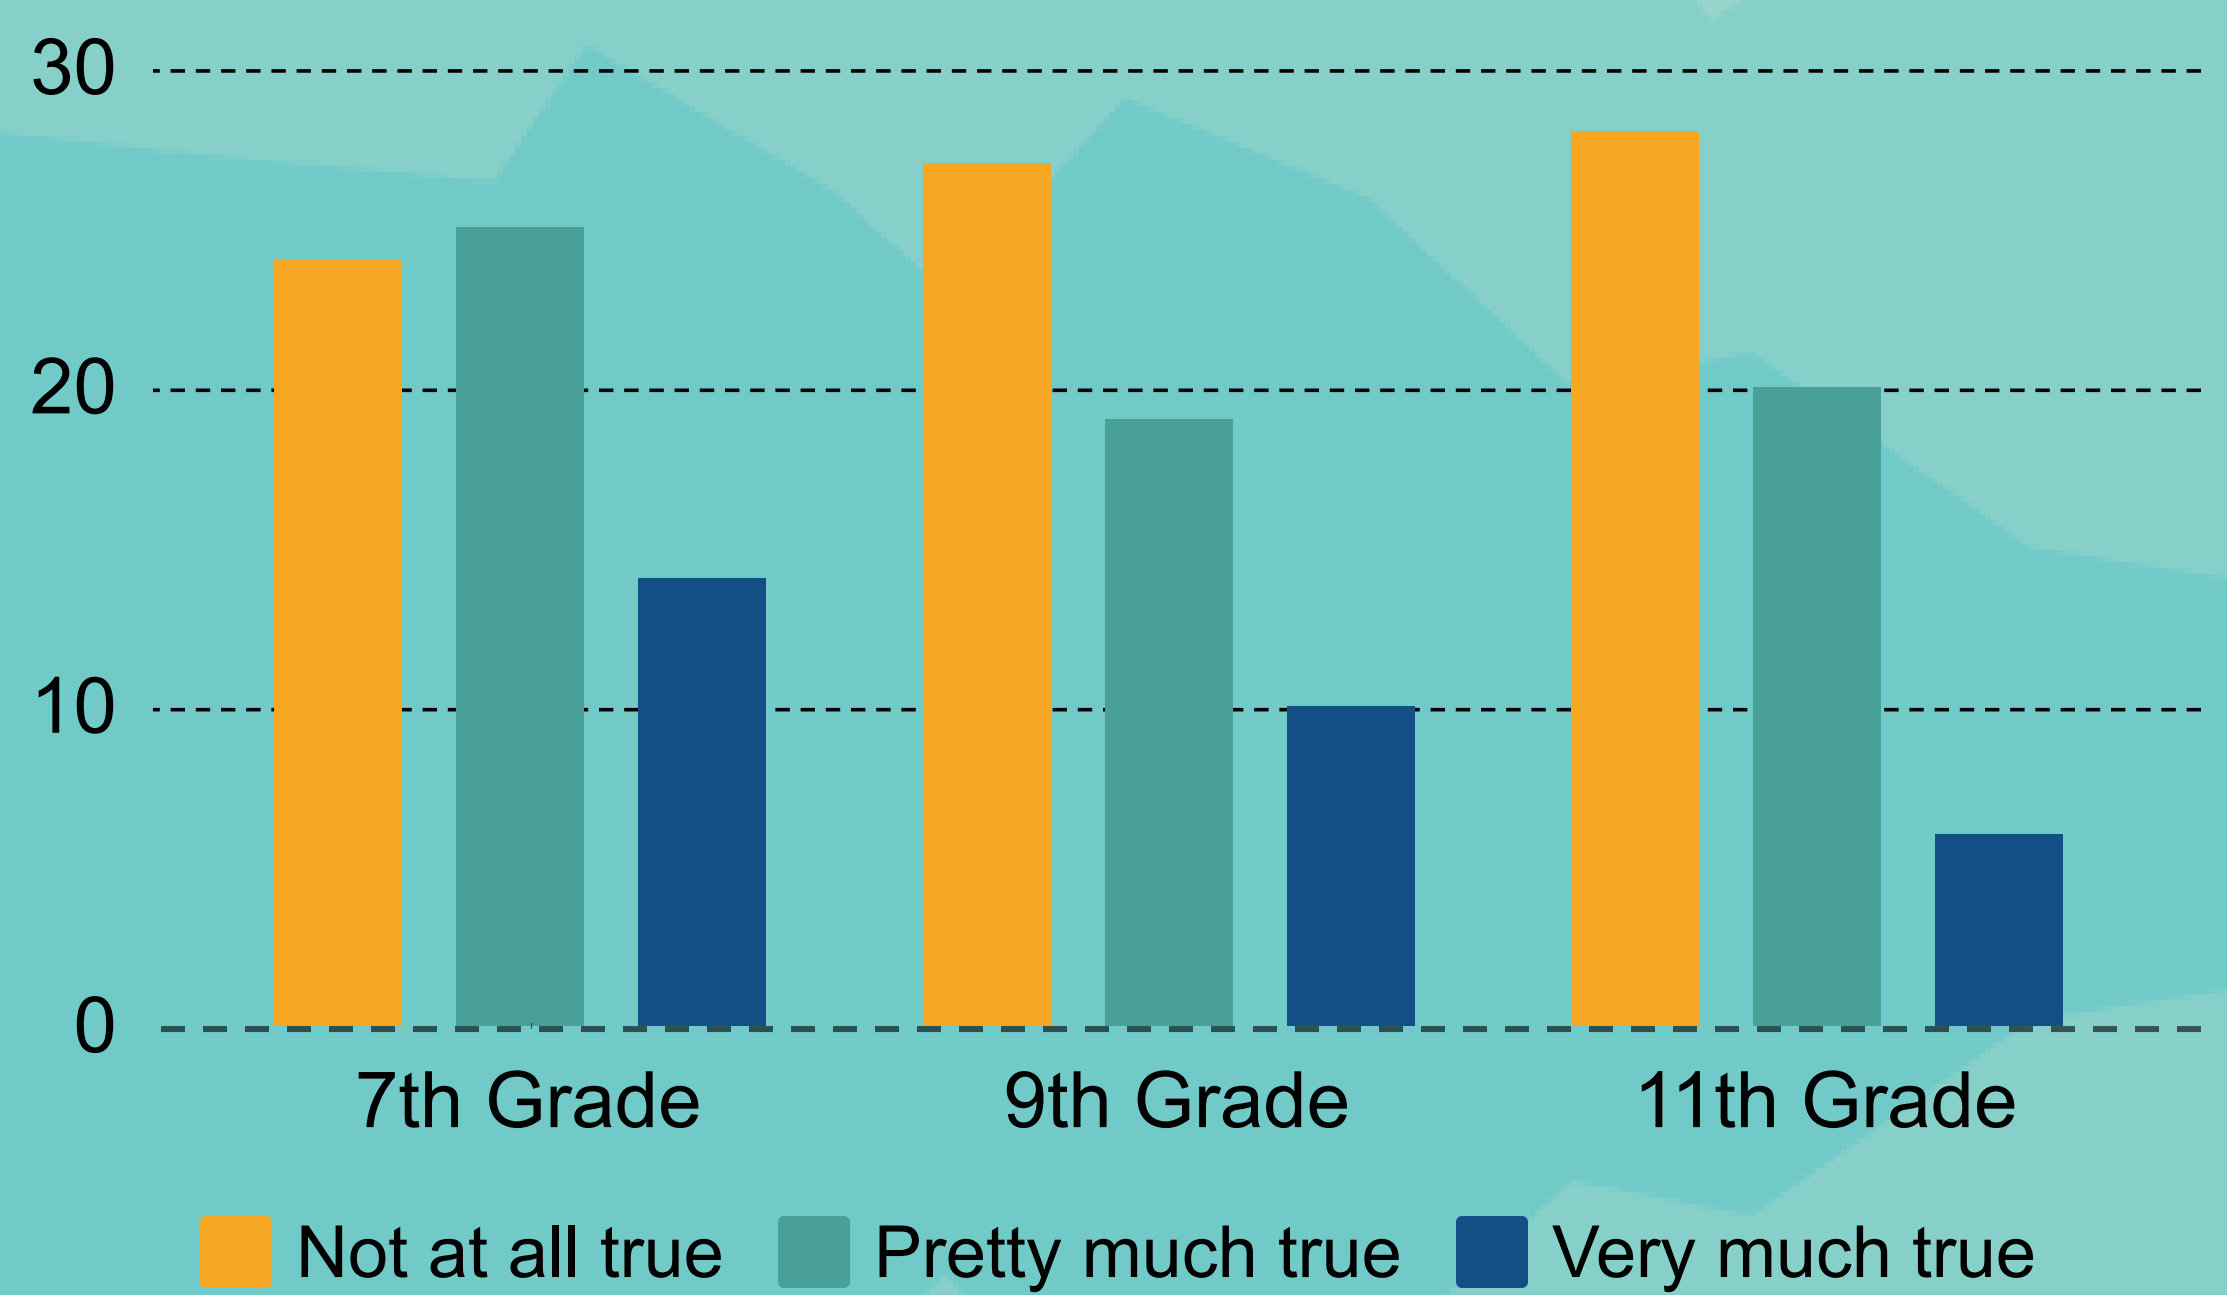

#### Perceived safety at school

"How safe do you feel when you are at your school?"

