***"Educate, Inspire, Challenge"***

September 2019

Dear North Kingstown Parents and Guardians:

We are excited to have your children with us for the 2019-20 school year. The North Kingstown School Department is very high performing academically and proud of the great community we have become. Our school department is focused on making sure there are high standards in all of our schools and for all of our students, and that we do everything we can to communicate well with you.

One of the ways we communicate with you is through this North Kingstown Elementary Handbook. There are many things that go into your child's experience at school. This handbook has been prepared to provide you with important information about the school day and various procedures and policies that guide the work we do. Other helpful information about our schools, including curriculum guides and a manual of School Committee policies, are available at the schools, at the North Kingstown Free Library, and also on our website at [www.nksd.net](http://www.nksd.net).

A good parent-teacher-principal relationship is at the heart of making your child's educational experience a great one. We hope that you will keep in touch with us, join us for our many parent meetings and informational sessions at your child's school, and give us feedback on your child's school experience.

My best wishes to you and your children for a great school year. Please let us know if there is anything we can do to help make this experience better.

Sincerely,

*Phil Auger*

## **SPECIAL PROGRAMS**

### **Assessment Program**

Rhode Island will continue to use the new state assessments this school year. The Rhode Island Comprehensive Assessment System (RICAS) for English Language Arts and Mathematics will be administered in grades 3-8. The Rhode Island State Science Assessment is administered to grades 5, 8 and 11. The STAR assessments are computer-adaptive tests that are used for screening and progress monitoring in the areas of reading and math. For Special Education students, the Dynamic Learning Maps (DLM) Alternate Assessment in English Language Arts and Mathematics will be administered to grades 3-8 and 11; Science will be administered at grades 5, 8 and 11. English Language Learners will take the ACCESS assessment. All assessments are used to measure educational effectiveness at the state, district, and school levels.

### **Special Education Program**

North Kingstown School District provides a full continuum of services for students with special needs. A student is identified for special education if they meet all of the following criteria:

- has one of the thirteen disabilities under the Individuals with Disabilities Improvement Act (IDEIA) of 2004
- disability adversely impacts school performance
- student requires specialized instruction.

Special education refers to specially designed instruction that will meet the unique needs of the student with a disability and enable the student to meet the goals defined on his/her Individual Education Program (IEP). Specially designed instruction means instruction that has been adapted in its content (curriculum), methodology (instructional strategies), or delivery (how the content and instruction will be delivered). This instruction is specially designed to address the unique needs of the student that result from the student's disability so that the student can be involved and make progress in the general education curriculum, can participate in extracurricular and other non-academic activities, and can be educated and participate with other children with disabilities and with non-disabled children. It includes instruction conducted in the classroom, in the home, in hospitals and institutions, and in other settings. Special education services can only be provided by appropriately certified or licensed professionals.

All students suspected of having a specific learning disability must first participate in the Response To Intervention (RTI) system as part of their eligibility. This is to ensure that students have received scientifically, research-based interventions as part of their general education program.

### **Response to Intervention**

The Response To Intervention (RTI) process is designed to assist students in achieving the Common Core State Standards (CCSS). This process identifies areas of a student's performance that need to be strengthened and ensures that various structured scientifically, research-based interventions are implemented with fidelity. Progress is closely monitored and adjustments to interventions are made as necessary. Students with literacy needs, as part of RTI, are placed on Personal Literacy Plans (PLP) which identifies the area(s) of weakness and describes what intervention(s) will be utilized.

### **SPECIAL EDUCATION LOCAL ADVISORY COMMITTEE**

The North Kingstown Special Education Local Advisory Committee is open to parents of students receiving special education services, teachers, administrators and other concerned individuals.

State and federal regulations require that a majority of the committee members are parents. The committee meets monthly to share information on special educational issues and concerns.

If your child is newly referred to special education or you have questions regarding the special education program, the committee is available to offer assistance and support.

If you are a parent of a child receiving special education services in North Kingstown, your participation is needed and welcomed.

Meeting announcements are available on district and Special Education webpage calendars.

### **Purpose and Responsibility of the Special Education Local Advisory Committee**

- Act as an advocate for all children with special needs
- Provide a forum for parents to share their ideas and concerns regarding special education with school administration
- Advise parents of their rights and responsibilities with regard to the education of their children's special needs
- Prepare and submit to the School Committee an annual "report card" on the state of special education in the district
- Provide assistance to the local school district in development and implementation of future educational programs and services for children with special needs
- Provide advice to the local school district concerning local compliance with state and federal regulations
- Assist the local school district in matters concerning the evaluation of special education programs
- Provide advice to the local school district regarding applications for state and federal funding

## School Improvement Teams

Each building has a School Improvement Team consisting of teachers and parents for the purpose of developing an annual school improvement plan. This plan is presented to the school community annually to educate them regarding goals and objectives to improve student achievement.

### **Title I Programs**

***Title I*** – a federally funded program to assist students requiring extra instructional support to meet achievement targets and reach academic proficiency. The Suzanne M. Henseler Quidnessett Elementary School provides:

- Supplemental reading and math services for all students with academic need;
- Support for a Family Learning Center located within the school;
- Assistance with after-school/summer tutorials, and
- Parent involvement/family learning initiative for all families.

Fishing Cove Elementary School also provides supplemental reading and math services for all students with academic need.

***Limited English Proficiency Program*** – a state-mandated program to provide instruction in the English language for those students whose primary language is other than English.

Acceptance into this program is contingent upon results of appropriate testing administered by a specialist in this field.

## **VOLUNTEER SERVICES**

Laymen in North Kingstown Schools (LINKS)

Founded in 1970, LINKS is a non-profit organization that recruits, trains, places and supports parent, community and business volunteers to enhance the educational experience of **all** students in the North Kingstown Public Schools.

It is the policy of the School Department that **ALL** individuals (parent, relative, community member) wishing to volunteer in **any capacity** within the schools, including field trips, must first complete a Criminal Offender Record Investigation (CORI) consent form. Individuals complete only ONE form for the entire school district. A CORI Consent Form must be completed each year and is only valid for the school year in which it is submitted. Forms are available in the main office at all schools and through the LINKS office.

If you are interested in volunteering in your child's school, please call LINKS at 336-3126 or browse our website at [www.nklinks.org](http://www.nklinks.org). There are 18 different volunteer opportunities available!

## Family Rights and Privacy Act

The revised Family Rights and Privacy Act became a federal law in November of 1974. The intent of this law is to protect the accuracy and privacy of student educational records. Without your prior consent, only you and authorized individuals having legitimate educational interests will have access to your child's educational records.

You may have an appointment to inspect and review your child's records. The appointment can be made in person or by telephoning the school.

### GUIDELINES FOR PROGRESS CODES Grades 1-5

Students are evaluated based on their progress toward expected grade level standards. The goal is for every student to achieve the standard (4).

Code	Description
4	<b>Proficient with Distinction:</b> The student has consistently performed at a higher level than the standard and demonstrates thorough, in-depth understanding of basic and extended concepts and skills. The student applies skills with consistent accuracy, independence, and a high level of quality.
3	<b>Proficient:</b> The student has consistently performed at the level of the standard and shows understanding of basic and extended concepts. The student applies skills with accuracy and independence.
2	<b>Partially Proficient:</b> The student has shown some evidence of performing at the standard, but has not consistently performed at the level of the standard. The student demonstrates partial understanding of basic skills and concepts and applies the skills with increasing success.
1	<b>Substantially Below Proficient:</b> The student has not yet approached the level of the standard. The student shows minimal understanding of basic concepts and skills. Performance is inconsistent even with support and guidance.