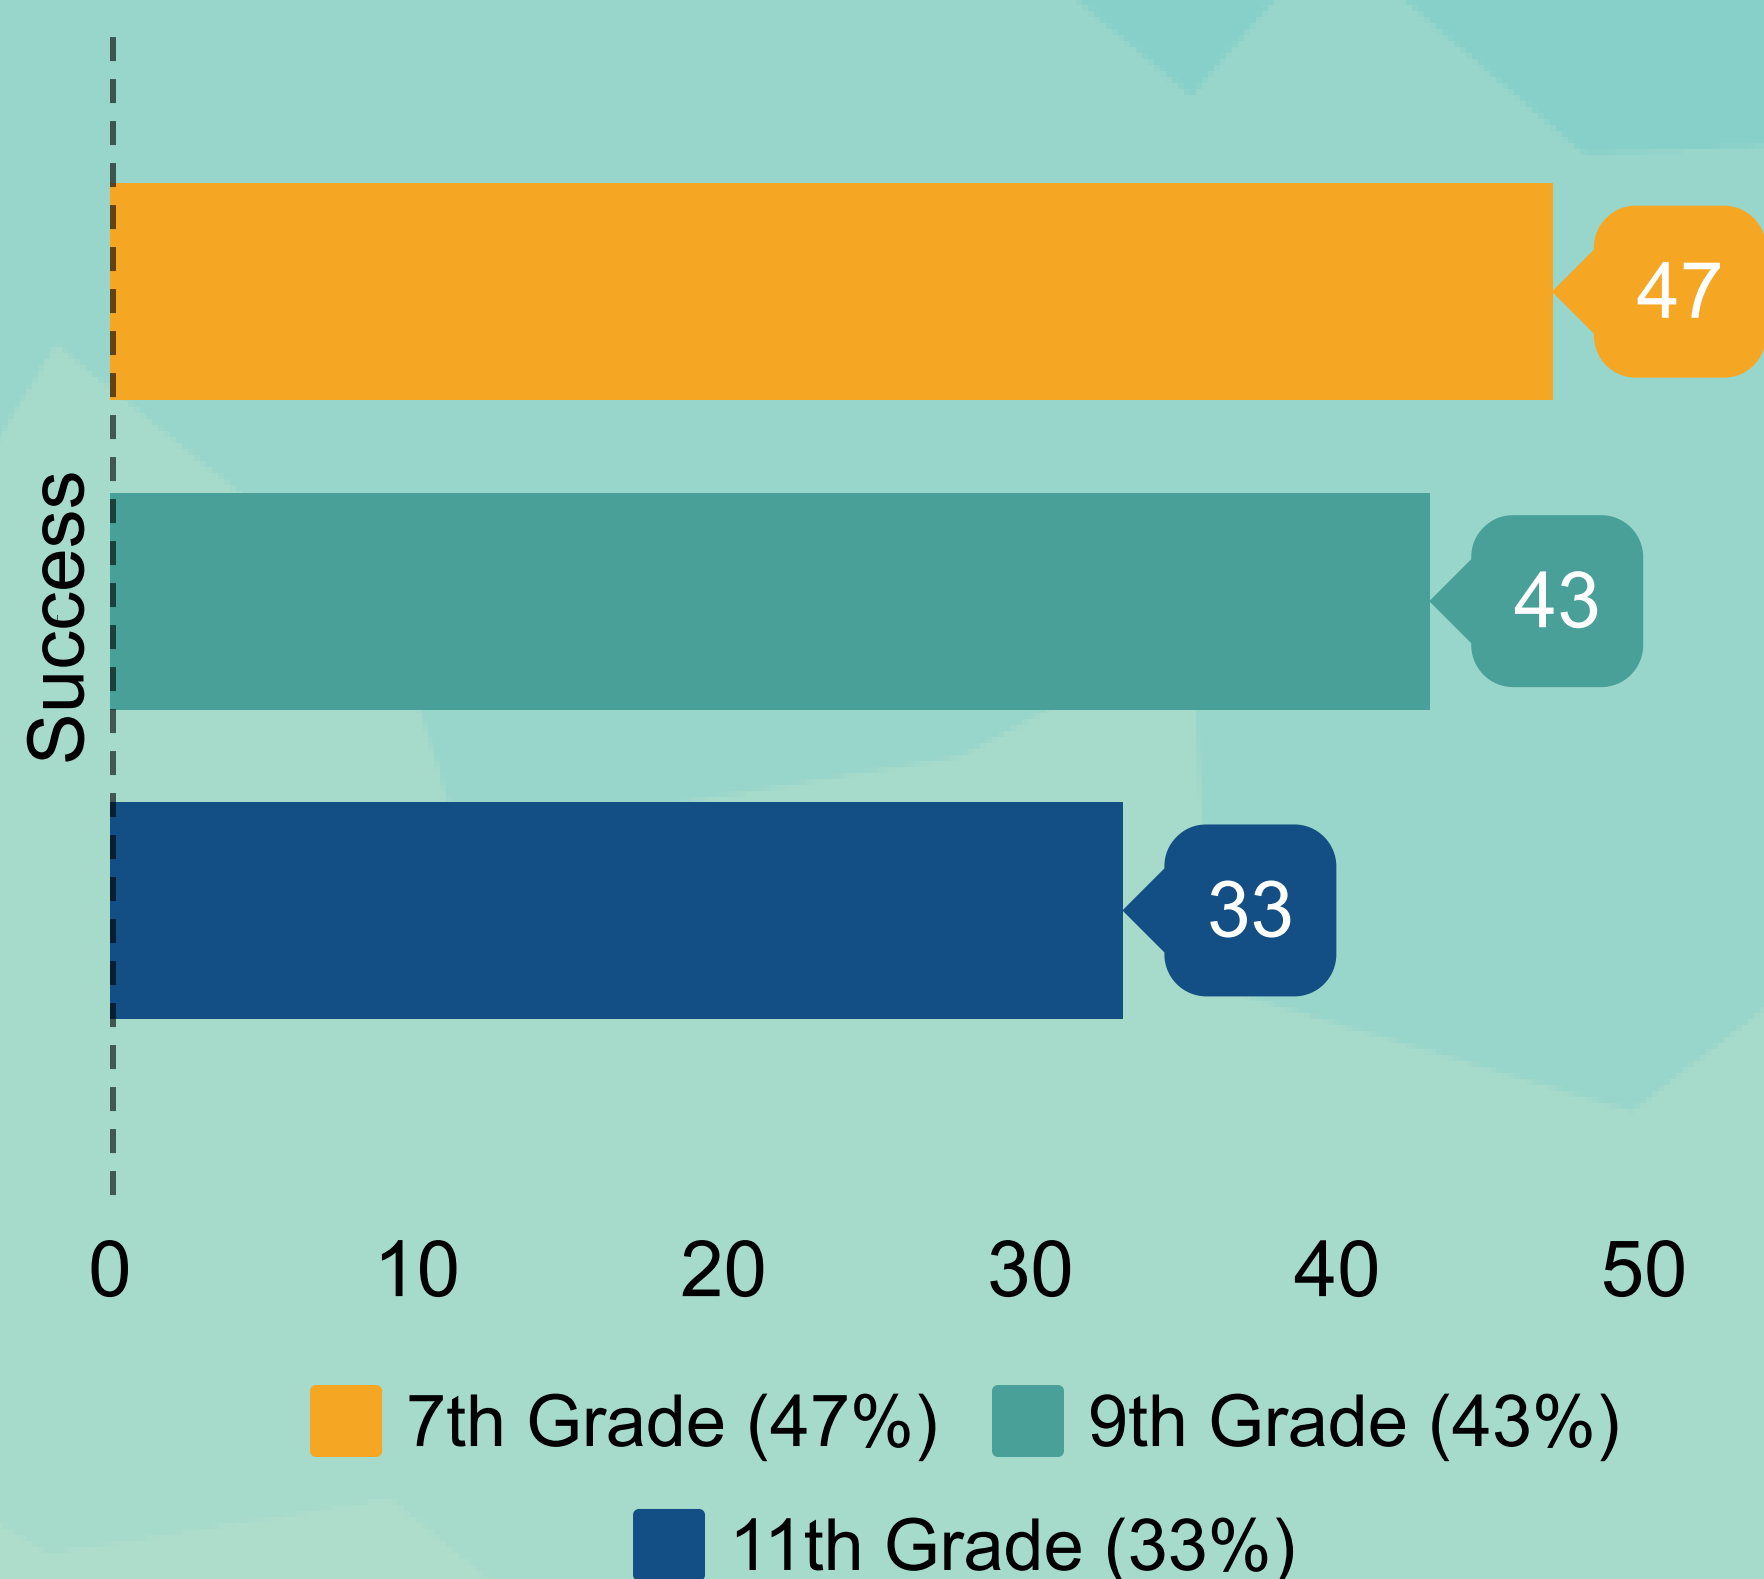

#### Opportunities for meaningful