## **STUDENT REPORT CARDS**

Report Cards for grades K through five are standards-based. The purpose of this progress report is to record and communicate your child's progress in relation to the Common Core State Standards and grade level Standards as stated in the North Kingstown Curriculum. (Please see Progress Code Descriptors.)

Report Cards are posted to ASPEN on a quarterly basis (no first quarter report card for grade 1; K reported in February and June). Mid-way between reporting periods parents will receive information about their student's progress. Parent/teacher conferences will be held in November. Please see the district school calendar located on the district website, [www.nksd.net](http://www.nksd.net), for complete details on report card dates.

## **Parent Teacher Conferences**

Conferences are held regularly during the school year. Notification of these meetings will be sent out by teachers to all parents/guardians. Please make every effort to attend these meetings as they are a vital part of the school's method of reporting your child's progress. If you wish to have a conference with your child's teacher at any time, feel free to contact the school so that a mutually agreed upon time may be arranged.

## **Procedure for Classroom Placement**

Requests for specific teachers for your children cannot be accepted in the North Kingstown elementary schools. Our primary responsibility is to develop classes that reflect a balanced distribution of student styles, abilities and needs. Your child's current teacher works with other teachers at the same grade level to develop classes for the next school year. They take this responsibility seriously and do their best to match teachers and students, while still separating children who need to be in different classrooms. Individual needs of each student are considered and weighed in light of the overall composition of the classes.

## **Retention Policy**

Decisions to promote or retain a student shall be based upon a thorough consideration of all the factors involved in the learning situation. Teachers shall notify the principals during each marking period of those students not making satisfactory progress.

Parents/guardians shall be informed in writing that a problem exists.

A review of progress shall be conducted in January by the teacher and the principal.

Parents/guardians shall be informed by February of the possibility of retention. The principal, in consultation with appropriate staff and parents/guardians, shall make the final decision in June prior to the closing of school.

## **School Dismissals**

Children may not be dismissed early without a **written excuse** from home. Also, if you wish to have your child's pattern of going to or from school changed in any way in order for him or her to visit a friend, ride with a neighbor, etc., a signed note informing the principal of the change is required on the morning that the child will be making the change. The alternate transportation is the responsibility of the parent/guardian. **Students will not be released to anyone that is not listed on the emergency card in ASPEN. ID is required.**

Children are not allowed to leave school with anyone but their parents/guardians unless a note is sent to school stating specifically who has been designated by the parent/guardian. **That person MUST be listed on your child's emergency card in ASPEN and show ID.** A parent/guardian or a designated person will be required to sign out the child. This is for your child's protection and will be strictly enforced.

## **Dismissal from School Prior to Regular Time**

If it is essential that you take your child out of school prior to dismissal time, please send a note to school indicating the time of pick-up, or **in an emergency**, telephone the office that particular day. Parent/guardian taking the child will be asked to sign the Dismissal Register at the school clerk's desk. NO CHILD is allowed to leave without being signed out by authorized personnel.

Any person requesting the dismissal of a child must be identified by the principal or office personnel, **must be listed on the emergency card and must show ID.**

## **IMPORTANT THINGS TO REMEMBER**

- Everything your child brings from home must be labeled with his/her name.
- Do not send valuables to school.
- State law requires a written excuse for **all** absences.
- Children must not bring medicine of any type to school.
- Children must get off the bus at their own bus stop.
- **Permission to change buses will be granted only in an emergency situation.**
- Children should be instructed to go directly home after school.
- Be mindful that party invitations can only be shared at school if the entire class is invited to the event.
- The distribution of candy by students and/or staff is prohibited in the classroom and on school grounds. Classroom and school celebrations will not be centered on food, except on a limited basis, with principal approval. One recommendation is for birthdays to be celebrated by sharing a book with the class.

## **WE ARE COUNTING ON YOU AS PARENTS/GUARDIANS TO HELP YOUR CHILD BY:**

- Showing interest in your child's progress.
- Encouraging your child to get books from the library.
- Reading to your child each day.
- Assisting your child in selecting TV programs, movies and reading materials.
- Getting your child to school on time.
- Praising your child for his/her efforts in school.
- Planning trips of interest both in and out of the community.
- Participating in family activities such as trips, picnics, shows.
- Teaching your child to use the bathroom without help.
- Providing manipulative materials such as clay, paper, scissors, paste, crayons, etc., for your child to use at home.

## **SCHOOL PROCEDURES**

### **School Attendance**

In recognition of the importance of regular attendance to attain maximum benefit from the educational process and the necessity for the development of good attendance habits, each student enrolled in a North Kingstown school will be required to be in attendance at that school during all hours of each established school day.

Authorized absences shall be for the causes allowed under the General Laws of Rhode Island dealing with compulsory attendance, personal illness, bereavement, and religious holidays. A student may be excused for other reasons with approval of the school administration; however, other absences which are not educational in nature are discouraged.

Excessive absences may result in loss of opportunity for promotion. Unauthorized student absences will result in disciplinary action. The school district is required to report absences, tardiness, and early dismissals to the state. Letters must be sent to parents notifying them of excessive absences and the consequences.

If your child is ill and/or has any of the following symptoms, home is definitely the place for your child to be. It is recommended that if the following symptoms are noticeable, your child should remain at home where he/she can receive proper care:

Sore throat	Temperature over 99 degrees	Severe headache
Diarrhea	Cough and runny nose	Open wounds
Nausea and vomiting	Swollen glands	

In the event that a child comes to school with any of the above symptoms, the parent/guardian will be contacted for the child to be sent home.

### **Excuses**

If your child is going to be absent, please telephone the school's Student Absence Line (see telephone numbers on page 3) and inform us of the reason for the absence and the length of time you expect your child to be out of school.

Telephoning the school is a safety precaution so that both you and the school will know where your child is. STATE LAW REQUIRES A WRITTEN EXCUSE UPON YOUR CHILD'S RETURN TO SCHOOL. A doctor's note must be received within one week of your child's absence to be considered an excused absence.

If there are excessive unexcused absences, the attendance officer will be required to take action.

### **Tardiness**

Any child arriving after the school start time will be considered tardy.

### **Excusing Children from Physical Education and Recess**

Requests for children to stay indoors during recess must be in writing and must be for health reasons only. Requests for **more than two days** must be accompanied by a doctor's recommendation. A child's exclusion from physical education will be honored only with a doctor's written request.

### **Lunch Program**

A lunch program is served every full school day in the cafeteria and available for purchase. Our school department participates in the state-run program whereby eligible low income or temporarily hard-pressed families may receive free or reduced price lunches. Applications for this program are available at [www.nksd.net](http://www.nksd.net) or at your school office, and are kept strictly confidential. Convenient, online payments may also be made at [www.myschoolbucks.com](http://www.myschoolbucks.com).

Breakfast is available for purchase daily in the cafeteria. Students who are eligible for free and reduced lunches are automatically eligible for free and reduced breakfast.

Reduced price lunches cost 40 cents. Regular price lunches cost \$2.50. Those children who carry a bag lunch from home may purchase milk if they desire.

## No School Days

On days of severe weather the Superintendent may decide to cancel school. If this seems possible, information regarding closing will be conveyed through a School Messenger phone call to all parents and will be broadcast frequently over the following radio and TV stations after 6:00 am.

WPRO (630 AM; 92.3 FM) B101 (101.5 FM)  
WHJJ (920 AM); WHJY (94.1 FM)  
Channel 6 (WLNE); Channel 10 (WJAR); Channel 12 (WPRI)

The following situations may apply:

In the case of a "NO SCHOOL" day, announcements will be made by means of district wide phone calls to parents, the radio and television stations beginning at approximately 6:30 am, and published on our website at [www.nksd.net](http://www.nksd.net).