participation

"I do things that make a difference at my school"

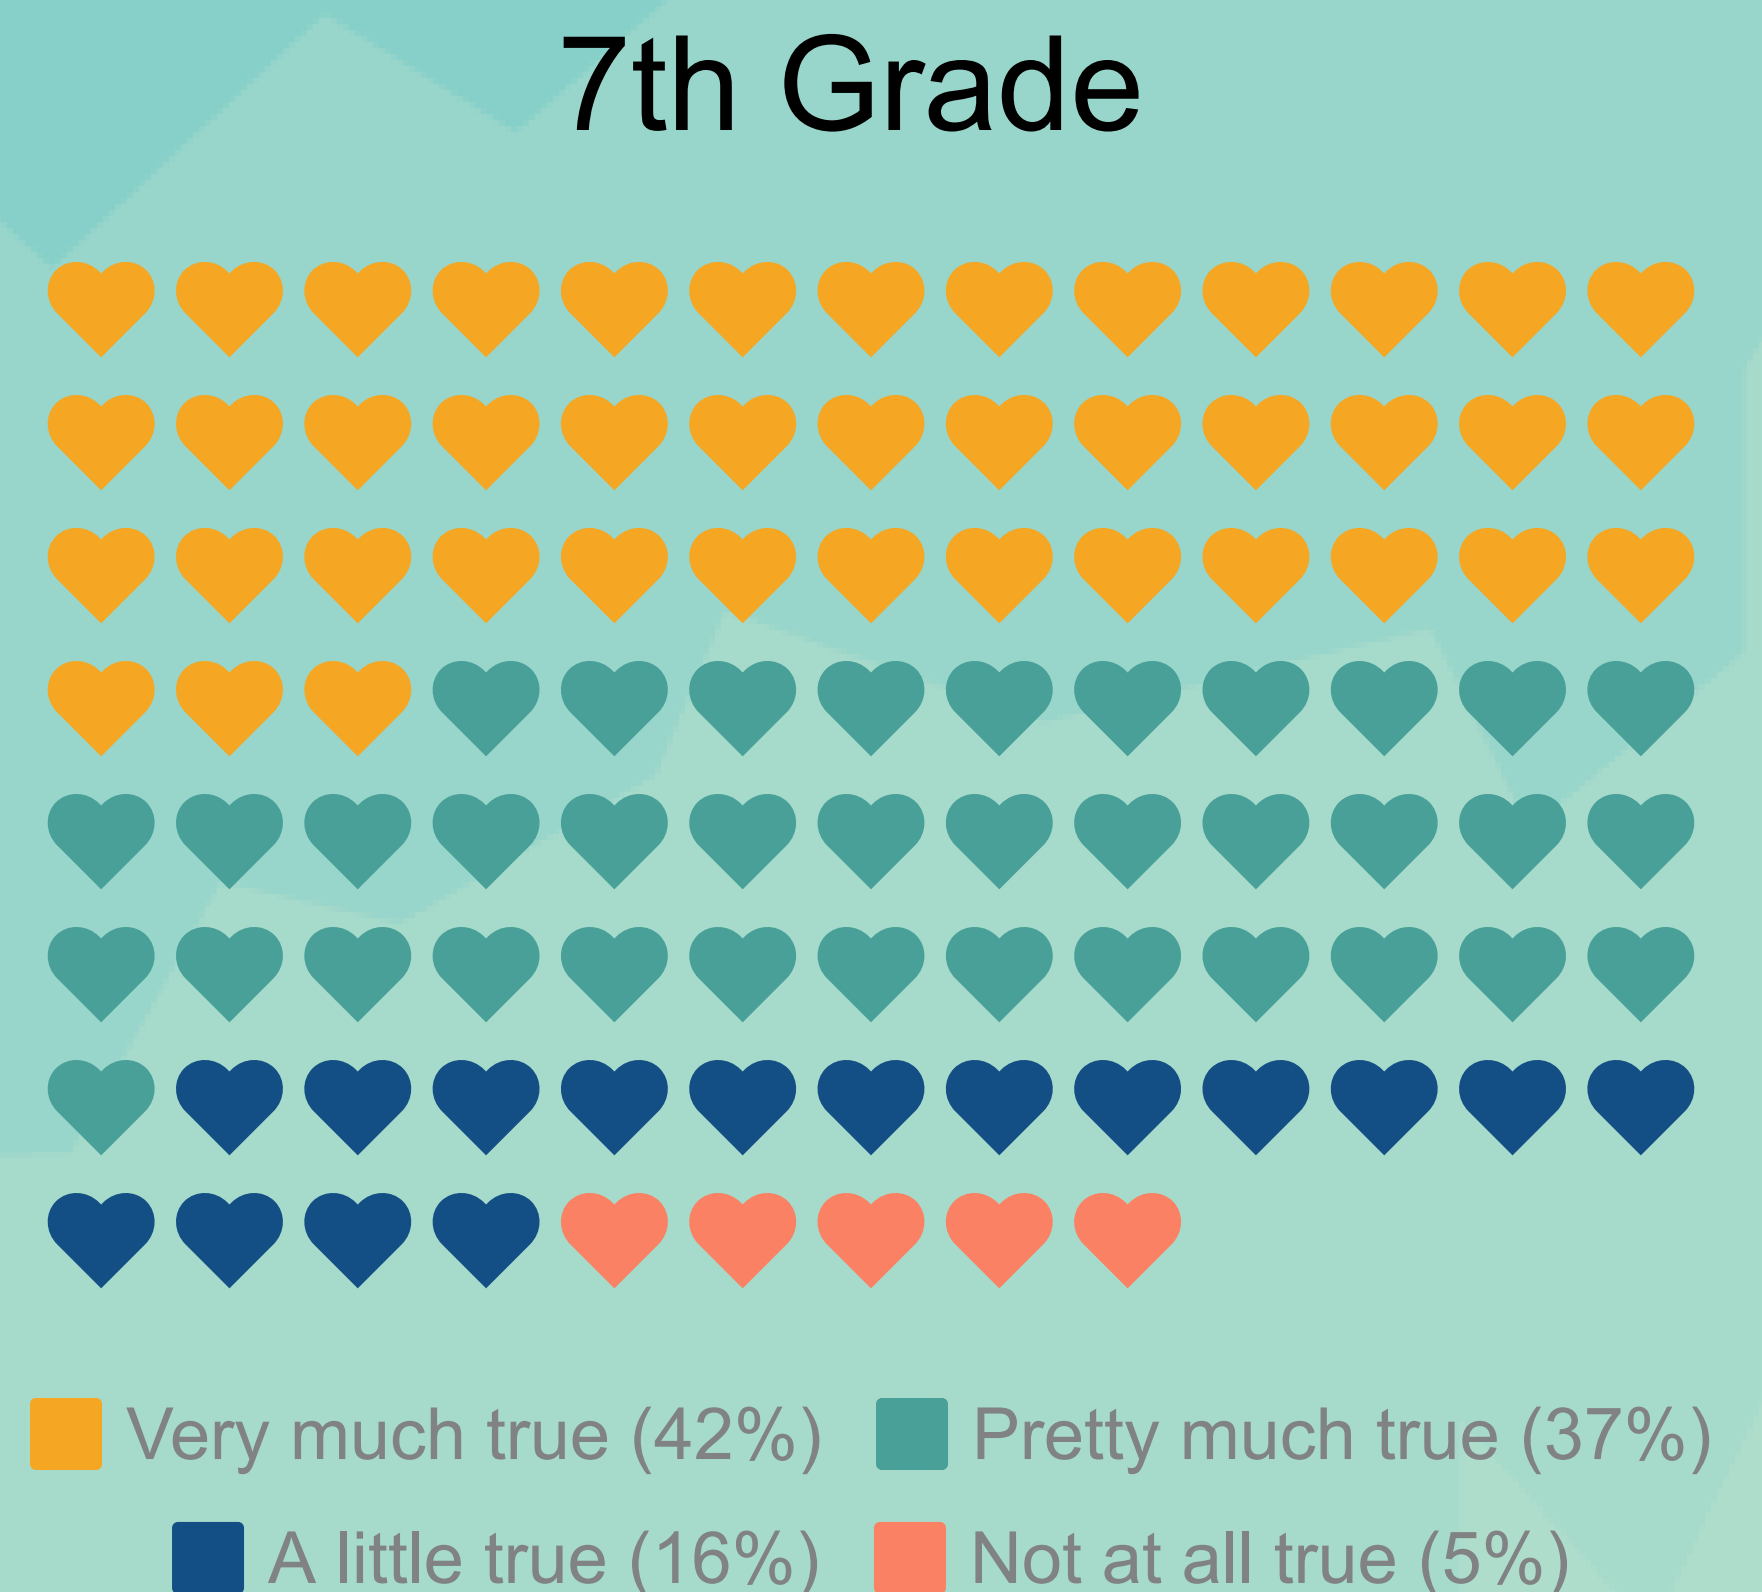

#### High Expectations (% of students)

"At my school