In the event of a "DELAYED OPENING", the announcement of the delayed opening will be made by means of district wide phone calls to parents, via radio and television stations at approximately 6:30 am, and published on our website at [www.nksd.net](http://www.nksd.net).

In the event of an "EARLY CLOSING", an announcement will be made by means of district wide phone calls to parents, via radio and television as early as possible prior to the early closing, and published on our website at [www.nksd.net](http://www.nksd.net).

In the event of an "EMERGENCY EVACUATION", each school has a designated Primary Relocation Area – either one of the middle schools or the high school – to which the children will be relocated. If it becomes necessary to evacuate the school building(s), the Principal, in consultation with the School Superintendent, will make the determination to transport the students and staff to the Primary Relocation Area.

In the event of a district wide emergency necessitating the closing of all the district schools, **parents must have a contingency plan in place with their children.**

Arrangements should also be made with your child about what neighbors they should go to in this situation.

**You are urged to make alternate plans for your child if you are not going to be home – planned or unexpectedly. Be sure to discuss your contingency plans with your child and inform your child of any changes in the plans throughout the year. This pre-planning and development of contingency plans is extremely important to guarantee that your child will not be left unattended.**

## Clothing and Equipment

Children should be dressed according to the weather. Clothes should be simple, washable, sturdy, not too tight, safe – and **labeled**. Please put your child's name on the inside of each article of clothing, especially rubbers, boots, mittens, scarves, raincoats, and sweaters. Additionally, please ensure that your child is dressed appropriately for inclement weather; i.e. coats, pants, hats, etc.

Overshoes should be large enough so the child can put them on without help.

Be sure to label lunch boxes and lunch bags.

Do not send toys or other equipment for your child to use on the playground. The school provides adequate, safe equipment for the children to use at these times.

Please be sure to check the *Lost & Found* when you are in the building.

**Dress Code:** Clothing and personal grooming, to be appropriate for the school environment, should conform to reasonable standards of modesty, cleanliness, and good taste. The following guidelines are recommended:

1. Students are to come to school neatly dressed and well groomed.
2. Clothing marked with inappropriate language, or promoting the use of tobacco, alcohol, drugs, sex or violence are not permitted.
3. Clothing should appropriately cover the student. Halter tops, tube tops, halter dresses, tank tops, muscle shirts, sheer tops, cropped tops, midriff tops or short shorts are not appropriate for school. (Hem on shorts should meet the tips of child's fingers.)
4. Footwear must be comfortable and safe for all school activities. Sandals, flip flops, high heeled or platform shoes are not recommended. If children should wear sandals to school, they must bring sneakers to wear outdoors for recess and for gym.
5. Hats and sunglasses may be worn outside only.

## **STANDARDS OF BEHAVIOR AND CONDUCT**

### **Discipline**

A student is expected to observe the basic rules of common courtesy and to show respect for the rights of others. Since respect is a necessary ingredient of discipline, it is hoped that you will work with us in maintaining good discipline.

The important role and influence of the parent on a student's school behavior is essential. Accordingly, parents are asked to cooperate with the school in its effort to maintain a well-ordered learning environment for all children. Please discuss the following standards of conduct with your child/children so that the home and school are in accord on this important issue and refer to Policy #JICD (Student Conduct, Behavior and Discipline) which can be found at [www.nksd.net](http://www.nksd.net) (School Committee, District Policies) for detailed information on discipline and restraint procedures.

## **General Rules of Behavior**

1. Children must not damage school property.
2. Children must not use profane or abusive language, nor possess obscene material.
3. There is no unauthorized soliciting on school premises.
4. Children must not use the telephone except in an emergency.
5. Children must respect the rights and property of others.
6. Children must not be willfully disobedient.
7. Fighting is never permitted.
8. Children must not leave the building without permission.
9. Children must obey all rules and regulations of the school they attend.
10. Bullying or harassment will not be tolerated.
11. Use of cell phones and texting are not allowed during school hours.

## **Cafeteria Rules**

1. Children must use proper table manners in the cafeteria.
2. Children are responsible for cleaning their table areas.

## **Smoking Policy**

At no time during the school day may any individual use any substance or item containing tobacco on school property or within school buildings; further, there shall be no use of tobacco at any time in or within twenty-five (25) feet of any school building.

## **Weapons/School Violence Policy**

All school staff members are under obligation to report to the principal any and all incidents of assaults on students or school staff, or the possession or use of weapons by any person on school grounds or on school buses. Students reported under this policy will be subject to school discipline. Parents and police will be notified.

## **Playground Rules**

1. Any activity that is potentially harmful is **NOT** allowed on the playground, i.e., fighting, throwing of inappropriate objects, pulling clothes, tackling, going into the street or woods.
2. School teacher assistants are in charge of playground supervision. Permission must be obtained before leaving the playground areas.
3. Playground equipment is to be used in the manner for which it was designed.

All schools have expected standards of student behavior. The following range of consequences may be applied by the principal, depending upon the needs of the child, the nature of the offense, and the frequency of the occurrence:

1. Writing and implementing a corrective plan of action
2. Meeting with principal/teacher/parent/student
3. Time out in a designated area
4. Loss of recess privilege
5. Remaining beyond a regular school day
6. Restoring defaced property
7. Referral to the Response to Intervention Team
8. Suspension

Parent involvement is welcome at any time in this process.

## **NORTH KINGSTOWN SCHOOL DEPARTMENT Code of Behavior on School Buses**

3. Take your seat promptly upon entering the bus and remain in it until you arrive at your destination.
4. Keep your lunch boxes, books, athletic equipment, backpacks, and musical instruments out of the aisle.
5. Avoid loud, boisterous talk and other noises or actions that might distract the driver.
6. Assist in keeping the bus clean by keeping your waste paper off the floor.
7. Conduct yourself on the bus as you would in school, as the bus is an extension of the school day.
8. Leave the bus promptly and in an orderly manner.
9. Cross the highway at least 10 feet in front of the school bus.
10. Be respectful to your bus driver and monitor. They have an important job to do and need your help.

## **DO NOT**

1. Stand or play in the roadway while waiting for the bus.
2. Push or shove on entering or leaving the bus.
3. Project your hands, arms, or other parts of your body from the bus.

5. Eat or drink on the bus.
6. Enter into conversation with the bus driver while the bus is in motion, except to report an emergency.
7. Smoke or light matches on the bus or at the bus stop.

11. Bring younger children from home on the bus.

**Except in the event of an emergency, students are not allowed to ride on buses other than the one that they are regularly assigned to, and must use their assigned stop. Parents are responsible for providing personal transportation to after-school destinations such as playdates, etc.**

For safety reasons, large items that cannot safely be held on one's lap may not be brought on the bus. Large items cannot be safely secured in empty seats and may become missile hazards in the event the bus stops short, or is involved in an accident. The bus driver has the authority to prevent unsafe items from being brought on the bus.

Parents/guardians of students damaging school buses will be responsible for proper reimbursement to the North Kingstown School Department.

## **HOMEWORK POLICY**

### **PURPOSE:**

To establish guidelines to aid and assist teachers and principals in formulating and carrying out sound procedures and the fulfillment of expectations for assigning homework to students.

### **PHILOSOPHY:**

The School Committee believes that homework should be an integral and important part of each student's experience in the North Kingstown Schools and as

such, teachers shall incorporate meaningful and quality homework as a regular practice. The fulfillment of this philosophy carries the expectation that parents must be knowledgeable of this policy and aware of homework expectations and assignments.