there is a teacher or other adult who believes I will be a success"

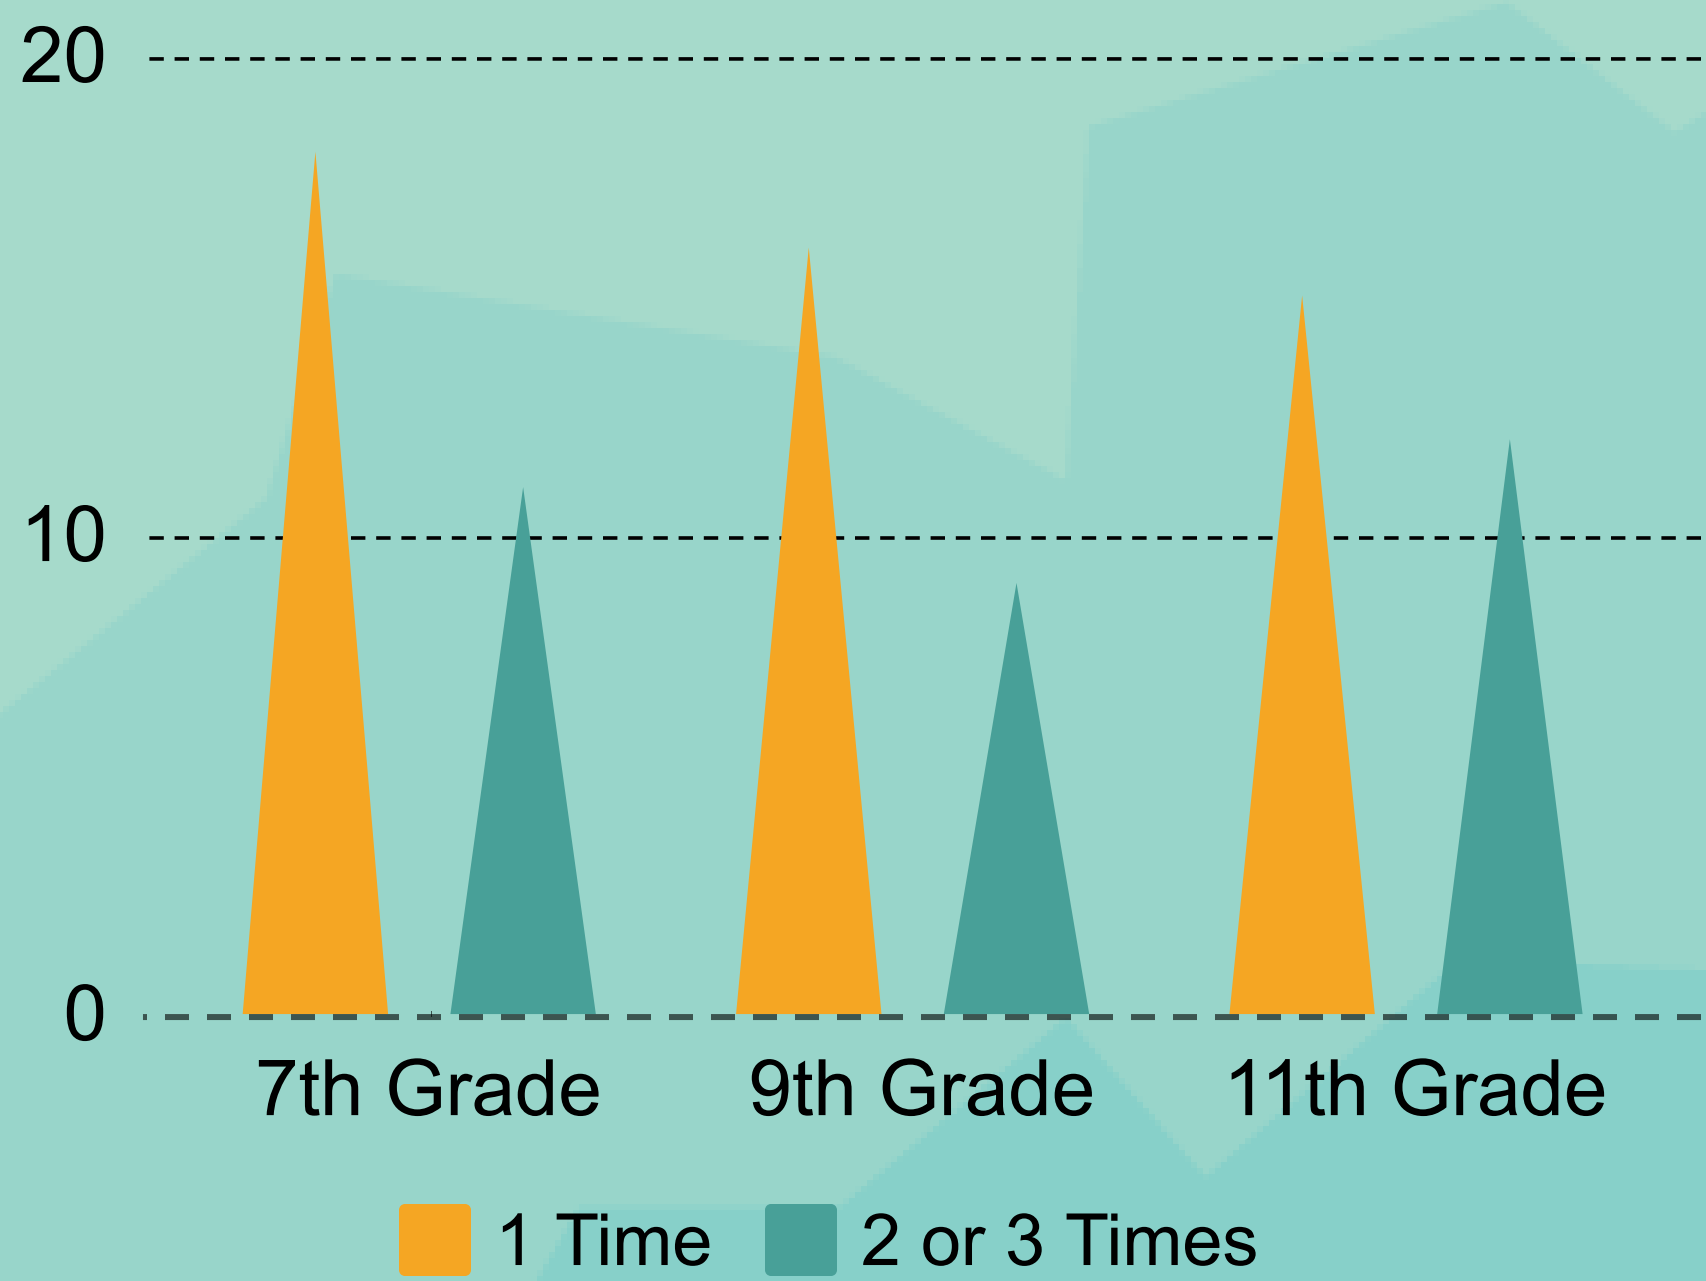

#### High expectations (% of students)

"At my school, there is a teacher or other adult who believes I will be a success"