## **HOMEWORK DEFINED:**

1. Homework provides teachers with an additional means to monitor student understanding and progress.
2. Homework should include a variety of assignments, both long and short-term, as well as reading.
3. Homework assignments should increase gradually in difficulty and frequency throughout the grades and should be assigned in accord with the stipulations of this policy and the guidelines of the accompanying administrative directive.
4. Homework should be directly related to the particular subject of assignment and be in keeping with the daily activities of each specific classroom and its related subject matter.
5. Homework should be considered as an extension of and reinforcement to classroom activities and is to be done on the student's own time. This means required work is expected to be done at home, or otherwise outside the regular classroom environment.
6. Homework assignments should be designed to be consistent with the district's adopted philosophy of education, and accordingly serve to:
  - a. improve student achievement
  - b. develop good study/work habits and a sense of responsibility
  - c. practice and reinforce skills, without unnecessary repetition
  - d. promote more productive use of in-class time
  - e. reinforce work done in schools by extending learning
  - f. foster student initiative and independence
  - g. prepare for upcoming lessons
7. Homework should be assigned in such a manner as to give appropriate recognition to similar considerations by other teachers to which a student is assigned, and should assure that homework overload does not interfere with reasonable expenditure of a student's non-school time.
8. Interaction among students, parents, teachers, and administrators is important to the success of this policy. Parents shall be appropriately and periodically informed of homework expectations and assignments.

Teachers are not required to provide homework assignments to students taking vacations while school is in session.

## Observance of Religious Holidays

The staff of the elementary schools, to the extent practical, will assign no new work or testing; neither will any unique school event be scheduled for Good Friday, the evening prior to and the days of Rosh Hashanah and Yom Kippur.

## School Visitations

Visitors are always welcome in the elementary schools. When visiting, we ask your cooperation in the following ways:

1. Arrange for visitation in advance by a note or telephone call.
2. Visitors can only enter the building through the main door.
3. For the protection of our students, all visitors are required to stop at the school office, wear a visitor badge, and sign in and out.
4. Please do not disturb the teachers and students in an instructional situation. Unless arranged beforehand, discussions with the teacher should be deferred to parent-teacher conferences.

**Please note that in order to enhance school security, surveillance cameras are being used at all school entrances. Personal privacy is limited in those locations. Images from the camera may be used in disciplinary proceedings and matters captured by the camera may be referred to local law enforcement as appropriate.**

No child shall enter school unless properly immunized. Proof of immunization must be presented prior to enrollment.

### Medication in School

No elementary student will be allowed to transport or self carry any medications. Any over the counter or prescription medicines must be brought to the school by the parent or guardian and handed to the school nurse.

### Illness or Injury at School

You will be called to transport your child if it is necessary for him/her to go home from school. School personnel are not permitted to transport children in their private vehicles.

### Emergency Cards

Before school starts we ask that you update your child's emergency card information through the ASPEN portal. The card is very important as it tells us the person to contact in case of injury or illness to a child. **No child will be released to anyone not listed on the emergency card. Please immediately update any changes to the card in the ASPEN system.**

## SAFETY TIPS

***Instruct your child early in the school year as to where he/she should go if you are not at home when he/she returns from school. It is imperative that you have a concrete plan set with your child as to where he/she is to go and what your child should do in this situation.***

## **ENCOURAGE SAFETY BY –**

- Teaching your child to be alert to the possible dangers concerning bicycles, cars, strangers, etc.
- Reminding your child of the necessity of proceeding directly to school and going directly home
- Teaching your child to cross streets only at crosswalks
- Encouraging your child to learn and use the rules for school bus drivers
- Always labeling clothing on the inside as opposed to the outside to avoid strangers seeing your child's name
- Reminding your child to use playground equipment as it was designed and as directed by school personnel.

## **Child Abuse**

All teachers and school personnel are required by Rhode Island State Law to report any suspicion of child abuse or neglect.

**CYBER-BULLYING** means bullying through the use of technology or any electronic communication, which shall include, but not be limited to, any transfer of signs, signals, writing, images, sounds, data, texting or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, Internet communications, instant messages or facsimile communications.
